M Y S T E R Y O F AMERICA: BOOK 1 - ENIGMATIC MYSTERIES AND ANOMALOUS ARTIFACTS OF NORTH AMERICA: A CONNECTION TO THE ANCIENT PAST, with Tédd St. Rain. Mysterious and often inexplicable remnants of civilization's history fascinate scientists and archaeologists. People travel worldwide to visit such sites, yet some of the most enigmatic artifacts and structures have been found right here in North America. Unfortunately, because these records do not fit within accepted academic models of human history, they remain unexplained mysteries, and most people never hear of them. Long before any humans were supposed to be on this continent, unknown hands removed millions of pounds of copper from mines near Lake Superior. Giant people as tall as 12 feet were buried in Arizona, Nevada and the Midwest. A three-foot-high adult mummy was discovered in Wyoming. A "hinged silver bell" with indecipherable writing was blasted from 15 feet below the ground in Massachusetts. A human-like tooth, three times normal size, was found in coal from a Montana mine. Sandaled feet made footprints in rock at least 300 million years old in Utah. According to modern wisdom, humans evolved on Earth no earlier than two million years ago. Yet many of these artifacts were made or recorded long before then. How can this be? Could any of these anomalies have been the result of an advanced civilization once present on our planet? This book presents the evidence that there have been intelligent beings on earth long before humans are thought to have evolved here. Explore these intriguing possibilities and more in this exciting and informative investigation into the mysteries and anomalous artifacts of North America. Tédd St. Rain, author, lecturer, and videographer, he has traveled the world extensively investigating the world's ancient mysteries and enigmas, actively researching the mysterious, the metaphysical and the mythical. Born in Long Beach, California, Tédd is the owner of Lost Arts Media that publishes, markets and distributes fascinating and educational books, videos and multimedia products to help inform, enlighten and inspire humanity. **LA-999 • ISBN 1-59016-999-9 • 107 pages • 6 x 9 • trade paper • heavily illustrated • Large Print Edition • GB £8.95 • US \$12.95**

THE OCTOPUS: THE DEATH OF DANNY CASOLARO, INSLAW AND THE P.R.O.M.I.S. SOFTWARE SCANDAL, with Kenn Thomas. Kenn Thomas is a para-political researcher who publishes a quarterly zine called Steamshovel Press, www.steamshovelpress.com In this presentation he discusses the research of Danny Casolaro, the writer who died in Martinsburg, West Virginia while investigating an intelligence cabal called "The Octopus." The tentacles of the Octopus reach out from Casolaro's research to today's headlines. Resignations from the current Bush administration involve personalities and parapolitical history that Casolaro was the first to expose. Join Kenn Thomas as he reviews this history. The Inslaw/PROMIS scandal started in the early 1980s, when the Department of Justice signed a \$10 million contract with a company called Inslaw, that developed specialized tracking software. Inslaw provided the software, called P.R.O.M.I.S., but the government refused to pay the contract, forcing the company into bankruptcy court. The judge ruled against the government, but through appeals it was never held accountable. Instead, profits from PROMIS paid off the Ayatollah Khomeini in the infamous "October Surprise" manipulation of the 1980 presidential election. This set a pattern of trading with the enemy that continued through the Iran-Contra scandal; the build up of Saddam Hussein and the al-Qaeda (as the mujahadeen); and continues to this day with the Bush / Bin Laden / Saudi axis. They all involve the same players and the same parapolitical dynamic that

Casolaro warned the world about before he, too, fell victim to the Octopus. In the back-drop: murders and apparent suicides among the Cabazon tribe members in California; the infamous private security/surveillance bureaucracy Wackenhut; the government modified P.R.O.M.I.S., sold illegally to unsuspecting governments and intelligence agencies worldwide with a secretly installed "back door" to allow spying on those same agencies, and now enabling the notorious ECHELON satellite system. Another example are the PROMIS-like "spyware" worms and viruses that infiltrate the internet. It is a story that just will not go away. Even the courts concluded that through "trickery, deceit and fraud" the US "took, converted, stole" PROMIS through a series of "willful, wanton and deceitful acts" – a description that magnified to assassinations, wars and corruption on a global scale. PROMIS: know about it. It surely knows about you. **LA-020A • UPC 8 82917 00204 5 • 115 min • Audio Tape • \$14.95 +++ LA-020C • UPC 8 82917 00202 1 • 115 min • Audio CD • \$16.95 +++ LA-020V • UPC 8 82917 00203 8 • 115 min • VHS Video • \$24.95 +++ LA-020D • UPC 8 82917 00209 0 • 115 min • DVD Disk • \$24.95**

THE STORY OF WILHELM REICH: ORGONE ENERGY, CLOUD-BUSTING AND UFOS, with Kenn Thomas. Kenn Thomas is a para-political researcher who publishes a quarterly zine called Steamshovel Press, www.steamshovelpress.com In this presentation Kenn discusses the life of the famed Austrian psychiatrist and biophysicist Wilhelm Reich. Reich studied under Sigmund Freud, quit the Communist Party, escaped the Nazis and later investigated UFOs in Eisenhower's America. In such books as "The Mass Psychology of Fascism," "The Function of the Orgasm" and "Contact With Space," Reich dealt with the physiological basis of human psychology and emotions. This led him to discover an etheric energy he called Orgone. Reich believed that orgone energized human beings and permeated the atmosphere. In February 1954, the FDA issued a complaint for an injunction against Reich, charging that he had violated the Food, Drug, and Cosmetic Act by delivering misbranded and adulterated devices in interstate commerce and by making false and misleading claims. The FDA called the accumulators a sham and orgone-energy nonexistent. A judge issued an injunction that ordered all accumulators rented or owned by Reich and those working with him destroyed and all labeling referring to orgone-energy destroyed. It should be noted that the FDA never proved its claims against Reich's discoveries but the courts sanctioned penalties against Reich and the Wilhelm Reich Foundation anyway and ordered the burning of some of his published material that the courts considered medical device labeling. Two years later, Wilhelm Reich was in jail for contempt of the injunction, the conviction based on the actions of an associate who did not obey the injunction and still possessed an accumulator. On November 3, 1957, Wilhelm Reich died in his jail cell of a heart failure. His personal effects and writings while at jail were never released to his family. The injunction only applied to Wilhelm Reich and his Foundation and the courts clearly stated that they did not prevent others from using or making orgone devices. There has been no legal action by the courts against

Reich's work since the trial. Join Steamshovel's Kenn Thomas as he recounts the controversial life and career of this historic figure in psychology, parapolitics, biophysics and ufology. **LA-021A • UPC 8 82917 00214 4 • 58 min • Audio Tape • \$12.95 +++ LA-021C • UPC 8 82917 00212 0 • 58 min • Audio CD • \$14.95 +++ LA-021V • UPC 8 82917 00213 7 • 58 min • VHS Video • \$19.95 +++ LA-021D • UPC 8 82917 00219 9 • 58 min • DVD Disk • \$19.95**

CROP CIRCLES, CHURCHES AND SACRED SITES: THE ENERGY CONNECTION, with Freddy Silva. Freddy Silva first got involved with crop circles in 1996 while working in Chicago as a graphic designer and advertising professional. The evening news showed an image of a circle in the East Field of Alton Barnes in England. This was the beginning of Silva's quest to understand the phenomenon. He says that the choice of Britain as the prime location for crop circles "suggests a well-orchestrated plan. They reference sacred sites in a country brimming with ancient markers, where such sites are still honored, where the study of esoteric knowledge still survives." In terms of why these crop circles come to our attention now, Silva suggests "several factors" that "mark our time as more favorable for an interaction between our dimension and others." In this detailed slide presentation, Silva explores the relationship between the appearance of crop circles on ancient sacred sites, and the unusual energy signatures surrounding the designs. This exciting lecture shows that crop circles contain energetic properties that are altering the chromosomes of plants, affecting the water we consume and may even be affecting the cycles of the human body. **LA-035A • UPC 8 82917 00354 7 • 120 min • Audio Tape • \$14.95 +++ LA-035C • UPC 8 82917 00352 3 • 120 min • Audio CD • \$16.95 +++ LA-035V • UPC 8 82917 00353 0 • 120 min • VHS Video • \$24.95 +++ LA-035D • UPC 8 82917 00359 2 • 120 min • DVD Disk • \$24.95**

Currently Stan is working on a Tesla-based energy system, several propulsion projects and is a public lecturer on world events, including: The coming global economic collapse / Developing solar-related crises in the Earth's climate / The "UFO Deception and its real intent / Suppression of badly needed technologies / The coming destruction of America by civil war followed by foreign invasion / High voltage physics of cheaper energy / The New World Order from the perspective of a former FBI 'spy.'" Patrick Heron has a B.Sc. and M.A. in Business Studies from Trinity College, Dublin and a Bachelor of Theology degree from The College of Biblical Research, Rome City, Indiana. He owns and runs his own company in Dublin, Ireland, where he lives with his family. He became interested in bible prophecy concerning the "end times" about 1996. His first book Apocalypse Soon was published and became a bestseller in Ireland. It entered the Irish bestsellers list after an interview with Gareth O'Callaghan, on RTE radio, who said he "read it in one sitting and was gripped." Another book Apocalypse 2000 was also a success. There has recently been amazing interest to-date in this new book The

Nephilim and the Pyramid of the Apocalypse, published by Xulon Press, which Patrick believes is the FIRST EVER book proving overwhelmingly who built the pyramids and why. BIBLICAL UFOLOGY TO-DATE, with Guy Malone. Since moving to Roswell New Mexico in 1999, author / experimenter Guy Malone has made great strides in getting many Christians to study the reality of the UFO / Abduction phenomenon, as well as getting many non-Christians to consider that the Bible contains relevant information about it's source. In 2000, he founded Alien Resistance HQ, a non-profit bookstore which offers Roswell's tourists and interested parties books containing orthodox Biblical perspectives on UFOs and abductions, but not generally found in Christian or UFO-themed bookstores. His Ancient of Days conferences have brought together credentialed researchers, speakers and attendees of diverse and even opposing backgrounds, to successfully encourage theological inquiry into its nature, and to allow interaction and discussion amongst people of varying points of view to learn from one another in an amiable environment. WHAT IS IN THE BASEMENT OF THE "SECRET EMPIRE"? with **Richard Sauder** - When Dr. Sauder was first told late one night in 1992 that "the underground bases are real" he didn't take the assertion on faith — he immediately began an exhaustive search of every document collection and database that he could openly access to try to find out the truth behind that statement. As a consequence of his findings he can conclusively report that there is no longer any doubt — the secret underground bases *are* real. But what is happening down there? What's going on underground, and *undersea*? Information keeps surfacing that strongly points to the reality not only of clandestine underground bases, but also of clandestine undersea bases. UFO lore is peppered with accounts of facilities jointly run by terrestrial humans and "others" — whoever or whatever those "others" might ultimately prove to be. What is the truth of these stories? What is the clandestine "un-public" policy that is being concealed from the public? Dr. Sauder jumps straight into the documentary evidence and uncovers little-known, declassified memos going back to the Kennedy and Johnson administrations in the 1960s, and even rare memos from Project Paperclip in the 1940s! Also, new material from Larry Warren, the famous experiencer who co-authored the book, *Left At East Gate*, with Peter Robbins, that sheds new light on the incredible Bentwaters-Woodbridge UFO incident in the U.K. And new information from Nazi Germany — how much technology filtered across the Atlantic from Nazi Germany to the USA after WW-II? We know about Wernher von Braun and his NASA rocketeers, but what about other Nazi scientists and specialists? The paper trail

holds definite thought-provoking surprises. **Xcon-742D • UPC 8 82917 07429 5 • 83 min • DVD Disk • \$24.95**

WHAT LIES UNDER THE NATION'S CAPITAL? with **Richard Sauder, Ph.D.** The ancient catacombs and Metro trains of Paris are world famous. The sprawling, tangled, complex New York subway system is equally famous. Who hasn't heard of the London Tube and the escalators that go down, down, down — improbably deep underground? So what lies under Washington, DC? You might be surprised! And we will go "way down beneath the Moonless Mountains" with the amazing illustrations of the peerless Walter Koerschner, who was commissioned by the U.S. Navy back in the 1960s to render original, artistic illustrations for the Navy's planned "Rock-Site", deep undersea bases. If time permits, Dr. Sauder will open the floor for a few questions on the mysterious topic of clandestine underground and undersea bases and tunnels. It is impossible to cover every aspect of these covert projects in two short presentations, so this will be an opportunity for the audience to elicit information not covered in either of the talks. **Xcon-743D • UPC 8 82917 07439 4 • 64 min • DVD Disk • \$24.95**

THE EXTRATERRESTRIAL PRIME DIRECTIVE AND THE NEW PHYSICS: MACCABEE AND DEARDORFF TALK EXOPOLITICS, with **Bruce Maccabee, Ph.D. and James Deardorff, Ph.D.** After 57 years of sightings, not to mention abduction reports, crop-circle formations and related phenomena, we should know something definite about an apparent extraterrestrial strategy of dealing with us. In our Journal of the British Interplanetary Society (JBIS) paper we do delve into this topic, noting that it can be no accident that after hundreds of thousands of appearances to UFO witnesses, science in general has not caught on to the reality of the phenomenon. In a substantial fraction of UFO events the factuality of the event is known with 100% certainty by the witnesses. How can these UFO aliens do this over and over again without yet ever having caused an abrupt rupture to the UFO coverup? Dr. Deardorff's talk will give answers to such questions, and also address the related issue of the ethical level of the aliens in charge. The ever recurring question of why Earth has seemingly not been visited by extraterrestrials (ETs) has received considerable discussion under the topic of 'Fermi's paradox'. The problem originated as a quip by Enrico Fermi to colleagues in Los Alamos over lunch one day in 1950. Whether one assumes the existence of only one other civilization or of many alien civilizations in our Milky Way galaxy, and whether one assumes colonization involving interstellar travel at near-light speed or far below, diffusion modeling predicts colonization or at least visitation of all habitable planets in the galaxy. We thus find ourselves in the curious position that current cosmological theory predicts that we should be experiencing extraterrestrial visitation. At the same time, current physics and astrophysics suggest that such visitation may not be as impossible as had been thought. **Xcon-744D • UPC 8 82917 07449 3 • 59 min • DVD Disk • \$19.95**

65 YEARS OF RESEARCH INTO THE UFO PHENOMENON, with **Bruce Maccabee, Ph.D. and James Deardorff, Ph.D.** Between them, Bruce and James have 6 and a half decades of research into extraterrestrial-related phenomena. Theirs is an

extraordinary body of work. This was a rare opportunity for the audience to ask questions on any aspect of their research, including the "Inflation" paper and Dr. Deardorff's fascinating and controversial biblical research triggered by elements within the Billy Meier case. **Xcon-745D • UPC 8 82917 07459 2 • 50 min • DVD Disk • \$19.95**

COVERT INTELLIGENCE INVOLVEMENT IN SURVEILLANCE OF EXTRATERRESTRIAL CONTACT WITNESSES, with **Melinda Leslie.** Is the U.S. government's *real* position on the extraterrestrial presence impacting the alien abduction phenomenon? Must exopolitics, with all its implications, take the abduction phenomenon into consideration? And, could abductions have played an integral part in the structuring of the government imposed truth embargo? She will outline how the military-industrial pursuit of developing extraterrestrial technologies, in combination with the hardware, economic, and political gains that would be derived from such a pursuit, has resulted in making alien abductions a matter of national security, providing immense insight into at least one reason why disclosure has not been forthcoming. Melinda contends that it would be a complete "dereliction of duty" if the national security apparatus were not monitoring the abduction phenomenon given the sheer number of people with experiences world-wide, the totality of evidence for abductions, the technology that's to be gained, and implications derived from the covert nature of abduction. She adds that this monitoring of abductees by covert intelligence/paramilitary agencies may be the strongest evidence for the very reality of alien abduction experiences. She will share abductees' experiences including; threats made, confrontations, black helicopters, illegal break-ins, mind control, "re-abductions" by covert human personnel, interrogations and much more. Also the evidence for the involvement, such as extensive corroborating experienter testimony, multiple forms of physical evidence, eyewitnesses, the accounts of military insiders, and many forms of surveillance. She will also examine the work of the leading abduction researchers regarding this subject. Melinda will explain that these agencies are involved for many reasons, but predominately out of a quest to back engineer technologies that operate on paranormal functioning (psi), the pursuit of which may not only be behind the government's suppression of the UFO subject, but the suppression of the dormant human potential as well. **Xcon-746D • UPC 8 82917 07469 1 • 70 min • DVD Disk • \$24.95**

COVERT INTELLIGENCE MONTITORING OF EXTRATERRESTRIAL CONTACT WITNESSES: THE EXPERIENCES AND EXOPOLITICAL IMPLICATIONS, with **Melinda Leslie.** We will take a further in-depth exploration into two key points from Friday's lecture: First will be the experiences as shared by the many abductees Melinda has interviewed, with new data and pictures not previously included (please see Track I Lecture), and Secondly, the exopolitical implications posed by her research into these experiences. The greater political implications were recently addressed in a new article written by researcher Randy Kopang, wherein he interviewed Melinda and articulated the growing importance of her research in regards to understanding why there remains an official policy of non-disclosure. Melinda will read

and discuss this article, which she feels "nails it on the head" as the most comprehensive view given of the greater political significance of covert involvement experiences. After which, she will open it up to the attendees for participation, encouraging your questions, input, and analysis in what is sure to be a lively discussion. Copies of the article will be provided for free to all Workshop attendees and available for purchase at Melinda's exhibit hall table. **Xcon-747D • UPC 8 82917 07479 0 • 62 min • DVD Disk • \$19.95**

HOLLYWOOD AND EXOPOLITICS: HUMAN / ALIEN RELATIONS IN THE MOVIES VS. THE NEW EMERGING REALITY, with Paul Davids. In co-writing and producing the film *ROSWELL*, Davids took a serious look at what UFO researchers now feel they can prove (in spite of the endless stream of mindless and contradictory official denials) was the first, or one of the first cases of modern human alien contact, including an alien survivor in military custody. We'll look at and listen to a few of the latest proofs, including the startling 2005 confession of former Air Force Special Agent Richard Doty and a stream of original documents that have surfaced. In this presentation, Davids shows precisely how Hollywood has anticipated all of the trends and facets of the new emerging reality of actual human/alien contact. Hollywood never argues with commercial success. Nine of the fifty top grossing films of all time have featured aliens. But even the old smaller classics were ahead of the curve of modern ufology, introducing concepts as various as flying saucers, alien abduction, implants, missing time, underground alien bases, advanced alien technology, crashed UFO's, alien invaders, a military UFO coverup and the vulnerability of the human race to space invaders. Accident or design? Hear it — and see it — from Paul Davids, who not only produced *ROSWELL* but handled production of 90 original *TRANSFORMERS* episodes and wrote six of the *STAR WARS* sequel novels for Lucasfilm. **Xcon-748D • UPC 8 82917 07489 9 • 91 min • DVD Disk • \$24.95**

THE BRAVE NEW WORLD OF MODERN MEDIA: HOW THE RULES HAVE CHANGED IN HOLLYWOOD, with Paul Davids. Whether your goal is to make films and TV shows to continue the trend toward official UFO disclosure, or whether you want to create the big budget fiction films of the future, you'll find something to learn from Paul Davids, who wants to tell it like it is, direct from Hollywood. All the tried and tested rules have been overturned. The media world that once existed, when the independent producer could create films with little or no studio interference and get them nationally distributed, has almost disappeared. The stranglehold of network control over every controversial TV documentary has loosened but still won't surrender its grip. This is the era of the franchise, the conglomerates, the sequel, the mini-series, fiction movies "based on a real story," TV series that market beliefs in conspiracies and government cover-ups, big film festivals that make or break new independent films, advertising campaigns that cost more than the films they promote, and paychecks that come from accountants in India two months late. It's also the era of the death of reading and the death of celluloid. High definition video, digital projection, movies on demand from satellite transmission, TIVO, DVD's, digital editing that can

be accomplished on home computers, and E-books are creating a new world of information and commerce. Producer / Writer / Director Paul Davids offers his suggestions, insight and anecdotes from personal experience as a producer of *THE TRANSFORMERS*, *ROSWELL* and the upcoming *FATE: THE TV SERIES*. He will be happy to provide a few answers to future Steven Spielbergs in the audience about how you can navigate the Brave New World of Modern Media. **Xcon-749D • UPC 8 82917 07499 8 • 60 min • DVD Disk • \$19.95**

SEEN FROM ABOVE: MILITARY AND AIRLINE PILOTS' EXPERIENCES WITH UFO PHENOMENON, with Commander Graham Bethune, David Coote, Jim Courant, Don Daniels and Robert Durant. One of the most trusted segments of our society are the civilian pilots who transport millions of Americans safely every year and the military pilots who defend the country. In the early years they reported many sightings, and such reports were eventually suppressed and discouraged. Some pilots began researching the issues, many have learned much over the years and all have risked some personal discomfort by seeking the truth of these matters. After civilian and military pilots were strongly discouraged from publicly reporting unusual sightings, thousands of pilot reports were collected over many years by Dr. Richard Haines. This database now forms one of the most important evidence compilations for the ETH in the world. Stephen Bassett will moderate a panel of five senior pilots who have engaged the most important issue of our time. **Xcon-751D • UPC 8 82917 07519 3 • 71 min • DVD Disk • \$24.95**

SEEN FROM ABOVE PILOTS PANEL WORKSHOP, with Commandfer Graham Bethune, David Coote, Jim Courant, Don Daniels and Robert Durant. One of the most trusted segments of our society are the civilian pilots who transport millions of Americans safely every year and the military pilots who defend the country. In the early years they reported many sightings, and such reports were eventually suppressed and discouraged. Some pilots began researching the issues, many have learned much over the years and all have risked some personal discomfort by seeking the truth of these matters. After civilian and military pilots were strongly discouraged from publicly reporting unusual sightings, thousands of pilot reports were collected over many years by Dr. Richard Haines. This database now forms one of the most important evidence compilations for the ETH in the world. Stephen Bassett will moderate a panel of five senior pilots who have engaged the most important issue of our time. **Xcon-752D • UPC 8 82917 07529 2 • 65 min • DVD Disk • \$24.95**

HOW UFO SECRECY HAS DAMAGED AMERICAN SOCIETY AND POLITICS, with Richard Dolan. Whatever UFOs actually are (whether aliens, or classified military technology, or something else), most people realize that secrecy surrounds the topic. Richard Dolan, author of *UFOs and the National Security State*, argues that this secrecy has been fatal to America's concept of "government of the people, by the people, and for the people." After discussing how UFO secrecy has been one of the major unacknowledged problems of our time, he questions whether or not the U.S. political system could survive a truly open disclosure of UFOs. Dolan has published numerous arti-

cles on anomalous phenomena, science, and the intelligence community for *UFO Magazine*. In 2003, he helped to found *Phenomena*, a magazine dedicated to leading edge issues pertaining to science and society, and for which he continues to serve as Senior Editor and regular contributor. Dolan has been appeared many times on television documentaries and radio programs on the theme of UFOs and government disclosure. He has been a featured speaker at numerous conferences. Richard Dolan also continues to research and write volume two of *UFOs and the National Security State*. OURS OR THEIRS? A BASIC QUESTION ABOUT UFOS, with Richard Dolan. Who or what is operating these UFOs? This is an old question that continues to evade an easy answer. Can a case be made that these are purely human technology? What about non-human technology? If non-human, could it be more than one type, and if so, what is the evidence? Have deep-black human groups been working with aliens, or at least testing their technology? Richard Dolan, author of *UFOs and the National Security State*, discusses these and other related issues. **Xcon-754D • UPC 8 82917 07549 0 • 77 min • DVD Disk • \$24.95**

WILLIAM JEFFERSON CLINTON, JAMES EARL CARTER, JR. AND THE POLITICS OF DISCLOSURE, with Grant Cameron. Grant Cameron and Stephen Bassett are co-authors of a manuscript with the working title, *U.S. Presidents and the Politics of Disclosure*. That manuscript is 450 pages in length with 550 footnotes. A book proposal was presented to three dozen publishers by a top New York literary agent. The typical response: "Great proposal, but we couldn't do this book." Translation: "It's too controversial". Grant Cameron is going to go into the most controversial aspects of this book in waiting. SEEING "WAS" BELIEVING: THE MAKING OF A RESEARCHER/ACTIVIST, with Lyne D. Kitei, M.D. During the evening of March 13, 1997, thousands of Arizona residents witnessed a silent mile-long, v-shaped formation of lights and/or craft slowly gliding overhead. The unexplained sightings garnered headline news, catching the attention of *USA Today*, *EXTRA*, national morning TV shows, and the *Evening News* with Tom Brokaw and Dan Rather. One person, however, was not surprised by the appearance of the lights. Lyne D. Kitei, M.D. was simply grateful that a phenomenon she'd been witnessing — and documenting — for months was being validated by the experience of thousands of people statewide. After the incident, Dr. Kitei preferred to stay in the background, anonymously feeding information and video clips to the many news organizations who wanted in on the story. Now, for the first time, Dr. Kitei comes forward to tell her own story. *The Phoenix Lights* is a meticulously researched look at the phenomenon, including astonishing photographs and Kitei's own take on the wider implications of this remarkable event. **Xcon-756D • UPC 8 82917 07569 8 • 44 min • DVD Disk • \$19.95**

Extensive and extraordinary new footage. Jaime Maussan was born in 1953 in Mexico City. After one year at the National Autonomous University of Mexico (1972-73) he attended Miami University (Ohio) and graduated with a B.A. in Radio and Television. During his college years, he was Midwest Correspondent and sports reporter for Televisa (Mexico). His present occupation is Investigative Journalist/Anchorman and General Producer of the TV show "Tercer Milenio" that is broadcast via the Televisa Network to all Latin American countries, Europe, the United States and also through the Sky Satellite System. In 1996, he was producer of the feature radio program "Jaime Maussan, UFOs and Other Mysteries" transmitted through XEW Radio and the RASA Network, which became one of the most popular radio programs in Mexico. Jaime has earned many awards for his films, radio and television shows both in North America and Europe. He received the National Journalism Award from the Journalists Club of Mexico in 1983, 1987 and 1993. He was presented the "AMPRYT" award for the TV program "60 Minutos" in 1990-91-92. THE RELIGIOUS IMPLICATIONS OF EXTRATERRESTRIAL-RELATED PHENOMENA: MONSIGNOR CORRADO BALDUCCI SPEAKS IN AMERICA, with Monsignor Corrado Balducci. The intersection of the world's great religions with extraterrestrial-related phenomena and the disclosure process is of enormous exopolitical consequence. PRG is pleased and honored that Monsignor Corrado Balducci will come to the United States for the first time since 1968 and give the Keynote Address at the X-Conference. Monsignor Balducci, now retired, is the highest ranking Catholic official to publicly speak to the issue of an extraterrestrial presence engaging the human race. His comments arose from his personal research and did not represent an official position of the Holy See. Nevertheless, they drew much interest and debate worldwide. This will mark the first time Monsignor Balducci has spoken of these matters in the United States. **Xcon-759D • UPC 8 82917 07599 6 • 177 min • DVD Disk • \$29.95**

EXOPOLITICS: POLITICS, GOVERNMENT AND LAW IN THE UNIVERSE, with Alfred L. Webre, J.D. "Exopolitics" is the evolution of Alfred Lambremont Webre's groundbreaking work as a futurist at the Stanford Research Institute, where in 1977 he directed a proposed extraterrestrial communication study project for the Carter White House. Exopolitics may turn the dominant view of our Universe upside down. Exopolitics reveals that we live on an isolated planet in the midst of a populated, evolving, and highly organized inter-planetary, intergalactic, and multi-dimensional Universe society. Exopolitics explores why Earth seems to have been quarantined for eons from a more evolved Universe society. Exopolitics suggests specific steps - a Decade of

Contact and a Star Dreams Initiative (SDI) to end our isolation, by reaching out to the technologically and spiritually advanced civilizations that are engaging our world at this unique time in human history. A growing number of mainstream scientists are concluding that civilization - as we know it - may be extinct by the end of this century because of probable ecological catastrophes caused by climate change, nuclear war or earth changes. To survive, we must transform the permanent warfare economy into a sustainable, cooperative Space Age society, release our addiction to fossil fuels, and move toward new, clean, renewable energy sources. An exopolitical approach to these challenges may well provide us with ecologically sound, life-saving solutions - a legacy of hope for our children and all future human generations. **Xcon-760D • UPC 8 82917 07609 1 • 71 min • DVD Disk • \$24.95**

TAKING UFOLOGY OUT OF THE DARK AGES: THE EMERGENCE OF EXOPOLITICS AND THE NEED TO DEVELOP A PHILOSOPHY FOR EVENTUAL CONTACT, with Paola Harris. Paola Will discuss how all her research calls for "an exopolitical solution" to the UFO question. It is time to take the study of Ufology out of the dark ages! In the Advent of such films as War of the Worlds, we are currently in need of an enlightened strategy. If the new "alien agenda" is to go directly to the people, then how will the people act or better "react." That is why it is so important we weigh the exopolitical implications of this inevitable contact through examining the actual facts and testimony and past political policy. That will become more important than measuring the radiation level of the soil sample or the radar positioning of the object in our skies! Ironically, the UFO examined could be ours. It is time to determine our individual positions and our own individual philosophy of contact and then look at our role as a species. In the end we need to work out a philosophy of study that can be incorporated in our academia to educate our future generations so they do not re-invent the wheel but maybe re-interpret it. Also, to eliminate this regime of "fear", we may need to return to a more naive time where we acted out of respect to bring back the enthusiasm of the 50's days of space exploration and Sagan-like wide-eyed wonderment of the Universe. With a philosophy in place, the protocol must come next. Ex-airman Charles Hall, when confronted with the physical presence of the "Tall Whites" needed to decide whether to stand or run, whether to speak or shoot, whether he was sane or insane and whether he acting as an individual or part some established program. This is all protocol and any future contact will present us with these future dilemmas. **Xcon761D • UPC 8 82917 07619 0 • 85 min • DVD Disk • \$24.95**

THE UFO WHISTLEBLOWERS - EXPERT WITNESS TESTIMONY, with Paola Harris. In her book *Connecting the Dots*, Paola Harris presents twenty six disclosure interviews from "top level" people who discuss their personal involvement in the UFO Phenomena. These people are mostly military, intelligence and ex- NASA personnel. Beginning from the time of her involvement with CUFOS and Dr. J. Allen Hynek in 1979 to today, in a power point presentation, she will share with the audience what these three of these ex -military witnesses have shared with her and how this fits into the overall UFO Framework. She will

discuss Colonel Philip Corso, Clifford Stone and her current investigation of Charles Hall, perhaps the biggest story in Ufology today. In this presentation, Italian Journalist Paola Harris will show new "never before seen interviews" of these people, all part of the material she supplied to Notizario Ufo and Dossier Alieni. She will discuss the difference in Media coverage in Europe and America concerning the UFO Phenomena. She has long been the bridge that has brought great personages to speak in Europe. She is firmly committed to Exopolitics as a visionary social science to handle the future "formal" contact that may come about in our lifetime. These include, Colonel Philip Corso, Carlos Diaz, Dr. John Mack, Travis Walton, Linda Mouton Howe, Sgt. Major Robert Dean, Dr. Steven Greer amongst others. **Xcon-762D • UPC 8 82917 07629 9 • 50 min • DVD Disk • \$19.95**

OPERATION MAJESTIC TWELVE: THE CRASHES, THE REVERSE ENGINEERING AND THE COVER-UP, with Robert M. Wood, Ph.D. and Ryan Wood. The Majestic Documents that have been leaked since 1984 by multiple independent sources that tell the history of UFO crashes and subsequent military and government actions since as early as 1941. Three craft had been recovered during the FDR administration by 1942, and when the Roswell crashes occurred in 1947, the stage was set for Harry Truman to initiate the Top Secret Operation Majestic Twelve project to evaluate the wreckage and to try to improve our technology, medicine, and even our culture. Thousand of pages of "leaked" documents have been analyzed to assess the clues that suggest an aggressive "reverse engineering" effort to gain a military advantage for several years before letting the private corporations have access to the technology via a seamless process of invention seeding, patenting, and application to commercial enterprise. Specific examples previously revealed by other authors such as Corso will be evaluated from the viewpoint of "technology trail" for credibility. Fathoming a cover-up of these proportions seems impossible for many people, so we will specifically answer the key questions: "Why would the Government keep UFOs Secret?" Interestingly, half of the answer to this question is in the documents themselves. The other question, "How Could Such Secrecy Be Maintained?", is likewise dealt with in part by the documents, but other factors may transcend the simplistic "compartmentalization" and "threats" solutions. The subtleties of psychological warfare, honed to a fine pitch today, with the Peter Jennings ABC show offering the strongest false messages: "There were NO crashed UFOs" (anywhere) and "People are NOT being abducted!" Clearly, the idea that our technology of today is partly the result of reverse engineering captured alien craft is a huge secret that warrants deceiving the public on the recovered crashes and the serious difficulty of explaining the abduction activity, which may be heading towards the greatest of all reverse engineering achievements: reinventing the human race with an alien twist. **Xcon-763D • UPC 8 82917 07639 8 • 75 min • DVD Disk • \$24.95**

MAJESTIC TWELVE WORKSHOP: INTRODUCTION TO THE MAJESTIC TWELVE DOCUMENTS AND THEIR AUTHENTICITY, with Robert M. Wood, Ph.D. and Ryan Wood. This presentation examines the United States UFO program

called Majestic and the top secret government documents that tell the story of presidential and military action, authorization, and cover-up regarding UFOs and their alien occupants. Special attention will be paid to the forensic authentication issues of content, provenance, type, style and chronology. The story the documents tell leaves the reader with little doubt that the cover-up is real, shocking, and at times unethical. Operation Majestic-12 was established by special classified presidential order on September 24, 1947 at the recommendation of Secretary of Defense James Forrestal and Dr. Vannevar Bush, Chairman of the Joint Research and Development Board. The goal of the group was to exploit everything they could from recovered alien technology. The extraordinary recovery of fallen airborne objects in the state of New Mexico between July 4 and July 6, 1947 caused the Chief of Staff of the Army Air Force's Interplanetary Phenomena Unit, Scientific and Technical Branch, Counterintelligence Directorate to initiate a thorough investigation. The special unit was formed in 1942 in response to two crashes in the Los Angeles area in late February 1942. The draft summary report on one of the Majestic Documents begins "At 2332 MST, 3 July 47, radar stations in east Texas and White Sands Proving Ground, N.M. tracked two unidentified aircraft until they both dropped off radar. Two crash sites have been located close to the WSPG. Site LZ-1 was located at a ranch near Corona, Approx. 75 miles northwest of the town of Roswell. Site LZ-2 was located approx. 20 miles southeast of the town of Socorro, at latitude 33-40-31 and longitude 106-28-29". Even the most hardened skeptic, after reviewing the data presented and seeing copies of the original documents, will find it hard to deny the reality of military and government cover-up for over 50 years. All of the usual questions, which the thoughtful skeptical reader has, have either already been addressed or soon will be in our ongoing research. We welcome website visitors' comments, criticism, and support. **Xcon-764D • UPC 8 82917 07649 7 • 65 min • DVD Disk • \$24.95**

COULD CHRISTIANITY ACCOMMODATE A GENUINE EXTRATERRESTRIAL REALITY? with Michael S. Heiser, Ph.D. Part of the resistance to a formal disclosure of an ET reality concerns the presumed impact such an event would have on the world's religions. Over four decades ago the famous Brookings Report questioned the adaptability of conservative Christianity to handle such disclosure. There are many today who would agree that the assessment of Brookings is still valid. I believe that there would certainly be those in the conservative Christian camp who react negatively to disclosure, but I also believe many – even the majority – could adapt to disclosure relatively easily if they were educated as to the intellectually flimsy nature of the common theological objections to an extraterrestrial reality. This presentation outlines why today's conservative Christianity may object to an extraterrestrial reality, assesses those objections and fears in light of what the biblical text actually says and how Christian theology has addressed the issue in the past, and suggests how disclosure could be done with respect to this issue. **Xcon-765D • UPC 8 82917 07659 6 • 81 min • DVD Disk • \$24.95**

GOVERNMENT UFO LIES AND THE TRUTH BEHIND THEM, with Stanton Friedman. For almost 60 years the public has

been hearing about flying saucers and UFOs. Press coverage has ebbed and flowed, but polls have always shown a very high awareness score. Motion pictures, tabloids, and TV programs have picked up the slack with a mélange of fiction and some truth. Unfortunately, much of what we have been told by the "powers that be" has been false. Many different government agencies have shared in the misrepresentation and have provided outright lies as well. These include the FBI, the CIA, the NSA, United States Air Force, etc. The press and certain other academic and supposedly scientific groups such as SETI have often blindly accepted and promulgated nonsense without any effort to get at truth. Hopefully, the specific lies presented in this paper will cause these protectors of the public to do their job: seek and present truth. **Xcon-766D • UPC 8 82917 07669 5 • 60 min • DVD Disk • \$19.95**

THE TALL WHITES: ET EXPERIENCES IN THE NEVADA DESERT, with Charles James Hall - Charles Hall was a weather observer in the United States Air Force during the mid-sixties. He was stationed at Nellis Air Force Base and the Indian Springs gunnery ranges outside Las Vegas, followed by a year in Viet Nam. After the service, Charles married and earned a Masters degree in Nuclear Physics at San Diego State University. He also did post graduate work at the University of Maine at Bangor. Raising a family pushed memories of the terror and unprecedented experiences on the Indian Springs gunnery ranges into the background, but they couldn't be forgotten. Charles began work writing his memoirs for his children and grandchildren in his spare time. Eighteen years later, his wife Marie convinced him to publish what eventually became the *Millennial Hospitality* series of three books. Because of the nature of the material, it seemed prudent to change the names of friends and places to protect the privacy of others. The *Millennial Hospitality* series is an account of one man's experiences with extraterrestrials in the Nevada desert while in the service of the government. **Xcon-768D • UPC 8 82917 07689 3 • 86 min • DVD Disk • \$24.95**

AN EXOPOLITICAL ANALYSIS OF THE MOTIVATIONS AND ACTIVITIES OF THE EXTRATERRESTRIAL RACES INTERACTING WITH HUMANITY, with Michael Salla, Ph.D. There are an extensive number of extraterrestrial races that are claimed to be currently visiting Earth and/or interacting with humanity. The evidence for these different races come from a variety of sources, including 'whistleblowers', 'contactees', 'abductees' and 'remote viewers'. In a highly classified 1964 Nato document titled the 'Assessment', for example, Master Sergeant Robert Dean claims to have read NATO accounts of four extraterrestrial races interacting with humanity. Sergeant Clifford Stone, a retired US army veteran of 22 years who allegedly participated in covert operations to retrieve crashed extraterrestrial vehicles and extraterrestrial biological entities (EBE's), claims in 1998 that there are almost 60 extraterrestrial races known by the US military to be either visiting Earth or interacting with humanity. This presentation describes the extraterrestrial races most commonly referred to in the UFO/Exopolitical literature who have most strategic significance for the evolution and sovereignty of humanity. There is evidence that the most significant extraterrestrial races who are interacting with

humanity fall into two distinct groups. The first is a group of extraterrestrials that have become part of a military-industrial-extraterrestrial complex that while mainly associated with the US, is global in scope. The second group comprises extraterrestrials who have declined to be associated with the military-industrial-extraterrestrial complex. Understanding the motivations and activities of the most significant extraterrestrial races visiting Earth and/or interacting with humanity helps answer questions about appropriate policies to adopt in response to visiting extraterrestrials; and also helps private citizens respond adequately to the dilemma over which extraterrestrial races contribute to global problems confronting humanity, and which extraterrestrial races can be worked with for solutions to these problems. **Xcon-769D • UPC 8 82917 07699 2 • 64 min • DVD Disk • \$24.95**

DR. JAMES E. McDONALD'S FIGHT FOR UFO DISCLOSURE PANEL DISCUSSION, with Stephen Bassett, Stanton Friedman and Betsy McDonald. Dr. James E. McDonald was the most prestigious and most influential scientist who ever entered the UFO research field. He was the single scientist who made the most valuable contributions and the one who gave up more of his life for the cause of disclosure. This remarkable atmospheric physicist is becoming widely known in our field since the 2003 publication of *Firestorm? Dr. James E. McDonald's Fight for UFO Science*, and it is hoped that the field will return to his strictly scientific approach. Known previously only to veteran UFO researchers who knew and worked with him personally between 1958 and 1971 his contributions in our field were numerous, meaningful and complex, as were outlined, although necessarily briefly, in last year's talk. Now, specific examples of roadblocks from government and high scientific sources that were placed in his way during the unforgettable years he worked publicly with us will be detailed. It is essential the disclosure movement be aware of previously-hidden facts about the demise of NICAP (National Investigations Committee on Aerial Phenomena) which began during Jim's last two years with us. McDonald had chosen to work most closely with NICAP and its famous Director Major Donald E. Keyhoe (USMC Ret.) because he regarded NICAP as the most objective and scientifically-oriented civilian UFO research organization at that time. He and NICAP were making unprecedented strides toward government disclosure, including proof that Project Blue Book was merely a public relations scheme instead of a true government UFO study. Jim McDonald's prestigious scientific career in climatology and meteorology stands by itself. So also does his remarkable contributions to our UFO research field and his work for disclosure of what our government truly knows about this most mysterious phenomenon. **Xcon-770D • UPC 8 82917 07709 8 • 39 min • DVD Disk • \$14.95**

NASA'S DILEMMA: UFOS CAUGHT ON CAMERA, with David Sereda. David Sereda discusses his personal UFO sighting in Berkeley, CA in 1967, "When you see video and photographs, from the perspective of having seen a UFO with your own eyes, eyes that never lie, the photographs remind you of the truth that this is all real. But for the person who has never seen one with their eyes, they think perhaps this is all some kind of trickery." Always following the Astronauts on every Apollo mission,

David Sereda grew up with the love of space-flight. He has particularly followed closely the career of Astronaut Gordon Cooper, the legend with the "right stuff" who also happens to be the most outspoken on the matter of extraterrestrial-related phenomena. As far as Sereda is concerned, if Gordon Cooper says it's real, you can take that to the bank. In 1994, Martyn Stubbs, the Canadian UFO researcher, who archived hundreds of hours of live NASA missions, approached David to conduct a scientific investigation into anomalies with NASA video footage. He spent 6 years in private discussions with top NASA officials and scientists about these anomalies. In 2002, he released a book and 3-hour documentary film, *Evidence, the Case for NASA UFOs*. He will discuss the significance of UFO technology, the quest for a supraluminal propulsion system and becoming free of the bonds of planet earth! He will also talk about his upcoming documentary to be released by Lions Gate Films, *Dan Aykroyd, Unplugged on UFOs*. **Xcon-771D • UPC 8 82917 07719 7 • 73 min • DVD Disk • \$24.95**

THE MAN-IN-BLACK MOTIF: ARE M.I.B.S UFO FACT OR FICTION? with Susan Swiatek. Susan Swiatek was born in the nation's capital, but grew up near Denver, Colorado. Her wonder years were spent reading such books as "Strange Fires and Lights" and Charles Fort's collections of anomalies. When Betty and Barney Hill's "Interrupted Journey" exploded onto the scene in 1966 with a LOOK Magazine article, Susan was hooked on the UFO and abduction mystery. After much contemplation gazing up at the Western sky of a million stars, she had an epiphany. The story the Hill's were telling of alien visitors in a spaceship had a ring of truth to it. Even as a child, she sensed the serious nature of "flying saucers". In this presentation she discusses the Men in Black phenomenon associated with UFO sightings. The MIB motif has been with us from the beginning of the modern UFO era in 1947. But the tales we are familiar with from the 40's, 50's and 60's seem dated now. Are these shadowy figures still harassing UFO witnesses and abductees today? Who are they and what is their true nature? MEDIA VS. THE FLYING SAUCERS: A

HISTORY OF UNIDENTIFIED FLYING OBJECTS AS DEPICTED IN THE MEDIA, with Jim Hickman. Fact: The mass media is being used to condition the human race for its first contact with alien life. Our Government is manipulating us, and everything that we see and hear. Why is a question that is still open to debate. I will show in this report the strange way the media; especially TV has depicted the entire UFO scene. In January 1953 the Robertson panel concluded unanimously that there was no evidence of a direct threat to national security in the UFO sightings. Nor could the panel find any evidence that the objects sighted might be extraterrestrials. It did find that continued emphasis on UFO reporting might threaten "the orderly functioning" of the government by clogging the channels of communication with irrelevant reports and by inducing "hysterical mass behavior" harmful to constituted authority. The charge to the Robertson panel was to review the available evidence on UFOs and to consider the possible dangers of the phenomena to US national security. The Robertson Panel concluded that threat posed by UFOs to national security was psychological rather than physical. Conclusion: "Need more education of the public." Perhaps Hollywood's spotlight on the topic has done more to further the UFO craze than any other single thing. Obviously, there has been a constant stream of motion picture and television programming built around outer space, beings from other worlds, and space travel. Leading the way were movies like *Close Encounters*, *Alien*, and *Star Wars*, as well as the extremely popular television and movie series "Star Trek" and "The X Files." And of course the blockbuster, *ET: The Extra Terrestrial*. **AZTEC-377V • UPC 8 82917 03773 3 • 90 min • VHS Video • \$24.95 +++ AZTEC-377D • UPC 8 82917 03779 5 • 90 min • DVD Disk • \$24.95**

UFO CRASH RETRIEVALS: U.S. GOVERNMENT POLICY OF DENIAL IN THE INTEREST OF NATIONAL SECURITY, with Linda Moulton Howe. Aztec and Farmington, New Mexico, residents remember news in 1948 about a disc coming down in Hart Canyon near Aztec and a subsequent military operation there. Was the disc brought down by American radar microwaves or artillery? Emmy Award-winning TV producer, reporter and author, Linda Moulton Howe, presents newspapers, documents, eyewitness and researchers' testimonies which imply that even before 1948, American military tried to shoot down unidentified aerial discs between 1947 and at least 1952, with the consequence of retaliation by the disc intelligences. The loss of many pilots and planes - combined with the simultaneous discoveries of humanoid entities at disc crash sites and worldwide, bloodless animal mutilations linked to actions by "extraterrestrial biological entities" - allegedly convinced the Truman and Eisenhower Administrations that a strict policy of denial and misinformation about the ET presence would be enforced in the interest of national security. Linda Moulton Howe is a graduate of Stanford University with a Masters Degree in Communication. She has devoted her documentary film, television, radio, writing and reporting career to productions concerning science, medicine and the environment. Ms. Howe has received local, national and international awards, including three regional Emmys and a national Emmy nomination. Those films have included *Poison in the Wind*

and *A Sun Kissed Poison* which compared smog pollution in Los Angeles and Denver; *Fire In The Water* about hydrogen as an alternative energy source to fossil fuels; *A Radioactive Water* about uranium contamination of public drinking water in a Denver suburb; and *A Strange Harvest* which explored the worldwide animal mutilation mystery that has haunted the United States and other countries since the late 1950's and continues to date. Another film, *A Prairie Dawn*, focused on astronaut training in Denver. Linda produces, reports and edits the science, environment and real X-files news website, Earthfiles.com. In 2003, Earthfiles received an Award for Standard of Excellence presented by the internet's WebAward Association. Earthfiles also received the 2001 *Encyclopaedia Britannica* Award for Journalistic Excellence. THE AZTEC CRASH: CATEGORIZING FACT FROM FOLKLORE, with Scott D. Ramsey. A close look at the original story of the Aztec Incident as told by Frank Scully in his 1950's book, "Behind the Flying Saucers" and UFO Crash at Aztec", by Steinman & Stevens. Will feature the latest facts resultant from journeys to 29 states, tracking & interviewing key people and uncovering and archiving over 1300 AEC and US Air Force documents pertinent to this now commonly-accepted event. Fascinated by undocumented history. In 1988 Scott began his research of the alleged 1948 UFO Incident near Aztec, New Mexico. This quest has required his traveling to 29 states, tracking and interviewing, dozens of 1st and 2nd hand individuals with knowledge of the incident. Uncovering and archiving a never before seen 2,279 documents pertinent to the Aztec Incident from the Atomic Energy Commission and United States Air Force including the uncovering of 3 secret radar bases. In addition he has spent hundreds of hours at the alleged crash site on Hart Canyon Road comparing data collected from witnesses to physical evidence. **AZTEC-379V • UPC 8 82917 03793 1 • 90 min • VHS Video • \$24.95 +++ AZTEC-379D • UPC 8 82917 03799 3 • 90 min • DVD Disk • \$24.95**

THE UFO AND ALIEN ABDUCTION PHENOMENON, with Moreen Scully and Travis Walton. Travis spoke on his experiences and his book entitled "Fire In The Sky: The Walton Experience." The book on which the movie "Fire In The Sky" was based and the best documented case of alien abduction ever recorded! On the 5th November 1975 Mike Rogers and his crew of 6 forestry workers were travelling back in their truck from work to the forest of Heber, Arizona when Alan Dalis, one of the crew members spotted a large glow coming from above a group of trees. As they got closer they noticed a disk hovering about 20 feet above the ground. They stopped the truck to take a closer look when one of the crew jumped out to get an even closer look. Travis Walton was approaching the object when it started to make a strange noise and before the rest of the crew could do anything a large beam of light struck Travis that sent him tumbling backwards. At this point Mike Rodgers, the driver, panicked and drove the truck away. After a short distance the men

forced Mike to drive back to collect their fellow worker. When they returned there was no sign of the object or of Travis. A police investigation started as soon as the men reported what had happened, and an extensive search was carried out of the abduction area. Many people believed that the men had murdered Travis and used the UFO as a cover story. The men requested that they take a lie detector test to try and clear their names. The first polygraph test was inconclusive, however, a second, indicated that they were telling the truth about what they had witnessed. On November 10th, 5 days after the abduction, Travis's brother-in-law received a phone call from Travis and they went to pick him up a few miles outside of Heber. When they found him he was naked, distraught and confused. Soon afterwards he began to recall the events of the past few days. He told a story of aliens who were about 5 feet tall with domed hairless heads, large eyes, tiny ears and nose, and a slit for a mouth who performed various 'experiments' on him. He also reported many other strange events such as seeing an 'almost' human entity who showed him around but did not answer his questions, and also of a control room where he could see through the exterior of the craft a gaze at the stars. A film was produced called "Fire in the Sky" which dramatized the above events. **AZTEC-380V • UPC 8 82917 03803 7 • 90 min • VHS Video • \$24.95 +++ AZTEC-380D • UPC 8 82917 03809 9 • 90 min • DVD Disk • \$24.95**

GENERAL ROGER RAMEY'S MEMO: ROSWELL CRASH SMOKING GUN? with Dr. David Rudiak. In *Ufology*, Dr. Rudiak's main area of expertise is the alleged Roswell saucer crash of 1947, which he has been studying since 1994. He is perhaps best known for his work on reading the telex photographed in Gen. Roger Ramey's hand as Ramey tried to debunk the Roswell crash as a weather balloon. His work on Ramey's memo was presented publicly for the first time at the Ozark UFO Conference in 2001 and was featured on the 2002 Sci Fi Channel special on Roswell. It can also be found at his website, RoswellProof.com. The memo mentions "the victims of the wreck" and shipping something "in the disc," words and phrases which he and others consider to be smoking gun proof that a saucer crash really happened. His interpretation of the memo will be compared with others to point out areas of agreement and disagreement. E.g., there is now a strong consensus that words like "victims" and "disc" are indeed the memo and that it was signed by Ramey. Basic methodology in deciphering of the memo will be discussed. He also plans to comment on attacks by debunkers on the Ramey memo, pointing out serious flaws in their arguments, the most common being that absolutely nothing can be read in the memo. Audience members can see for themselves that this claim is false. Dr. Rudiak has a Bachelor's in Physics and a Doctor of Optometry from the University of California, Berkeley plus graduate training in biophysics and neurophysiology. He has done scientific research and published papers on brain wave recording to visual stimuli and stimulation of the brain with magnetic stimulators. He has also taught math and computer programming in the public schools. **AZTEC-381V • UPC 8 82917 03813 6 • 90 min • VHS Video • \$24.95 +++ AZTEC-381D • UPC 8 82917 03819 8 • 90 min • DVD Disk • \$24.95**

GLIMPSES OF THE PHENOMENON: REVIEW OF CLASSIC UFO PHOTOGRAPHS, with Robert Swiatek. Only a small number of UFO photographs has been

taken since 1947, despite tens of thousands of sighting reports. Of these relative few photos, even fewer still have passed muster with qualified photo analysts, the rest having been revealed as hoaxes, airplanes or other prosaic objects or as being too fuzzy to permit detailed analyses. Rob's slide-illustrated talk will center on the circumstances surrounding several of these apparently genuine UFO photographs—how and when and by whom they were taken, what the researchers found—and the implications the photos present. Rob Swiatek's deep interest in the UFO phenomenon stems from 1968, when ongoing sightings and the work of the University of Colorado UFO Project (the so-called Condon Committee, then investigating UFOs for the Air Force) were much in the news. His fascination with the subject remained undented over the years, finally impelling his involvement with the Washington, D.C.-based Fund for UFO Research in 1986. He has been associated with the organization since that time and currently serves as secretary-treasurer; he is also a director of the UFO Research Coalition and a business board member of the Mutual UFO Network. Rob has appeared in several UFO television documentaries over the years and has spoken before numerous conferences. In college, Rob was a double-major graduate in physics and earth science. He has been employed for over 25 years with the U. S. Patent and Trademark Office in Arlington, Virginia, where he works with aeronautics patent applications. **AZTEC-382V • UPC 8 82917 03823 5 • 90 min • VHS Video • \$24.95 +++ AZTEC-382D • UPC 8 82917 03829 7 • 90 min • DVD Disk • \$24.95**

CONTROLLED REMOTE**VIEWING 2004 CONFERENCE**

CONTROLLED REMOTE VIEWING PROJECTS FROM A TO Z - PART 1, with **Lyn Buchanan**. Lyn Buchanan. This series of tapes is from a hands-on training conference, designed to teach people who work with psychic and/or remote viewing groups how to properly run and/or participate in real-world remote viewing projects. There will be three presenters, each of whom is highly skilled and experienced in working projects with the police, corporate, and other real-life customers. Each presenter will bring an already-solved case (for immediate feedback), and conference attendees will get hands-on experience organizing and running the projects, working on them as viewers, analysts, report writers, and project managers. If you are a person or group who plans to use your natural or learned psychic abilities in

the workaday world of police work, business, medical, archeological, or other real-world applications, this series of tapes focuses on the skills and techniques necessary for interaction with the customer or sponsoring organization. Leonard (Lyn) Buchanan is the Executive Director of Problems>Solutions>Innovations (P>S>I). P>S>I started as a small data analysis company in the Washington, D.C. area in 1992, after Lyn's retirement from the military. Lyn has a personal drive to take this technology completely out of the "spooky" realm and find the scientific and technological causes behind it. To this end, he maintains a strict database on all operations in order to conduct as much research as possible. The training of controlled remote viewers and analysis of data on their work is a passion is now the focus of P>S>I. Does Lyn mind giving up the computer-oriented work for training and studying remote viewers? No. In his words, "They're a whole lot more intricate and interesting. I learn a lot more from a CRVer than I do from a computer." Lyn is the author of "The Seventh Sense" (Paraview Pocket Books, 2003). **CRV-511V • UPC 8 82917 05113 5 • 69 min • VHS Video • \$24.95 +++ CRV-511D • UPC 8 82917 05119 7 • 69 min • DVD Disk • \$24.95**

UFO CRASHES: AN ILLUSTRATED HISTORY, with Nick Redfern. Nick Redfern is the author of 3 best-selling books on UFOs and spoke at last year's Crash-Retrieval conference on C/R incidents from the United Kingdom. Nick provides a detailed, historical breakdown of the many and varied Crash Retrieval cases that have been reported over the course of the last century and from throughout the world. As well as encompassing new data and summarizing some of the more well known cases such as Roswell, Aztec, Kecksburg and Kingman, Nick's lecture will cover both seldom-discussed and previously-unknown crashed UFO incidents from China, the former Soviet Union, Africa, South America, Germany, Australia and the

United States. The lecture will demonstrate the sheer scale of C/R reports on a global scale, their frequency and locations, and will provide the audience with a firm appreciation of what is probably the most important aspect of the UFO mystery. In his first book, *A Covert Agenda*, Nick Redfern disclosed for the first time the startling facts surrounding the British government's very own top secret UFO reports; and in *The FBI Files* he revealed the full extent to which the U.S. FBI was involved in the monitoring UFOs throughout the USA. In his new book, *Cosmic Crashes*, Nick goes one step further: to break down the barriers of secrecy surrounding the ultimate UFO conspiracy and expose the truth behind what could accurately be described as "British Roswells." **CRC-1052V • UPC 8 82917 10523 4 • 60 min • VHS Video • \$19.95 +++ CRV-1052D • UPC 8 82917 10529 6 • 60 min • DVD Disk • \$19.95**

THE MYSTERY AIRSHIPS OF 1897: UFO CRASH IN AURORA, TEXAS, with Jim Marrs. As an investigative journalist and author, Jim Marrs explores the crash details of April 19, 1897, when a slow moving space ship crashed into a windmill, bursting into pieces. As the debris was searched, allegedly the body of a small alien was discovered. Some of the debris also revealed material sketched with a type of hieroglyphic. The town folk gave the deceased creature a proper burial in the local cemetery. Mr. Marrs provides fresh information and startling new evidence to this fascinating story. . Jim Marrs, author of the best sellers *Crossfire*, *Alien Agenda* and *Rule by Secrecy*, has written about it all and will bring a new perspective to the connection between secrecy, extraterrestrial related phenomena and the wealthy elite. Beginning with a documented UFO crash that predates the Wright brothers through the development of Nazi flying saucers to President Kennedy's UFO connections, Marrs will weave together these fascinating topics. Jim has lectured all over the world and is famous for being able to bring humor to the darkest of subjects. A native of Fort Worth, Texas, Mr. Marrs earned a Bachelor of Arts degree in journalism from the University of North Texas in 1966 and attended Graduate School at Texas Tech in Lubbock for two years more. After a leave of absence to serve with a Fourth Army intelligence unit during the Vietnam War, he became military and aerospace writer for the newspaper and an investigative reporter. THE SHAG HARBOUR UFO INCIDENT, with Don Ledger. The Shag Harbour Incident takes place in two parts. The first part of the incident involves the sighting, and then a witnessing of the entry or crash of an object into the waters adjacent to Shag Harbour on the southern tip of Nova Scotia on the night of October 4, 1967. There followed rescue attempts of a lighted object seen floating on the water by the RCMP and local fishermen, and the subsequent attempts by the authorities and the Canadian navy to find the object or traces of it on the bottom over a 4 day period. This part was in full view of the public and written about extensively in the daily newspapers. The second part of the incident unfolds over a period of 7 days and within a few hours of the incident at Shag Harbour when years

later it is discovered that the object apparently made its way northeast some 23 miles to the mouth of Shelburne Harbour under the water and settled on offshore about 1.5 miles from a top-secret base at Government Point, it's true purpose not known until 21 years later. Canadian Forces Base, Shelburne was actually a United States Navy SOUSOS base established many years earlier during the early years of the Cold War. During the 7 day period six or seven naval vessels were stationed over the object which was on the bottom in about 80 feet of water. Divers were sent down to ascertain what it was and observe it and took photographs of not one but two objects, one of which appeared to be lending assistance to the other. The first part of the incident is heavily documented while the second part is anecdotal information received from Army, Navy and Air Force personnel who were present during that 7 day period. It is the second part of the Shag Harbour Incident that will be the focus of the speaker's presentation. **CRC-1054V • UPC 8 82917 10543 2 • 60 min • VHS Video • \$19.95 +++ CRV-1054D • UPC 8 82917 10549 4 • 60 min • DVD Disk • \$19.95**

LEFT AT EAST GATE REDUX: A BENTWATERS-WOODBRIDGE UFO INCIDENT UPDATE, with Peter Robbins. Twenty-four years after the fact England's Bentwaters-Woodbridge UFO Incident (AKA the Rendlesham Forest Incident) still stands as the United Kingdom's seminal UFO event. While no serious allegations of a crash were involved, the Ministry of Defence and the United States Air Force's did what they could to downplay the events in question. Since the 1997 publication of the British best seller *Left At East Gate* by Larry Warren and Peter Robbins, Her Majesty's government has seen fit to release several hundred pages of documents, memos and letters pertaining to the events of December 1980. Other evidence supporting the book's accuracy has surfaced since then as well. In this talk Peter Robbins will take us through the original incident, then review key updates in the case. Robbins, who will be fresh from a speaking and research tour of the United Kingdom, will present material not previously aired in this country. Join us for what promises to be a most compelling presentation. Peter is currently the Editor-in-Chief of the website www.ufocity.com and writes a column for "UFO Magazine" called "Webwatch." Robbins has been involved with the UFO field for many years. In 1977 he created and produced "The Question of UFOs," a series of six half-hour programs for Channel C, Manhattan Cable TV. In 1992, Robbins was appointed Executive Assistant for the Intruders Foundation, based in New York City. In this lecture he discussed his reflections, observation and updates on a decade of research in Britain's Rendlesham Forest UFO incident. He also discusses his role in the publication of "Left at East Gate" with Larry Warren and talks about some afterthoughts on the books and the events which inspired it. He also reveals some of the situations and people who never made it into the book, and wither the book had any impact on official government policies pertaining to UFOs in the United Kingdom. **CRC-1055V • UPC 8 82917 10553 1 • 60 min • VHS Video • \$19.95 +++ CRV-1055D • UPC 8 82917 10559 3 • 60 min • DVD Disk • \$19.95**

UFO CRASH RETRIEVALS AND AMERICA'S POLICY OF DENIAL IN THE INTEREST OF NATIONAL SECURITY,

with Linda Moulton Howe. Journalist Linda Moulton Howe is an Emmy Award-winning investigative, reporter and editor of the science, environment and real X-Files website, www.Earthfiles.com and correspondent for Coast to Coast AM with George Noory and Dreamland with Whitley Strieber. "It is the collective view of this investigative body that the aircraft recovered by the Army and Air Force units ... are not of United States manufacture for the following reasons: a) The circular, disc-shaped 'platform' design does not resemble any design currently under development by this command nor of any Navy project. b) The lack of any external propulsion system, power plant, intake, exhaust either for propeller or jet propulsion, warrants this view." From document signed by U. S. General Nathan F. Twining, July 10, 1947 This presentation plus video and audio is excerpted from Linda Moulton Howe's extensive research about U. S. government knowledge and cover-up of UFO crash retrievals and reverse engineering of advanced technology, as well as information from the UFO crash/retrieval status reports produced by Leonard H. Stringfield between 1978 and 1994 after his honorable discharge from the U. S. Air Force. For 25 years, she has tried to find facts about the important question: What does the United States government actually know about entities and technologies from UFO crash retrievals which have provoked an American policy of misinformation and denial in the interest of national security, since at least 1947 - while at the same time, the American government and corporations have back-engineered the very same alien technology they deny exists. **CRC-1056V • UPC 8 82917 10563 0 • 60 min • VHS Video • \$19.95 +++ CRV-1056D • UPC 8 82917 10569 2 • 60 min • DVD Disk • \$19.95**

THE PRESIDENTS AND THE HARD EVIDENCE: PART 1 AND 2, with Grant Cameron. The public's general impression is that of a government which hid away the facts surrounding extraterrestrials and refused to release anything. Those controlling the secret have been painted as evil men who have contempt for the truth and for the people's right to know. Those who kept the secrets were men of good will who agonized over releasing the truth. Concerned over the impact of complete disclosure, they took a middle position of carefully releasing the story of the U.S. government's role without allowing anyone to obtain a critical mass of information. Those who controlled the secrets have on a number of occasions purposely released key pieces of the UFO story into the public consciousness through a mixed process of disclosure and disinformation. In Part 1 of "The Presidents and the Hard Evidence" this presentation will present evidence that the President did know about hard evidence such as crash retrievals right from the start, and that he took steps to cover up the evidence. There will be evidence presented about the Canadian government involvement in the early days of ufology, directed by Wilbert Smith who ran the official government investigation of flying saucers known as Project Magnet. Also discussed will be Smith's contact with the secret MJ-12 type group that controlled the most classified UFO evidence, and evidence that Smith was read into the crash retrieval program. Cameron will talk about Arthur Lundahl who was considered the preeminent intelligence officer of the 1950s. According to one CIA source Lundahl briefed

at least three presidents on the subject of UFOs. He will also look at Lundahl's involvement in UFO hardware recovered in 1952 and his successful attempt to communicate with an alien in 1959. Lastly he will detail Lundahl's contact to the present flood of UFO documents in the UFO community known as the Majestic Documents. **CRC-1057V • UPC 8 82917 10573 9 • 120 min • VHS Video • \$24.95 +++ CRV-1057D • UPC 8 82917 10579 1 • 120 min • DVD Disk • \$24.95**

BANQUET KEYNOTE ADDRESS – TRUTH RETRIEVAL: MESSAGE TO THE PRESIDENT ELECT, with Stephen Bassett. Eleven days after the 2004 presidential election, Stephen Bassett will give the conference Keynote. The politics of disclosure, exopolitics, and the requirements for REAL secrecy/intelligence reform directly engage issues which reside within the hidden core of an evolving governmental dysfunction which threatens the nation. The crash retrievals began in the 1940's; the cover-up followed. Six decades later, it is time for truth retrieval; and as of November 2, 2004, that becomes the job of the President Elect. Who will demand this of the elected administration? What has to be done? What is at stake? Stephen Bassett as moderator. Stephen decided in 1995 to bring a 15-year background in business development and consulting and a degree in physics into the field of extraterrestrial phenomena research. In July of 1996 he set up a consulting practice, Paradigm Research Group, in Bethesda, MD, just outside of Washington, DC. This consulting has consisted of providing professional support to researchers such as lobbying (he is only lobbyist to register on behalf of UFO/ET research/activist organizations), media liaison, funding proposals, and secondary research. At midnight on April 30, 1998 he published the "Paradigm Clock" to the World Wide Web. This website is designed to support the researchers/activists in the field. The Clock itself is a metaphor for citizens and the media to develop a feel for the process of disclosure underway. He founded the Extraterrestrial Phenomena Political Action Committee (X-PPAC), the first PAC in history to target the politics of UFO/ET phenomena and the government embargo of facts confirming the presence of extraterrestrial life forms in our world, now. Early in 2001 Paradigm Research Group and X-PPAC put their support firmly behind a major new political initiative. Specifically assistance was given to the holding of an important press conference on May 9, 2001 at the National Press Club in Washington, DC. At that time the testimony of 70 government and agency employees, 21 in person, directly relating to UFO/ET events and evidence was presented to the media. The totality of this testimony, compiled from 120 hours of interviews, essentially confirms an extraterrestrial presence and a government embargo on formal acknowledgment of this fact. He has worked to create a broad based coalition within the UFO/ET research/activist community capable of reaching out to the twenty million plus American citizens who are following the politics of UFOs/disclosure with interest and concern. The aim is to form a political structure of sufficient size to meaningfully influence government policies and actions leading up to and following the formal acknowledgment of an extraterrestrial presence. CORRELATING LEONARD STRINGFIELD'S UFO CRASH RETRIEVAL REPORTS, with Robert M. Wood. Leonard H. Stringfield was known for his meticulously accurate interviews and his strict adherence to his word of honor about protecting witness identity. His records of crash retrievals are extensively detailed in the eight documents easily available over 17 years (1977 book "Situation Red-The UFO Siege", and seven UFO Crash/Retrieval Status Reports, ending in 1994). A clear and accurate summary of what one can conclude from this large data base would be very welcome and this paper is aimed at being such a summary. There are multiple reports covering the apparently identical crash retrievals, and numerous subtle corroborating statements by unrelated witnesses. Witness crash reports cover at least 30 years. The bottom line will attempt to answer the question, "How many crash retrievals actually occurred, and what are the implications for today?" Dr. Bob and Ryan Wood have been a father-son team of investigators for ten years, having focused on the topic of authenticating questioned UFO documents and taking the findings to their logical conclusion. The first, and classic, document shown to be a genuine 1954-produced document was the now-famous Manual, Extraterrestrial Entities and Technology: Recovery and Disposal. This led to a series of apparent leaks from other sources, including some from inside the government today, based on postal information and the original envelopes, carefully preserved. The various techniques used to authenticate will be shown, and specific examples of famous erroneous evaluations will be noted, including the Truman-Forrestal Majestic authorization letter typewriter font from a 1940 Underwood. New testimony from a source who saw this letter while in the Navy will be revealed. The trail to the Cape Girardeau crash site will be followed and updated, together with an assessment of how this secret played in the parts of intelligence communities that had access to the UFO secrets. Of even greater interest to many are what do these documents say about whether we have technically been successful at reverse engineering UFO technology and what would be the process for dealing with this evidence. Some of the early documents have major clues to routine technology today, such as integrated circuits and fiber optics. Proving the relationship to UFOs is a significant challenge. **CRC-1060V • UPC 8 82917 10603 3 • 60 min • VHS Video • \$19.95 +++ CRV-1060D • UPC 8 82917 10609 5 • 60 min • DVD Disk • \$19.95**

THE ROAD TO ROSWELL: A PRIMER OF UNDISPUTED FACTS AND FACTUAL DISPUTES, with Paul Davids. In December, 1995, when President Clinton visited Ireland, a schoolboy at a press conference asked whether the aliens had really crashed at Roswell. The President replied: "As far as I know, no spaceship crashed at Roswell, New Mexico, in 1947." The crowd roared with laughter. The network news didn't consider it worthwhile to broadcast the rest of what the President said, which was: "But if a spaceship did crash and aliens were recovered there, the Air Force hasn't told me about it, and I would like to know!" Paul Davids wrote the President to tell him what the Air Force did-

n't. His father, Dr. Jules Davids, was Bill Clinton's Professor of U.S. Diplomatic History at Georgetown University in 1968, and Paul's letter and evidentiary materials got through to the President and received a response. How does one navigate through a morass of competing versions of "The Truth" in books and documentaries and government reports that are designed to shut off inquiry about the Roswell Incident and declare "CASE CLOSED"? How does one choose sides between authors and "authorities" who are at odds with one another — and who are at one another's throats? Paul Davids will attempt to walk you through the minefield that every truth-seeker must traverse on the Road to Roswell, laying out the undisputed facts and the factual disputes, so that you will better understand why this case emerged for many as "Ground Zero" in the Great UFO Debate. **CRC-1061V • UPC 8 82917 10613 2 • 60 min • VHS Video • \$19.95 +++ CRV-1061D • UPC 8 82917 10619 4 • 60 min • DVD Disk • \$19.95**

INSIDE THE U.S.S.R. MAJESTIC 12 COVERT UFO PROGRAM, with David Pace. Dr. David Pace will discuss his experiences with the Soviet UFO Hierarchy, Scientific-Engineering and Medical as well as governmental. First will be a discussion of the history and genesis of the USSR's analogue to Majestic 12 program. The second part of the talk will encompass Soviet/Russian UFO crash retrievals and perspective on reverse science and engineering, along with his firsthand knowledge and experience with the Soviet analogues to America's Area 51. Specific examples of UFO crashes will be presented along with his insights about the reality of such events. Given Dr. Pace's experience, his insights into the USA - USSR coordination and communications around UFO events and technology constitute a true first in UFOlogy. **CRC-1062V • UPC 8 82917 10623 1 • 60 min • VHS Video • \$19.95 +++ CRV-1062D • UPC 8 82917 10629 3 • 60 min • DVD Disk • \$19.95**

CONVENIENT DEATHS IN SUPPORT OF UFO SECRECY, with Ryan S. Wood. At first glance you would not think that murder would be necessary in the name of UFO secrecy, however, the data shows otherwise. A review of the most suspect deaths will be presented with details of how the person died and probability against chance. The lecture will discuss famous people such as Oppenheimer, Einstein, and possibly JFK, as well as lesser know people such as Robert Green, virologist, and John Murphy, the Kecksburg, PA UFO crash reporter. Dr. Bob and Ryan Wood have been a father-son team of investigators for ten years, having focused on the topic of authenticating questioned UFO documents and taking the findings to their logical conclusion. NATIONAL UFO CONFERENCE 2004 CASES FROM THE NATIONAL UFO REPORTING CENTER, with Peter Davenport. Peter Davenport has been director of the National UFO Reporting Center since 1994. Peter reports UFO sighting cases regularly on the Jeff Rense Radio Show and presents lectures on specific UFO cases, most notably the Phoenix Lights sighting. In addition to being the director of the National UFO Reporting Center, Peter has served as the director of investigations for the Washington Chapter of the Mutual UFO Network. Peter has had an active interest in the UFO phenomenon from his early boyhood. He experienced his first UFO sighting over the St. Louis municipal airport in the summer of 1954, and he investigated his first UFO case during the summer of 1965 in Exeter, New Hampshire. Peter has been witness to several anomalous events, possibly UFO related, including a dramatic sighting over Baja California in February 1990, and several nighttime sightings over Washington State during 1992. Peter received his undergraduate education at Stanford University in California, where he earned bachelor's degrees in both Russian and biology, as well as a translator's certificate in Russian translation. His graduate education was completed at the University of Washington in Seattle, where he earned an M.S. degree in the genetics and biochemistry of fish from the College of Fisheries, as well as an M.B.A. degree in finance and international business from the Graduate School of Business. Peter has worked as a college instructor, a commercial fisherman, a Russian translator in the Soviet Union, a fisheries observer aboard Soviet fishing vessels, a flight instructor, and a businessman. Peter was the founding president of a Seattle-based biotechnology company, which currently employs over 300 scientists and technicians. In 1986, Peter was a candidate for the Washington State legislature, and in 1992, he was a candidate for the U. S. House of Representatives. THE PHOENIX LIGHTS, with Lynne D. Kitei, M.D. Well respected Phoenix Family Practice physician and international health-care educator who repeatedly witnessed, videotaped, and photographed anomalous phenomena before, during and after the 1997 mass UFO sighting in Arizona that came to be

known as the still unexplained "Phoenix Lights". Unable to find easy answers to what she had seen along with her physician husband and documented with her cameras, "Dr. Lynne" began a seven year intensive investigation that resulted in her book *The Phoenix Lights ...A Skeptics Discovery That We Are Not Alone*. Apollo Astronaut Dr. Edgar Mitchell wrote a review of this book that states in part "Some day the veil of secrecy will surely be lifted, thanks to the efforts of Dr. Lynne and many others." Dr. Lynne has won numerous international awards for her prevention/education curricula and appeared as a health reporter for NBC, USA Cable and other media. She has also been featured on Fox TV news, the Learning Channel and MSN. Dr. Lynne is currently producing *The Phoenix Lights Documentary*, targeted for schools worldwide. UFOS, NATIONAL SECURITY AND THE NEWS MEDIA, with Terry Hansen. Science journalist, computer magazine publisher. Author of *The Missing Times*, a book on his investigation into how the mainstream elite U.S. media, through close ties to the U.S. intelligence community, have willingly suppressed full and accurate coverage of UFO phenomena. Hansen reports on his investigations into the non-coverage by the national media on a series of events similar to those that were experienced by then-Lieutenant Bob Salas. Hansen reveals the remarkable and persistent difference in UFO-related news coverage by local versus national news organizations. MAKING THE MOVIE "ROSWELL" AND THE GOVERNMENT'S OFFICIAL RESPONSE, with Paul Davids. In 1994, "Roswell-mania" struck nationwide with the broadcast of the Showtime film, *ROSWELL*, starring Kyle MacLachlan, Martin Sheen and Dwight Yoakam - a motion picture that was executive produced and co-written by Paul

Davids. It unleashed a firestorm in Washington and the official response hinted at both high level panic and pandemonium, setting off a frontal assault of media debunking. In the aftermath, Congressman Steven Schiff pressed his inquiry to the Pentagon about the Roswell UFO case, President Clinton made a statement about the Roswell Incident, and the Air Force issued reports on Roswell that included both Mogul balloons and crash dummies. The build-up to the 1997 50th anniversary of the Roswell Incident was accompanied by more national hysteria — incredible claims of UFO reality from Col. Philip Corso, suicides by the Heavens Gate cult, a controversy over the "alien autopsy" film and claims and counter-claims about the mysterious MJ-12 documents. Having lived in the center of the Roswell media storm, Paul Davids will reveal how the film that no one in Hollywood wanted to make suddenly became a project that was rushed to completion for broadcast with a lavish six million dollar TV budget. The movie producer, whose life was shaken by a daylight disc sighting near his home in 1987, will re-live his personal journey on the road to Roswell — a journey that transformed him from arch-skeptic about UFO's to being an advocate for the UFO disclosure movement. UFOS AND THE NATIONAL SECURITY STATE, with Richard Dolan. Richard holds an MA in History from the University of Rochester and a BA in History from Alfred University. He earned a Certificate in Political Theory from Oxford University and was a Rhodes Scholar finalist. Prior to his interest in anomalous phenomena, Dolan studied US Cold War strategy, Soviet history, and international diplomacy. In 2000, he published a 500-page study, *UFOS and the National Security State*. This is the first volume of a two-part historical narrative of the national security dimensions of the UFO phenomenon from 1941 to the present. Included are the records of more than fifty military bases relating to innumerable violations of sensitive airspace by unknown objects, demonstrating that the US military has taken the topic of UFOs seriously indeed. Apollo 14 astronaut Dr. Edgar Mitchell has called Dolan's book *Amonumental*, while Dr. Hal Puthoff, Director of the Institute for Advanced Studies at Austin, has declared it to be *A must-read for serious students in the field*. Dolan has published numerous articles on anomalous phenomena, science, and the intelligence community for *UFO Magazine*. In 2003, he helped to found *Phenomena*, a magazine dedicated to leading edge issues pertaining

to science and society, and for which he continues to serve as Senior Editor and regular contributor. Dolan has been appeared many times on television documentaries and radio programs on the theme of UFOs and government disclosure. He has been a featured speaker at numerous conferences. Armed with the Freedom of Information Act (FOIA), John has been able to blow the lid off of UFO secrecy and has shown that the U.S. and other governments of the world has had an intense interest in all things extraterrestrial since at least 1947. John's website www.blackvault.com contains an online virtual library of the documents he's collected. John has recently published his first book "Beyond UFO Secrecy," available from your favorite bookseller or John's website. John also has launched an online radio network with new shows coming on the airwaves in the near future. In this presentation, based on his book, he tells the story of how he's accomplished so much, so quickly, with so little, sometimes waiting years for requests to be filled. IZAPA AND THE GALACTIC ALIGNMENT IN 2012, with John Major Jenkins. Izapa is the early Maya culture that invented the Long Count calendar—the mytho-cosmic calendar that gives us the famed 2012 date. Over sixty carved monuments at the site reveal how the Izapan sky-watchers pioneered a profound Galactic Cosmology over 2,000 years ago. The centerpiece of this profound worldview is the alignment of solstice sun and Galactic Center that culminates in the years around 2012, heralding a time of rebirth and renewal in a vast 26,000-year period of human spiritual unfolding. The cosmic symbolism of the ballgame and the galactic meaning of the Creation Myth are encoded into the monuments of Izapa, and a very important 2012 message has survived for us in the ballcourt at Izapa. **Signs-147V • UPC 8 82917 01473 4 • 105 min • VHS Video • \$24.95 +++ Signs-147D • UPC 8 82917 01479 6 • 105 min • DVD Disk • \$24.95**

THE AZTEC CODE: SPIRITUAL ASCENT AND THE END OF TIME – PART 1, with John Major Jenkins. A thirteen-page transcription of a lost Aztec codex known as the “Pyramid of Fire” was found in the early 1960’s. Conveyed to the Western world by a Mazatec shaman and sacred lineage holder, it contains teachings about Meso-America’s sacred calendar, astrology, medicine, yoga and the potential for spiritual ascent that can occur at the end of each great World Age cycle. In this 3-hour intensive, John Major Jenkins will teach the Aztec secrets of sacrifice, what it means to “become a Quetzalcoatl,” the “New Fire” ceremony, and how the movements of the Sun and the Pleiades interact in determining the great World Ages or Suns. Together, participants will discover the surprisingly-modern metaphysical insights of this long-lost Aztec initiatory text as well as its Perennial (Ageless) Wisdom - universal principles that always re-emerge into human consciousness during the “end times dynamics” such as are now unfolding.” John Major Jenkins - Author of *Galactic Alignment & Maya Cosmogenesis 2012*. ENGLAND’S CROP CIRCLES OF 2004, with Francine Blake. A native of Montreal, Canada, Francine studied the Classics and Art. In 1969 she moved to London to continue her studies; there she married and Englishman. A student of Gurdjieff’s philosophy and Zen Buddhism, she discovered the crop circle phenomenon in 1987. In 1992, she and her family moved to Wiltshire where she helped found the Wiltshire branch of the “Center for Crop Circle Studies.” The group became the “Wiltshire Crop Circle Study Group” in 1996. As its coordinator, Francine now edits “The Spiral,” and organizes the Wiltshire Crop Circle Conference each summer. An accomplished painter, she learned digital photography for the group’s annual calendar, the only one to feature color aerial photos of the current season. She feels most crop circles are “manifestations from other dimensions” and not mere human creations. **Signs-152V • UPC 8 82917 01523 6 • 90 min • VHS Video • \$24.95 +++ Signs-152D • UPC 8 82917 01529 8 • 90 min • DVD Disk • \$24.95**

QUINTA ESSENTIA: CROP CIRCLES AND THE PHILOSOPHER’S SECRET FIRE, with Allan Brown. Allan Brown is a British geometer, thinker and writer who’s been studying the crop circle phenomenon since 1996. Drawing on the esoteric traditions of geometry, numbers and proportion, Allan outlines an extraordinary geometrical device that seems to have been woven into crop circle design for the last Quarter Century. This device mir-

rors the ancient hermetic adage: "As above, so below" and demonstrates the paradoxical inter-play of imagination and reality, delusion and revelation. 2004 CROP CIRCLE SCIENTIFIC RESEARCH, with Nancy Talbott. Raised in Baltimore, Nancy studied psychology at Johns Hopkins and Harvard. After discovering the crop circle phenomenon in 1991, she worked with Michigan biophysicist Wm. C. Levensgood and John Burke, organizing an international reporting and field-sampling network for Wm. Levensgood's laboratory analysis. In 1999 she incorporated the BLT Research organization into a non-profit corporation, which she now heads, and received a Laurence Rockefeller grant. With this funding she has expanded the scope of crop circle research so that BLT Inc. team now includes scientific consultants from multiple disciplines. NATIONAL SECURITY AND UFOs: THE FOUNDATION YEARS, 1941 TO 1973, with Richard Dolan. Born in Brooklyn, New York, in 1962. He holds an MA in History from the University of Rochester and a BA in History from Alfred University. He earned a Certificate in Political Theory from Oxford University and was a Rhodes Scholar finalist. Prior to his interest in anomalous phenomena, Dolan studied US Cold War strategy, Soviet history, and international diplomacy. Apollo 14 astronaut Dr. Edgar Mitchell has called Dolan's book Amonumental, while Dr. Hal Puthoff, Director of the Institute for Advanced Studies at Austin, has declared it to be A must-read for serious students in the field. Richard Dolan will provide a historical foundation to UFOs and government secrecy. Drawing on official documents acquired through the Freedom of Information Act, Dolan will detail the extreme levels of interest given to UFOs by the U.S. military and intelligence community, despite public statements to the contrary. One reason he offers is that unknown and extraordinary objects have repeatedly violated sensitive U.S. airspace. Frequently, these objects exhibited capabilities far beyond those of military aircraft even today. Dolan's historical analysis will include the origins and development of UFO secrecy during the cold war, as well as descriptions of several spectacular military encounters with UFOs. He will also point out why it is unlikely that "true" UFOs in the early years could have been the product of a secret military pro-

gram. For more information visit www.key-holepublishing.com **BAUFOE-421V • UPC 8 82917 04213 3 • 45 min • VHS Video • \$19.95 +++ BAUFOE-421D • UPC 8 82917 04219 5 • 45 min • DVD Disk • \$19.95**

COVERT INTELLIGENCE INVOLVEMENT WITH ALIEN ABDUCTEES AS EVIDENCE FOR UFO ABDUCTION, with Melinda Leslie. Researcher and experimenter, Melinda Leslie, has investigated "covert intelligence" involvement in abductions for 12 years, conducting over 40 interviews of experiencers and researchers of this unique phenomenon. For many years Melinda was the Director of 2 experimenter support groups and was Director of a monthly UFO lecture series for 9 years, producing over 90 speakers. Melinda was Associate Producer of the 1994 UFO Expo West conferences and has lectured herself for numerous conferences and organizations. She has also been a guest on numerous radio and television shows. Melinda is an Office Manager. In what may be the strongest evidence for the reality of alien abduction, abductees are being targeted by human "covert intelligence" and "paramilitary" agencies. Melinda Leslie's research shows that it is because alien abductions are real that these agencies are involved. Evidence shown will include extensive corroborating experience testimony, multiple forms of physical evidence, eyewitnesses, and accounts of military "insiders." Melinda explains that such agencies are involved with the abduction phenomena in a quest to obtain extraterrestrial technologies operating on paranormal functioning (psi). This quest has made alien abduction a matter of national security and is ultimately driving the government's suppression of the UFO subject, and along with it, the suppression of the dormant human potential. **BAUFOE-423V • UPC 8 82917 04233 1 • 45 min • VHS Video • \$19.95 +++ BAUFOE-423D • UPC 8 82917 04239 3 • 45 min • DVD Disk • \$19.95**

REPTOIDS: FACTS VS. FICTION AND FORGED LIES, with John Rhodes. John Rhodes was raised and educated in many exotic areas of the world. He received his primary education in Malaysia, Singapore, and England, with further undergraduate studies in the United States. While residing in Asia, John's curiosity in the local environment's reptile population led to a serious, herpetological study that eventually encompassed additional scientific disciplines such as anthropology, paleontology, archaeology, biology, and the actual field work that accompany these various branches of science. John's vast accumulation of scientific knowledge, acquired through the guidance of some of the world's leading scientists (specialists), and his pioneering work searching for strange, unknown animals have made him one of the most popular cryptozoologists and lecturers worldwide. The British scientific community today recognizes John Rhodes as one of the world's leading authorities on reptilian cryptids. His many authored articles, reviews, and technical reports for newsletters and private publications have been distributed internationally and authors continue to refer to his cryptozoological work in support of their conspiratorial beliefs. Americas most controversial cryptozoologist once again steps outside the acceptable boundaries of zoological studies to take us on another unforgettable journey of intellectual exploration as it pertains to eyewitness accounts or reptilian humanoid encounters and their possible origins. In this free lecture, John Rhodes will be discussing Earth's deepest Ultima SubTerra Incognita (or "Ultimate Undiscovered Underground") and the "Reptilian humanoid" civilizations living there. Separating facts from numerous fictional conspiracy theories, John will expose a dangerous trend towards demonizing Reptoids (and people with the unusual RH-negative blood factor.) This prejudice may well suite the plans of certain groups, and individuals...even The New World Order, so beware! SECRETS OF THE CROP CIRCLES: THE GIFT OF THE GODS, with William Henry. William Henry is an investigative mythologist and author. His primary expertise and mission is finding and interpreting ancient stories which feature advanced technology for raising of spiritual vibration and increasing spiritual vision. Crop circles contain a blueprint for the construction of a device that will save humanity from a future global catastrophe, says physicist Dr. Paul LaViolette. Taking this cue, investigative mythologist and author William Henry went in search of evidence of crop circles that portray such a device. What he has found is truly explosive. With direct, non-technical language highlighted by crop circle images and other extraordinary pictorial evidence he shows how the glyphs are hyper dimensional messages that encode a device, possibly used by extraterrestrial beings, to create crop circles through quantum communication. This same technology is the basis for Star Trek's "beam me up Scotty" technology. William Henry has found what may be the key to crop circle phenomena and much, much more. His dramatic conclusions have profound implications for the study of UFOs, crop circles and sacred symbolism worldwide. CONTACT AND THE UNIVERSAL PROPHECY, with Dr. Louis Turi. Following four extraordinary UFO experiences in Europe and the US, Dr. Turi's life changed dramatically on August 11th, 1991 when he and his wife were taking onboard of a flying saucer. The extraterrestrials "downloaded" into Dr. Turi's mind the conception of the dynamics of the universe and its impact upon the human psyche. Since then Dr. Turi made unarguable and well documented predictions such as the Kobe earthquake, Hurricane Andrew, the fall of Saddam Hussein regime, the 911 terrorist attack in N.Y., the WA sniper, the SARS deadly virus, both shuttle explosions, the N.Y. black out, the deadly wave of heat waves and destructive fires just to name a few. Dr. Turi will make numerous predictions for the US and the world in 2005 where specific dates and events will be announced to the audience. Experience Dr. Turi's lifetime collection of UFO pictures put together as a unique slide presentation. See pictures of ET X-rays from a Russian KGB/CIA project in Antarctica and a bright UFO in the Phoenix sky among many others. There is also the depiction of a stationary flying saucer suspended 30 feet above Dr. Turi's head in one of his own encounters. There are saucers, orbs, strange lights and paintings of his experiences with the ET's. He will show the location in his native village in France, where some of his incredible contact occurred. THE MEIER CONTACTS: THE KEY TO OUR FUTURE SURVIVAL, with Michael Horn. Michael Horn is the Authorized American Media Representative for the Billy Meier Contacts. He has researched the contacts since 1979, lectured and appeared on numerous radio and TV programs. Michael's multi-media presentation of the Billy Meier UFO Contacts (on-going in Switzerland for 62 years) explores the abundant, still irreproducible, photos, films, video, sound recordings and metal samples, the nearly 50 years of amazing, prophetically accurate scientific and world event-related information published by Meier years before "official" discovery or occurrences and the failure of the top international professional skeptics to duplicate Meier's photos/films. UFOS AT "THE RANCH" – LANDINGS, MORPHING AND BI-LOCATION, with James Gilliland. After a near death experience brought about by drowning, James Gilliland could no longer continue business as usual. His eyes were fully opened, and he saw the lack of love and joy in his life and his work. Success through material acquisition, "the American dream", was now seen for its emptiness. He realized that the temporary joy and pleasure possessions and outer appearances brought were not the goal and began his inward journey. After experiencing the pure unconditional love and joy, "BLISS", of connecting directly to the source during his near death experience, all that mattered was to reconnect and maintain that contact. This

SATURDAY NIGHT KEYNOTE ADDRESS, with Lloyd Pye. Lloyd Pye has been a fixture in the field of alternative knowledge since 1998, when he published "Everything You Know Is Wrong—Book One: Human Origins." He is now recognized as an authority on the Intervention Theory of human origins, which stands opposed to Darwinism, Creationism, or Intelligent Design. He is also known as a spokesman for the reality of hominoids (Bigfoot, Yeti, etc.) and is best known as the caretaker of the Star Child Skull. Since 1999 Lloyd has been attempting to scientifically determine what this mysterious skull is made of, and whether or not it is entirely human. He anticipates having definitive answers by the end of this year (2004). In this keynote address Lloyd will speak about the ongoing struggle among alternative knowledge researchers to be taken seriously by mainstream defenders of status quos. This is old ground well trod by all of us, but Lloyd will put his own unique spin on it using stories and examples from the Cajun area of Louisiana where he hails from. ANCIENT TECHNOLOGY FROM THE PAST: WHITE POWDER GOLD, with Jim Marrs. It has been widely reported that Saddam Hussein believes himself to be

the reincarnation of King Nebuchadnezzar, the Babylonian monarch that tried to contact the prehistoric gods. It has also been reported that amazing new archeological finds were discovered in Iraq in the late 1990's. Could these ancient texts provide the key to understanding the monatomic elements only now being studied by modern scientists? Could these elements - which may provide the secrets of limitless non-polluting energy, teleportation, longevity and even time and dimension travel - be the true reason for the United States' recent and unprecedented invasion of Iraq? Author/Journalist Jim Marrs for the first time puts the pieces of this intriguing puzzle together. A native of Fort Worth, Texas, Mr. Marrs earned a Bachelor of Arts degree in journalism from the University of North Texas in 1966 and attended Graduate School at Texas Tech in Lubbock for two years more. THE GIZA POWER PLANT, with Christopher Dunn. Christopher Dunn has an extensive background as a master craftsman, starting as a journeyman lathe turner in his hometown of Manchester, England. Recruited by an American aerospace company, he immigrated to the United States in 1969. The author's pyramid odyssey began in 1977 when he read Peter Tompkins' book *Secrets of the Great Pyramid*. His immediate reaction to the Giza Pyramid's schematics was that this edifice was a gigantic machine. Discovering the purpose of this machine and documenting his case has taken the better part of twenty years of research. In the process he has published a dozen magazine articles, including the much-quoted "Advanced Machining in Ancient Egypt" in *Analog*, and has had his research referenced in such books as Graham Hancock's "Fingerprints of the Gods" and Cohn Wilson's "From Atlantis to the Sphinx". Chris Dunn, his wife Jeanne and their children live in Danville, Illinois. In 1998, he published the groundbreaking book *The Giza Power Plant: Technologies of Ancient Egypt*, which proposed that the Great Pyramid of Giza was actually a large acoustical device that produced energy. UFO WATCHTOWER AND ALIEN ABDUCTION CONFERENCE – Hooper, Colorado

AWAKENING TO THE EXTRATERRESTRIAL REALITY, with Mark Kimmel. In this presentation Mark discusses extraterrestrial contact and how these events have been covered up, the important and compelling implications and messages we can derive from studying events of extraterrestrial contact, and the "Spectrum of Reality" and why we Earth-humans are so reluctant to embrace the larger picture. Since 1987, Mark Kimmel, author of Trillion, has studied the messages provided by extraterrestrials. Utilizing disciplines learned during his business career, he avoids the sensational and fear riddled perspectives that plague many who get trapped in the alien, UFO, or ET phenomena, and the mystery and secrecy surrounding it. By focusing on the implications of extraterrestrial contact in both his writing and speaking, Mark gets to the heart of the matter and presents an uplifting vision for the future of this planet. Mark's exposure to UFOs began when he was shown a copy of Project Blue Book, a supposedly classified USAF document about reported sightings. The year was 1963. In 1997, Mark wrote the first draft of Trillion while he was studying for his Masters in Psychology. During the interim years he had become convinced that there were not the lone inhabited planet, that we were being visited by representatives of off-planet civilizations, and that these wiser beings had messages they wished to impart to us. Mark is married with two grown sons. He lives in

Southwest Colorado amidst the natural splendor he incorporates into his writing. He spends his days further researching the implications of extraterrestrial contact, and completing the sequel to Trillion. COULD ORTHODOX CHRISTIANITY AND JUDAISM ACCOMMODATE A GENUINE EXTRATERRESTRIAL REALITY? with Michael S. Heiser, Ph.D. Mike Heiser has completed his Ph.D. in Hebrew Bible and Ancient Semitic Languages at the University of Wisconsin-Madison. Mike holds an M.A. in Ancient History (Egypt, Palestine) from the University of Pennsylvania and an M.A. from the UW-Madison in Hebrew Bible and Ancient Semitic Languages. He has taught biblical studies and biblical theology on the undergraduate level for eleven years. He has had a lifelong interest in the paranormal, particularly UFOlogy, and the subject of ET life. Mike has lectured frequently on those topics, specializing in critical evaluation of the belief that UFOs and aliens are found in ancient Near Eastern texts, including the Bible. He is an expert on divine beings and angels in the Hebrew Bible, Second Temple Jewish literature, and Canaanite texts. Mike holds a personal disdain for both intellectual snobbery, and the religious fear of critical thinking (and thinkers) - both of which he feels tend to form an ungodly barrier between general academia, church leadership, and the public whom they *should* be serving. In that spirit, Heiser authored *The Façade*, a mind-blowing novelization of the above subjects, which makes his original perspectives and 20 years of highly credentialed scholarship easily accessible to

THE HISTORY OF MAN-MADE UFOS, THE OCCULT AND THE TECHNOLOGICAL PAPER TRAIL PREFACING THE 1947 UFO CRASH IN ROSWELL, with Jim Wilhelmsen. As a new Christian, I had a difficult time integrating my new faith with some of the knowledge I had about U.F.O.'s. For me this was a pressing issue. I really needed to have some answers by scripture. The apparent silence and lack of understanding by the church did not help. I had to dig for answers myself. In 1976, I received three scriptures; Genesis 6:1-13, Daniel 11:36-38 and Revelations 11:9. I knew by this that something happened before the flood that somehow was related to U.F.O.'s and would possibly happen again in the "end-times." I was satisfied for the time and set it aside sensing that someday I would have to study further and write about it. Because I had no prior experience with organized church, I began a whirlwind tour, prayerfully searching for where I should go. In 1975 I was befriended by a man who has since authored several books on cults. I will leave him anonymous because he might prefer to distance himself from ideas that are so unconventional. He taught me how to use reference books to study the Bible in the original languages. I did some research for him on one of his books and fell in love with the whole research process. FREEDOM OF INFORMATION ACT FILES: OFFICIAL GOVERNMENT RECORDS OF UFO CASES, with John Greenwald, Jr. John Greenwald, Jr. has been researching UFOs since the age of 15. He began simply with the question of whether any true evidence or documentation of UFOs exists, when he learned of the Freedom of Information Act. His persistent requests for previously classified documentation on UFO sightings and investigations through legal (but often hard to navigate) channels has resulted in his now famous website "The Black Vault." Sometimes referred to as "the motherlode" of official, government UFO related documents, The Black Vault now contains over 100,000 government documents detailing their investigations into UFOs. From the image on the left, you will see, however, that not all U.S. government UFO reports were ever intended to see the public eye! Now 21, find out more when John shares what he's learned over the past 6 years. Greenwald has been a featured presenter at The Bay Area UFO Expo and the Tri-Lakes UFO Congress. **AOD-905V • UPC 8 82917 09053 0 • 90 min • VHS Video • \$24.95 +++ AOD-905D • UPC 8 82917 09059 2 • 90 min • DVD Disk • \$24.95**

UFOS AND THE NATIONAL SECURITY STATE: DOCUMENTING GOVERNMENT DUPLICITY ON UFOS, with Richard Dolan. Richard Dolan is the author of "UFOS and the National Security State," a recent work central to understanding the government management of the extraterrestrial phenomena issue during the second half of the 20th Century. He will provide a historical foundation for UFOs and government secrecy. Drawing on official documents

acquired through the Freedom of Information Act, he will detail the extreme levels of interest given to UFOs by the U.S. military and intelligence community, despite public statements to the contrary. One reason he offers is that unknown and extraordinary objects have repeatedly violated sensitive U.S. airspace. Frequently, these objects exhibited capabilities far beyond those of military aircraft even today. Dolan's historical analysis will include the origins and development of a secrecy/cover-up posture during the cold war, as well as descriptions of several spectacular military encounters with UFOs. He will also point out why it is unlikely that "true" UFOs in the early years could have been the product of a secret military program. **AOD-906V • UPC 8 82917 09063 9 • 90 min • VHS Video • \$24.95 +++ AOD-906D • UPC 8 82917 09069 1 • 90 min • DVD Disk • \$24.95**

NASA'S VIDEO EVIDENCE OF UNIDENTIFIED FLYING OBJECTS, with David Sereda. David Sereda, born in Edmonton, Alberta, Canada on August 21, 1961, became a permanent Resident of the United States of America with his family in 1964 and grew up in the State of California. David Sereda's first aspiration in life was to become an astronaut. He kept a scrapbook of every Apollo mission while growing up in Berkeley and San Francisco, California in the 1960s. In approximately 1968, while David was on his way home from elementary school in Berkeley, California, he and his friend Tommy witnessed a large, classic disc-shaped UFO hovering in a clear blue sky with hundreds of witnesses shouting with excitement in the streets all pointing upwards in utter amazement. After 20 minutes to a half an hour of witnessing this UFO, David said he saw it literally disappear in one second into another invisible dimension, a subject that would take him until the year 2000 to understand. With a permanent and affected memory, David grew up as a UFO enthusiast never living in doubt of the phenomena that has swept the world since the Roswell incident in 1947. His interest in space, religion, philosophy, astronomy and science led him on his career in related fields. He has worked deeply in high technology, on environmental and humanitarian issues and as a professional photographer for over 20 years. He has studied world religion, science, physics and paranormal psychology for over 25 years on virtually hundreds of issues. **AOD-907V • UPC 8 82917 09073 8 • 90 min • VHS Video • \$24.95 +++ AOD-907D • UPC 8 82917 09079 0 • 90 min • DVD Disk • \$24.95**

Since 1994, David Flynn has posted his groundbreaking research of ancient mysteries, Masonry, gnosticism, crop circles, UFOs, and Bible prophecy on his famous Watcher website. In his first public speaking appearance, Dave expertly connects the sacred geometry and monuments of a seemingly destroyed culture, to Earth's most ancient mythologies, deities and mystery religions. From a Genesis 3 paradigm, Dave presents these so-called mythologies as fact-based, using both scripture and his amazing grasp of astronomy to draw a clear connection to the serpentine god of multiple cultures, who gave mankind knowledge, or "gnosis." **AOD-909V • UPC 8 82917 09093 6 • 90 min • VHS Video • \$24.95 +++ AOD-909D • UPC 8 82917 09099 8 • 90 min • DVD Disk • \$24.95**

THE BOOK OF ENOCH AND THE THEOLOGICAL COVER-UP OF GENESIS 6, with Guy Malone. An experimenter himself, Malone has considered the UFO and abduction phenomena to be real since childhood. Once a somewhat "new age" believer in "beneficial aliens here to help mankind," many factors have since contributed his more sinister understanding of at least the abduction phenomenon. His entry into the field of UFOlogy was the publication of his first website and 1998 book, *Come Sail Away: UFO Phenomenon & The Bible*. An admittedly under-researched but good "freshman effort," the book tells his own personal childhood experiences, and examines UFOlogy 101 in light of Christianity 101, both in an introductory (cursory) manner. He has since learned that much of the documented UFO phenomenon simply does not so neatly fit his original view of UFOs - or of the Bible! Spurred by the Heaven's Gate tragedy, in 1999 Malone moved to Roswell New Mexico as a sort of "missionary" - to become more visible and accessible to those whose spiritual views were being influenced by the more occult aspects of UFO belief (opposed to research) - and especially - contact. Opening Alien Resistance HQ in 2000, the storefront has since served as "*Roswell's only source for Biblical perspectives on UFOs and abductions,*" with an emphasis on the angelic view of Genesis 6 (mostly absent from *Come Sail Away*, and most Christian books on UFOs) and it's overlooked implications. Based upon his now exhaustive studies of the Genesis 6 paradigm, he gleans from several sources to inform, challenge and occasionally outrage both the UFO community and the church, each of which he feels hold to incomplete information and even certain dogmas, which ultimately prevent either group from embracing or teaching the full implications of what this, and other related passages, reveal. **AOD-912V • UPC 8 82917 09123 0 • 90 min • VHS Video • \$24.95 +++ AOD-912D • UPC 8 82917**

THE POLITICS OF DISCLOSURE – KEYNOTE ADDRESS, with Stephen Bassett. Stephen Bassett is a political activist, founder of Paradigm Research Group, Executive Director of the Extraterrestrial Phenomena Political Action Committee (X-PPAC, pronounced “expack”), author of the Paradigm Clock website, and a political columnist, commentator and former Independent candidate for Congress. He is the executive producer of the X-Conference. Presently he is the only registered lobbyist in the United States representing extraterrestrial related phenomena research/activist organizations, and X-PPAC is the first political action committee to target the political implications of extraterrestrial related phenomena.

Between April 19 and November 5 of 2002 he conducted an independent candidacy in the 2002 congressional campaign for the 8th District of Maryland. It was the first instance in which a candidate on the November ballot in a federal election addressed the matter of an extraterrestrial presence and the government imposed truth embargo. On January 13 of 2003 he launched a new project, Citizen Hearing, which intends to conduct a week-long hearing in Washington, DC before former Members of the House and Senate. The motto for this project is, “If Congress will not do its job, the people will.” Since 1996 Bassett has assisted a number of organizations and initiatives, which have been making the case for 1) an end to the government embargo on the truth surrounding an extraterrestrial presence and 2) open congressional hearings to take the testimony of former military and agency employees witness to extraterrestrial related events and evidence. He has spoken to millions of Americans about the likelihood and implications of a formal disclosure event. **AOD-913V • UPC 8 82917 09133 9 • 90 min • VHS Video • \$24.95 +++ AOD-913D • UPC 8 82917 09139 1 • 90 min • DVD Disk • \$24.95**

BIBLICAL ABDUCTIONS? AN ORTHODOX LOOK AT THE EXPERIENCES OF ENOCH, ELIJAH, EZEKIEL AND OTHERS, with Guy Malone. An experimenter himself, Malone has considered the UFO and abduction phenomena to be real since childhood. Once a somewhat “new age” believer in “beneficial aliens here to help mankind,” many factors have since contributed his more sinister understanding of at least the abduction phenomenon. His entry into the field of UFOlogy was the publication of his first website and 1998 book, *Come Sail Away : UFO Phenomenon & The Bible*. An admittedly under-researched but good “freshman effort,” the book tells his own personal childhood experiences, and examines UFOlogy 101 in light of Christianity 101, both in an introductory (cursory) manner. He has since learned that much of the documented UFO phenomenon simply does not so neatly fit his original view of UFOs - or of the Bible! Spurred by the Heaven’s Gate tragedy, in 1999 Malone moved to Roswell New Mexico as a sort of “missionary” - to become more visible and accessible to those whose spiritual views were being influenced by the more occult aspects of UFO belief (opposed to research) - and especially - contact. Opening Alien Resistance HQ in 2000, the storefront has since served as “Roswell’s only source for Biblical perspectives on UFOs and abductions,” with an emphasis on the angelic view of Genesis 6 (mostly absent from *Come Sail Away*, and most Christian books on UFOs) and it’s overlooked implications. Based upon his now exhaustive studies of the Genesis 6 paradigm, he gleans from several sources to inform, challenge and occasionally outrage both the UFO community and the church, each of which he feels hold to incomplete information and even certain dogmas, which ultimately prevent either group from embracing or teaching the full implications of what this, and other related passages, reveal. **AOD-919V • UPC 8 82917 09193 3 • 75 min • VHS Video • \$24.95 +++ AOD-919D • UPC 8 82917 09199 5 • 75 min • DVD Disk • \$24.95**

DEFENSES AGAINST ABDUCTION, with Ann Druffel. Ann Druffel began investigating UFO reports in the Southern California area in April 1957 with the National Investigations Committee on Aerial Phenomena (NICAP), which was directed by the UFO research pioneer Major Donald E. Keyhoe, USMC (Ret.). She became acquainted with Dr. James E. McDonald through his contacts with the Los Angeles NICAP Subcommittee from 1966 to 1971. After NICAP’s demise in 1970, she joined the Mutual UFO Network (MUFON) and the then newly-formed Center for UFO Studies (CUFOS.) She has researched over 2,000 Los Angeles Basin reports, including alleged landings, UFO photo cases, close encounters with physical effects on witnesses and terrain, alleged “abduction” reports and other UFO-related phenomena. A prolific writer, Druffel has contributed over 180 articles on various aspects of the UFO question to numerous UFO journals and newsstand magazines. She wrote the book *How to Defend Yourself Against Alien Abductions* and co-authored *Tujunga Canyon Contacts with parapsychologist D. Scott Rogo*. Her newest book *Firestorm*, is a biography of scientist and UFO researcher Dr. James

McDonald. **AOD-920V • UPC 8 82917 09203 9 • 90 min • VHS Video • \$24.95 +++ AOD-920D • UPC 8 82917 09209 1 • 90 min • DVD Disk • \$24.95**

TERMINATING ABDUCTIONS AS A LIFE PATTERN: TESTIMONY OF A MUFON RESEARCHER, with Joe Jordan. Joe Jordan is President and co-founder of CE 4 Research Group. He is also a MUFON State Section Director for Brevard County, Florida. He currently works for Sea Ray Boats in Product Design and Development. CE 4 is an alien abduction research group based in Joe's hometown of Cocoa, Florida (aka "the Space Coast"). CE 4 first distinguished themselves from all other UFO and Abduction research groups by being the first to publish - within the UFO community - documented cases of abductions being halted. Primarily an outreach and counseling ministry to abductees, CE-4 Research Group was established to separate their MUFON activities from their abduction investigation and research. Established in October, 1996, the group consists of about a dozen MUFON (Mutual UFO Network) Field Investigators and researchers. **AOD-921V • UPC 8 82917 09213 8 • 90 min • VHS Video • \$24.95 +++ AOD-921D • UPC 8 82917 09219 0 • 90 min • DVD Disk • \$24.95**

EZEKIEL'S WHEEL AND CHAPTER 1 VISION, with Michael S. Heiser, Ph.D. Mike Heiser has completed his Ph.D. in Hebrew Bible and Ancient Semitic Languages at the University of Wisconsin-Madison. Mike holds an M.A. in Ancient History (Egypt, Palestine) from the University of Pennsylvania and an M.A. from the UW-Madison in Hebrew Bible and Ancient Semitic Languages. He has taught biblical studies and biblical theology on the undergraduate level for eleven years. He has had a lifelong interest in the paranormal, particularly UFOlogy, and the subject of ET life. Mike has lectured frequently on those topics, specializing in critical evaluation of the belief that UFOs and aliens are found in ancient near eastern texts, including the Bible. PROBLEMS OF UFO DISCLOSURE, with Richard Dolan. Richard Dolan is the author of "UFOs and the National Security State," a recent work central to understanding the government management of the extraterrestrial phenomena issue during the second half of the 20th Century. He will provide a historical foundation for UFOs and government secrecy. Drawing on official documents acquired through the Freedom of Information Act, he will detail the extreme levels of interest given to UFOs by the U.S. military and intelligence community, despite public statements to the contrary. One reason he offers is that unknown and extraordinary objects have repeatedly vio-

lated sensitive U.S. airspace. Frequently, these objects exhibited capabilities far beyond those of military aircraft even today. Dolan's historical analysis will include the origins and development of a secrecy/cover-up posture during the cold war, as well as descriptions of several spectacular military encounters with UFOs. He will also point out why it is unlikely that "true" UFOs in the early years could have been the product of a secret military program. **AOD-927V • UPC 8 82917 09273 2 • 60 min • VHS Video • \$19.95 +++ AOD-927D • UPC 8 82917 09279 4 • 60 min • DVD Disk • \$19.95**

EXPLORING THE LIMITS OF PULSED ELECTROMAGNETIC HEALING, with Glen A. Gordon, M.D. In 1980 we received the first investigational device exemption issued in the US to study low level laser effects in soft tissue injuries. A sizable anecdotal experience with these devices by Soviet bloc athletes was reported, however FDA stated they had no biologic effect. Using freshly harvested surgical specimens and a spectrophotometer we studied skin transmission from near infrared through 904 nm. That model failed to demonstrate meaningful transmittal of monochromatic light radiation causing us to study the device for other sources of EM radiation to explain our observations in red blood cell models and clinical application(s). **Tesla-602V • UPC 8 82917 06023 6 • 51 min • DVD Disk • \$19.95 +++ Tesla-602D • UPC 8 82917 06029 8 • 51 min • DVD Disk • \$19.95**

THE PHOTON STIMULATOR, with Tony

Cocilovo. In the 1970's the concept of light and color therapy were in their rudimentary stage of development. At that time, in addition to a dearth of written research materials, the available equipment was inadequate for human experimental needs. Tony determined that it was necessary to construct a device that could deliver pulsed and colored light to the iris via an optic fiber which would not be damaging to the eye. Russian research found that living tissue conducts light along acupuncture meridians. In fact, the light conducting ability of the human body exists only along the meridians. The demonstration will show: 1) the wireless transmission of electrical energy, 2) the reaction of the receiver to the transmitter, 3) Free Energy with an over-unity-effect, 4) transmitting of scalar waves with 1.5 times the speed of light, 5) the inefficiency of a Faraday cage to shield scalar waves. 6) the transmission over a long distance showing it is not a near-field-effect 7) the modulation of a passive receiver send to another receiver of scalar waves **Tesla-605V • UPC 8 82917 06053 3 • 66 min • DVD Disk • \$24.95 +++ Tesla-605D • UPC 8 82917 06059 5 • 66 min • DVD Disk • \$24.95**

ZERO-POINT EXTRACTION FROM THE QUANTUM VACUUM, with Thomas Valone, Ph.D. Today we face a destabilizing dependency on irreplaceable fossil fuels which are also rapidly dwindling. A real need exists for a portable source of power that can compete with fossil fuel and its energy density. A further need exists for a fuelless source of power which, by definition, does not require re-fueling. One possible source could be zero-point energy (ZPE). A major feasibility study by Integrity Research Institute placed its emphasis on the practical potential for ZPE energy conversion, especially in view of recent advances in nanotechnology, than in the theory. **Tesla-606V • UPC 8 82917 06063 2 • 72 min • DVD Disk • \$24.95 +++ Tesla-606D • UPC 8 82917 06069 4 • 72 min • DVD Disk • \$24.95**

QUANTUM TECHNOLOGIES, with Dr. Kiril Chukanov. The concept of 'quantum energy', or the energy of space, may seem puzzling at first. After all, there is no such thing as free energy. Or is there? For decades people were observing the mysterious natural phenomenon of ball lightning which radiates an enormous amount of energy in form of light and heat, making it a source of abundant free energy. Artificially created ball lightning can produce a quantum free energy in form of photon radiation or electricity. The efficiency and the energy level of the radiated quantum photons depend on the scale of the process. The quantum energy process becomes a "stand-alone" process for microwave input power bigger than 100 KW. **Tesla-607V • UPC 8 82917 06073 1 • 65 min • DVD Disk • \$24.95 +++ Tesla-607D • UPC 8 82917 06079 3 • 65 min • DVD Disk • \$24.95**

INNOVATIVE ENERGY TECHNOLOGY, with Bruce Perreault. When light falls on the junction of a crystal diode, it, like a solar cell, acquires a forward-biased charge. What this shared characteristic tells us is that the solar cell and the crystal radio diode are fundamentally the same and allows us to convert ambient radio frequency radiation (static noise) into useful electrical current. To efficiently convert this source of energy into useful current, a diode has to be built that will respond to the minute voltages. This is exactly what the Perreault "ionic diode" accomplishes. Perreault's Ultra Fuel Cell demonstrates an economical method of electrolysis, producing hydrogen and oxygen ions. **Tesla-609V • UPC 8 82917 06093 9 • 64 min • DVD Disk • \$24.95 +++ Tesla-609D • UPC 8 82917 06099 1 • 64 min • DVD Disk • \$24.95**

PER-MAG MOTORS AND VAPOR SYSTEMS, with Alan Francouer. As early as 1986, Al began his research into interference disc generators. As part of his research, he replicated the Gary Motor which gave him an opportunity to learn more about magnetic forces and their interactions in a motor. He has built three interference disc generators and is currently working on the fourth generation prototype. This generator is quite unique in that it simulates a moving magnetic field by shielding and unshielding the magnets on the armature. As the magnetic field's intensity is constantly changing, the coils "see" a moving field, and thus create an electric current. **Tesla-610V • UPC 8 82917 06103 5 • 63 min • DVD Disk • \$24.95 +++ Tesla-610D • UPC 8 82917 06109 7 • 63 min • DVD Disk • \$24.95**

Ken Shoulders can repeatedly launch micron size, plasmoid entities that resemble ball lightning, called electrum validum (EV) or charge clusters. The tanks were topped off, and the van driven 20.2 miles at 65mph with the AC unit on. When we arrived back at the fueling station we were amazed to find that we could only squeeze 0.2 gallon back into the tank, we even picked the hose up and tried to pour the extra gas from the line into the tank but it all ran back out onto the ground. THE KEELY LEGACY SYMPATHETIC VIBRATORY PHYSICS, with Dale Pond. Over 100 years ago, John Ernst Worrell Keely, developed the Musical Dynasphere. These devices were designed as Prime Movers or power sources to drive the industries of that time. Keely was able to develop useable horsepower as demonstrated to engineers and scientists of that time period who left affidavits and testimonials. These devices were harnessed to vibrational energies, the interconnecting link between all matter. The awareness of vibrational energy has spawned a new field of study referred to as sympathetic vibratory physics. By studying and applying the principles of vibration we are enabled to see beyond material matter and into the very nature of the causative Forces of Nature operating by immutable Universal Laws. **Tesla-616V • UPC 8 82917 06163 9 • 55 min • DVD Disk • \$19.95 +++ Tesla-616D • UPC 8 82917 06169 1 • 55 min • DVD Disk • \$19.95**

Preliminary analysis shows that there is a basic pattern to creation that exists from the sub-atomic level to the highest levels of the physical universe. MAGNETS AND SPACE ENERGY, with Hal Fox. The study of magnets and magnetism has been going on for several thousand years. In 1269 AD, an engineer named Petrus Peregrinus compiled all of the known information in a letter which introduced the concept of self-running magnetic motors. Over time, improved magnetic materials have been developed so that stronger magnets can be made. It is well KNOWN that by using some materials and applying a magnetizing force for a short period of time a permanent magnet can be made. Magnetic theory includes the concept of ferromagnetic domains in which atomic or nuclear magnetic alignments are made parallel. **Tesla-618V • UPC 8 82917 06183 7 • 54 min • DVD Disk • \$19.95 +++ Tesla-618D • UPC 8 82917 06189 9 • 54 min • DVD Disk • \$19.95**

GLIMPSES OF DISCLOSURE: THE OTHER SIDE OF THE COVER-UP, with Grant Cameron. The public's general impression is that of a government which hid away the facts surrounding extraterrestrials and refused to release anything. Those controlling the secret have been painted as evil men who have contempt for the truth and for the people's right to know. "Glimpses of Disclosure" will tell a more complicated story. Those who kept the secrets were men of good will who agonized over releasing the truth. Concerned over the impact of complete disclosure, they took a middle position of carefully releasing the story of the U.S. government's role without allowing anyone to obtain a critical mass of information. Those who controlled the secrets have on a number of occasions purposely released key pieces of the UFO story into the public consciousness through a mixed process of disclosure and disinformation. Glimpses of Disclosure will also look at the efforts of various presidents to release elements of the UFO story, or who actually tried to initiate a complete disclosure. The efforts of the Carter and Clinton administrations will be the focus of this section. **XCon-701V • UPC 8 82917 07013 6 • 50 min • VHS Video • \$19.95 +++ XCon-701D • UPC 8 82917 07019 8 • 50 min • DVD Disk • \$19.95**

NEWS MEDIA COMPLICITY AND THE TRUTH EMBARGO, with Terry Hansen. A mesmerizing account of his investigation into whether some of America's most influential news organizations, many having maintained close ties to the U.S. intelligence community, have willingly suppressed full and accurate news coverage of extraterrestrial related phenomena for a variety of "national-security" reasons. Hansen reveals the remarkable and persistent difference in UFO-related news coverage exhibited by local and national news organizations and reviews the history of censorship and propaganda during the twentieth century and the evidence for media-government collusion over the course of the half-century-long UFO controversy. Terry Hansen is an independent journalist with an interest in scientific controversies and the politics of mass media. He is author of *The Missing Times: News Media Complicity in the UFO Cover-up*. He has organized and moderated two symposiums about the science and politics of UFO research for the Science Museum of Minnesota. Hansen holds a bachelor's degree in biology and a master's degree in science journalism, both from the University of Minnesota. He was a founding partner of KFH Publications, Inc., a Seattle computer-magazine publishing company. This presentation covers some of the more recent and important stories that have been suppressed by the media cartels and powers-that-be. **XCon-702V • UPC 8 82917 07023 5 • 50 min • VHS Video • \$19.95 +++ XCon-702D • UPC 8 82917 07029 7 • 50 min • DVD Disk • \$19.95**

THE FIRESTORM: DR. JAMES E. MCDONALD'S FIGHT FOR UFO SCIENCE, with Ann Druffel. Ann will expand

on her new book, *Firestorm*, which tells the important story of Dr. James McDonald. Her book and presentation powerfully demonstrate what researchers have gone through to bring a truth to the public which the public's elected and appointed officials did not want acknowledged. Of all the researchers who intersected with the process and prospects of governmental public disclosure, none was more intellectually suited and had collected more scientifically valid data than Dr. James E. McDonald, a prominent scientist and professor with the Institute of Atmospheric Physics and the University of Arizona at Tucson. He had unprecedented high-level contacts, and during his scientific career introduced numerous groundbreaking projects in meteorology and climatology under ONR contracts and with top scientific organizations. Between 1958-1971 he worked closely with science-oriented UFO groups nationwide and in several foreign countries. He gave hundreds of talks on UFOs before top scientific organizations, influencing numerous scientists to take the UFO question seriously and in 1968 was instrumental in bringing about one of only two public Congressional hearings, thus far, on the UFO subject. His premature death, a suicide, at age 51 stands as a warning to researchers, for McDonald was under surveillance by unknown sources. McDonald had the right methodology, adequate empirical data, and always presented his facts in strictly scientific terms. In seeking disclosure, we must follow his lead, for those who ignore history are doomed to repeat it. **XCon-703V • UPC 8 82917 07033 4 • 50 min • VHS Video • \$19.95 +++ XCon-703D • UPC 8 82917 07039 6 • 50 min • DVD Disk • \$19.95**

THE NEXUS OF EXOPOLITICS AND GLOBAL PEACE, with Dr. C. B. Scott Jones. One of the key figures in the private approach to the Clinton administration by Laurance Rockefeller seeking the release of government documents and an end to the truth embargo, former Naval intelligence officer, Dr. Scott Jones, will discuss how humanity is placed in a highly vulnerable position by politics of exclusion and denial of the intimate relationship of all life in the universe. That is the direct relationship of Exopolitics and global peace and survival. Up to this point, strategies used to engage the nation-state system on Exopolitical issues have failed. A new strategy, formulated around the historical precedence of successful use of the think tank in American politics, is recommended. A short "Issues to be Explored" think piece would be personally briefed to a number of international think tanks. They would be requested to do pro bono studies on the challenges and opportunities that the Exopolitical enigma presents. This approach is deliberately designed not to engage countries, but private think tanks from a variety of cultures. The think tank studies would be used as wedges to open a public debate involving, among others, international media, the National Academy of Sciences and their counterparts in other countries, universities, and organized religion. National governments and the United Nations would not be directly approached, but allowed to enter the dialogue at their own initiative. This presentation is filled with accounts of trying the old strategies with research and intelligence communities in China and the former Soviet Union. Much was learned about their interests and activities. The Chinese suggested a special role that the United States might be destined to fill. **XCon-704V • UPC 8 82917 07043 3 • 50 min • VHS Video • \$19.95 +++**

MJ-12 COMMITTEE OF THE MAJORITY: THE STRANGE DEATH OF JAMES FORRESTAL with Peter Robbins. Once the truth embargo is ended it will be necessary to reexamine significant portions of the historical record of the second half of the 20th Century in light of this extraordinary new information with particular emphasis on military/intelligence/political events. In fact, this is already underway. Peter Robbins is investigating the strange death of James Forrestal. In the official account, early on the morning of May 22, 1949, a despondent James Vincent Forrestal, former Secretary of the Navy, chief architect of our modern Department of Defense and recently retired as first Secretary of Defense, threw himself to his death from the 16th floor of the Bethesda Naval Hospital where he was being held under a round the clock Marine guard while being treated for depression. The Navy's five-month investigation concluded that Forrestal had taken his own life. The investigation report was then classified and remains so to this day. James Forrestal is the third official on the list denoting the members of the MJ-12 Committee of the Majority. Peter Robbins will take us through a diverse body of evidence that counters the Navy's contention and makes the case for officially sanctioned murder with a most compelling motive. Peter is currently the Editor-in-Chief of the website www.ufocity.com and writes a column for "UFO Magazine" called "Webwatch." Robbins has been involved with the UFO field for many years. In 1977 he created and produced "The Question of UFOs," a series of six half-hour programs for Channel C, Manhattan Cable TV. **XCon-705V • UPC 8 82917 07053 2 • 50 min • VHS Video • \$19.95 +++ XCon-705D • UPC 8 82917 07059 4 • 50 min • DVD Disk • \$19.95**

EXOPOLITICS: NEW DISCIPLINE FOR A NEW PARADIGM, with Dr. Michael Salla. Within a short number of years the study of the political science of extraterrestrial phenomena will be commonplace at universities around the world. It will be called "Exopolitics" in no small measure due to the work of Dr. Salla, who with a few others, is founding this new area of study. Attendees will be in the room for the birth of a new academic discipline. This lecture will identify the key features in the emergence of exopolitics as a branch of political science. Attention will be placed on identifying the different conceptual frameworks used to understand the extraterrestrial presence and its political implications. Attention will be on the various sources of information on the extraterrestrial presence, the coherence of these sources and their persuasiveness as evidentiary bases for making policy recommendation. Special focus will be on the motivations, activities and moral orientations of different extraterrestrial groups identified by a variety of sources. Finally, the way in which political control has evolved in response to the extraterrestrial presence by responsible government agencies in the US will also be identified and analyzed in the context of the present international political climate. **XCon-706V • UPC 8 82917 07063 1 • 50 min • VHS Video • \$19.95 +++ XCon-706D • UPC 8 82917 07069 3 • 50 min • DVD Disk • \$19.95**

COLONEL PHILIP J. CORSO AND THE POLITICS OF DISCLOSURE, with Dr. William Birnes. Phil Corso once told Bill Birnes during the course of working on the manuscript for *The Day after Roswell*, that the Army never had to worry about disinformation or a conspiracy to hide the truth because the public was more than willing to hide the truth for them. In other words, the UFO community itself, such as it was in the 1950s and '60s was so focused on some of the wilder stories about trips to Venus and creatures from nearby planets that the rock solid evidence of UFOs, right before the eyes of the American public, largely went unnoticed. Real sightings, witness reports from the military and from credible public safety officers were dismissed as wild ravings by the tabloid press and never even covered by mainstream media. Corso said that the government never actually had to worry about disclosure because the truth of the matter was so self-evident it was in plain sight and nobody was looking at it. This is the springboard for the presentation about Corso and how in his final lectures before academic audiences, he was able to present his story, stripped of all the hype and derogatory criticism, in a way that people could understand it. Corso's story encompassed far more than UFOs, although the Roswell file and his technology transfer program certainly became prominent in the latter part of his life. Of course, he was able to keep what he knew about the Roswell crash and the debris retrieved a secret. **XCon-709V • UPC 8 82917 07093 8 • 50 min • VHS Video • \$19.95 +++ XCon-709D • UPC 8 82917 07099 0 • 50 min • DVD Disk • \$19.95**

THE LEGACY OF COLONEL PHILIP J. THE MAKING OF THE MOVIE "ROSWELL," with Paul Davids. In 1994, "Roswell-mania" struck nationwide when Paul Davids produced and co-wrote the Showtime film, *Roswell*, starring Kyle MacLachlan, Martin Sheen and Dwight Yoakam. A firestorm was unleashed in Washington: Congressman Steven Schiff's inquiry to the Pentagon about the Roswell UFO case began, the Government Accounting Office investigated, President Clinton made a statement, and the Air Force issued reports on Roswell – first explaining it away as a Mogul research balloon, then adding crash dummies to explain the sightings of aliens. The build-up to the 1997 50th anniversary of the Roswell Incident was accompanied by more national hysteria – incredible claims of UFO reality from Col. Philip Corso, suicides by the Heavens Gate cult, a controversy over alien autopsy film and claims and counter-claims about the mysterious MJ-12 documents. Having lived in the center of the Roswell media storm, Davids will reveal how a \$25.00 deal between friends became a famous cable TV movie, and how the film that no one in Hollywood wanted to make suddenly became a project that was rushed to completion for broadcast with a lavish 6 million dollar TV budget. The movie producer, whose life was shaken by a daylight disc sighting near his home in 1987, will re-live his personal journey on the road to Roswell – a journey that transformed him from arch-skeptic about UFO's to being an advocate for the UFO disclosure movement. **XCon-713V • UPC 8 82917 07133 1 • 50 min • VHS Video • \$19.95 +++ XCon-713D •**

THE MEDIA CONNECTION ON THE ROAD TO FULL DISCLOSURE, with Paul Davids. Paul Davids' father, Dr. Jules Davids, was a principal contributor, or "ghostwriter," of JFK's Pulitzer Prize-winning book, *Profiles in Courage*. Paul Davids will reveal the story, the documents – and how his father's contribution was "covered up" during the 1960 Presidential campaign so as not to derail JFK's election. He will then examine examples of "profiles in media courage" related to the movement for UFO disclosure. Like the Senators in JFK's book, who risked their careers to take unpopular stands for what they perceived as a greater national purpose, some people working in the media – including film, TV and journalism – have risked their careers to try to bring down the veil of secrecy hiding the facts of UFO reality. The thesis is that UFO disclosure has been like "time-release aspirin" – and that the media has been used to acclimate the public to the concept that "We Are Not Alone" since the Orson Wells radio broadcast of *The War of the Worlds* in 1938. Early science-fiction films offered every possible scenario for space invasion, alien life – and even veiled accounts of the 1947 Roswell incident. Paul Davids will show just how much things have changed since the days when the CIA-backed Congressional Robertson Committee in the early 1950's recommended that media companies, such as Disney, be enlisted to debunk UFO's for the good of the nation. Using Bruce Roux's book *Hollywood vs. the Aliens* as a point of departure, Paul Davids will bring to life some of the profiles in media courage – to show how some dedicated people in the media have pushed the envelope to work toward tearing down the walls of government secrecy about UFO's. **XCon-714V • UPC 8 82917 07143 0 • 105 min • VHS Video • \$24.95 +++ XCon-714D • UPC 8 82917 07149 2 • 105 min • DVD Disk • \$24.95**

NATIONAL SECURITY AND UFOS: THE FOUNDATION YEARS – 1941 TO 1973, with Richard Dolan. Richard Dolan is the author of *UFOS and the National Security State*, a recent work central to understanding the government management of the extraterrestrial phenomena issue during the second half of the 20th Century. He will provide a historical foundation for UFOs and government secrecy. Drawing on official documents acquired through the Freedom of Information Act, he will detail the extreme levels of interest given to UFOs by the U.S. military and intelligence community, despite public statements to the contrary. One reason he offers is that unknown and extraordinary objects have repeatedly violated sensitive U.S. airspace. Frequently, these objects exhibited capabilities far beyond those of military aircraft even today. Dolan's historical analysis will include the origins and development of a secrecy/cover-up posture during the cold war, as well as descriptions of several spectacular military encounters with UFOs. He will also point out why it is unlikely that "true" UFOs in the early years could have been the product of a secret military program. PRG strongly advises any Congressional Members and staffers or political journalists coming to the X-Conference to attend this Lecture. Richard Dolan is the author of "UFOS and the National Security State," published by Keyhole Publishing, which covers the period from 1941 to 1973 and provides a thorough historical analysis of the national

security dimensions of the UFO phenomenon. **XCon-715V • UPC 8 82917 07153 9 • 50 min • VHS Video • \$19.95 +++ XCon-715D • UPC 8 82917 07159 1 • 50 min • DVD Disk • \$19.95**

NATIONAL SECURITY AND UFOS: THE RECENT YEARS – 1973 TO THE PRESENT, with Richard Dolan. Richard Dolan will expand his lecture on UFOs and government secrecy to cover the last thirty years. This in fact is the time frame in the forthcoming second volume of his, *UFOS and the National Security State*, due for release in 2005. Dolan's approach combines a rigorous adherence to verifiable facts with the willingness not to shrink from logical conclusions. Working strictly from historical documents and verified sources, he will describe the amazing story of military encounters with UFOs since the mid-1970s. In addition, Dolan will delve into the history of Area 51 and assess the state of our knowledge of what is actually going on there. This includes assessing the critical issue of whether or not the "deep black" world has developed its own "flying saucers." He will explain why UFO secrecy continues to this day and emphasize why this topic is one of grave concern for all of humanity. UFOS: THE COSMIC WATERGATE, with Stanton Friedman. Over the past 57 years there is overwhelming evidence that agencies of the US Government have intentionally withheld and misrepresented data on sightings of extraterrestrial craft. One can understand such an attitude during WWII. It is much harder to justify it now. There is no question that some technical data probably should be withheld. But the fact the planet is being engaged by extraterrestrial space craft should be of concern to all humans. Ignorance is not bliss in this case. Stanton will touch on the cover-up of the Project Blue Book Special Report #14, the Roswell incident and the disinformation targeting operation Majestic 12. The government was clearly guilty of misrepresentation in the manner in which Project Bluebook was terminated. He will introduce new material from his next book with the working title "Flying Saucers and Science." Stanton likes to refer to debunkers as noisy negativists. He has been taking on these debunkers for 47 years and shows no sign of slowing down. He is a legend in the field and possibly the best known researcher in the world. **XCon-718V • UPC 8 82917 07183 6 • 50 min • VHS Video • \$19.95 +++ XCon-718D • UPC 8 82917 07189 8 • 50 min • DVD Disk • \$19.95**

UFO COVER-UP: DEBUNKING THE DEBUNKERS, with Stanton Friedman. At the center of the truth embargo is a core of propaganda promulgated over 50 years in the guise of scientific skepticism. This false "skepticism" came to be known as "debunking." Having given more than 700 lectures about flying saucers in 15 countries; answered more than 35,000 questions; published more than 80 papers, 2 books, a CD-ROM and videos about UFOs and visited 20 document archives; Stanton Friedman has heard all the objections the human mind can conjure in

opposition to the extraterrestrial hypothesis. In the workshop, all objections will be discussed such as the notions that interstellar travel is impossible, there is no good evidence for flying saucer reality, secrets can't be kept, aliens engaging the earth would land on the White House lawn, SETI (Silly Effort to Investigate) is sensible science, the Drake Equation predicts extraterrestrial contact is unlikely and other false arguments. Good will also discuss his meeting at the Defense Airborne Reconnaissance Office at the Pentagon in 1998, and some of the information provided to him over the years by his contacts in Washington, including revelations via a high-ranking source who worked at the Pentagon with the USAF Air Staff and Joint Staff. **XCon-720V • UPC 8 82917 07203 1 • 50 min • VHS Video • \$19.95 +++ XCon-720D • UPC 8 82917 07209 3 • 50 min • DVD Disk • \$19.95**

BEYOND TOP SECRET: EXTRAORDINARY CASES OF EXTRATERRESTRIAL CONTACT, with Timothy Good. Timothy Good's workshop presentation will include some extraordinary cases, such as the encounters reported by a witness in Italy in 1993 who took a series of remarkable color Polaroid photographs of an unusual creature. Officers from the US Embassy in Rome attempted to steal the Polaroids and the witness was eventually arrested by the Italian military police. Good will also describe some of his investigations during seven visits to Puerto Rico in the 1990s, including an animal mutilation apparently monitored by US federal agents, the shooting by a police officer of an alien creature at point-blank range, the teleportation of a British Airways captain while flying a light aircraft, and the disappearance of an aircraft and its young pilots after reporting a UFO. Trips to alien bases in the Andes and the Pacific Ocean reported by a South American witness will be discussed in depth. Invited to Washington by the CIA, the witness was interrogated for several days at a "safe house." Finally, Good will reveal astounding new information about alien bases on Earth – including alleged locations – as provided to him via a high-ranking source who served in the USAF Air Staff and Joint Staff at the Pentagon. Earth – unique in our solar system and perhaps for light years around – is a center of operations for several species. Some are

here for purposes of exploitation, such as hybridization. This has led to a conflict of interest, at both a terrestrial and extraterrestrial level. **XCon-721V • UPC 8 82917 07213 0 • 105 min • VHS Video • \$24.95 +++ XCon-721D • UPC 8 82917 07219 2 • 105 min • DVD Disk • \$24.95**

AREA 51: AMERICA'S SECRET SPACE BASE, with William Hamilton. Area 51, also known as Groom Lake, is a secret military facility about 90 miles north of Las Vegas, Nevada USA. The number refers to a 6-by-10-mile block of land, at the center of which is a large air base the government will not discuss. The site was selected in the mid-1950s for testing of the U-2 spy plane, due to its remoteness, proximity to existing facilities and presence of a dry lake bed for landings. Groom Lake is America's traditional testing ground for "black budget" aircraft before they are publicly acknowledged. The facility and surrounding areas are also associated – with varying levels of credibility – with UFO and conspiracy stories. In 1989, Bob Lazar claimed on a Las Vegas television station that he had worked with alien spacecraft at Papoose Lake, south of Area 51. Since then, "Area 51" has become a popular symbol for the alleged U.S. Government UFO cover-up. Bill Hamilton is a leading investigator of Area 51. Bill Hamilton read the book "Flying Saucers from Outer Space" by Donald Keyhoe when still in grade school. By the time he went to high school, he was actively pursuing interests in the UFO phenomenon. He met and became acquainted with the early UFO contactees by attending the Giant Rock spacecraft conventions hosted by George Van Tassel. Hamilton has had over one hundred personal sightings of UFOs. **XCon-722V • UPC 8 82917 07223 9 • 50 min • VHS Video • \$19.95 +++ XCon-722D • UPC 8 82917 07229 1 • 50 min • DVD Disk • \$19.95**

THE CASE FOR REVERSE ENGINEERING, with William Hamilton. The alleged recovery of a flying disk near Roswell, New Mexico in July 1947 has sparked discussions, opinions, and reports that the U.S. Army and Air Force studied the remnants of the disk, especially the methods and modes of its propulsion with the intent of "reverse engineering" the advanced technology found in the alien craft. Is it even possible to comprehend such advanced technology much less attempt to duplicate its function? Alien astronautics is a subject predicated on the existence of intelligent alien life forms whose evolution occurred on an extraterrestrial world and who developed means to travel from their world to other worlds in spacecraft. Reverse engineering is predicated on the fact that we have acquired alien hardware through flight systems failure of an alien spacecraft or through communication and negotiation. Reverse engineering of mechanical parts requires extraction of information about an instance of a particular part sufficient to replicate the part using appropriate fabrication techniques. In a letter to researcher William Steinman, Dr. Robert I. Sarbacher who was with the Washington Institute of Technology, confirms that some of the scientists involved in the study of recovered flying discs were Dr. Vannover Bush, John von Neumann, and Dr. Robert Oppenheimer. New technology such as morphing airplanes and carbon nanotubes may be the result of alien technology back-engineering studies conducted by the military-industrial complex. **XCon-723V • UPC 8 82917 07233 8 • 105 min • VHS Video • \$24.95 +++ XCon-723D • UPC**

ITALY, COLONEL CORSO AND THE VATICAN: PART 1, with Paola Harris. International Journalist and researcher Paola Leopizzi Harris will discuss how the Italian media, newspapers, TV, magazines handle the coverage of UFO related events. She will cover several of the most notable cases including the visits of Colonel Philip Corso to Italy, the disclosure efforts of Monsignor Corrado Balducci and this year's Italian coverage of the Travis Walton Story on major prime time TV. From her early work with Dr. J. Allen Hynek to her current efforts to bring researchers to Italy through Starworks Italia, Ms Harris will explain the great importance of networking information world wide to prepare humanity for disclosure. Drawing upon the researcher for her new book, *Connecting the Dots: Making Sense of the UFO Phenomenon*, she will discuss "field investigations" and the research process she uses in order to piece together a very complex picture of the extraterrestrial presence on the planet. **XCon-724V • UPC 8 82917 07243 7 • 50 min • VHS Video • \$19.95 +++ XCon-724D • UPC 8 82917 07249 9 • 50 min • DVD Disk • \$19.95**

ITALY, COLONEL CORSO AND THE VATICAN: PART 2, with Paola Harris. How did Colonel Corso's revelations and the Italian publication of "The Day after Roswell" change the field of Ufology in Italy? How did his presence in two conferences affect the media coverage of the phenomena? How does the Italian press handle sightings, witness testimony and the publicity around Monsignor Corrado Balducci's acceptance of the possibility of extraterrestrial life? Paola Harris' book "Connecting the Dots" contains a great deal of inside personal testimony from notable figures in the UFO Field. She will explain the amazing synchronicity that enabled her to cover these stories and obtain the respect of these key figures. She was one of very few people close to both Colonel Philip Corso and Monsignor Balducci. In 1997, after the Roswell 50th year Reunion, International Journalist researcher Paola Harris and the editorial staff from Futuro magazine brought Colonel Philip Corso back to Rome where he had served as head of Intelligence (CIG) from 1944-1947. In 1998, Corso was the keynote speaker at the International Conference in the independent Republic of San Marino and signed a document along with other international researchers calling for full disclosure of the facts surrounding extraterrestrial-related phenomenon. UFO CRASH RETRIEVALS: SECRETS KEPT IN THE INTEREST OF U.S. NATIONAL SECURITY, with Linda Moulton Howe. Journalist Linda Moulton Howe is an Emmy Award-winning investigative, reporter and editor of the science, environment and real X-Files website, www.Earthfiles.com and correspondent for Coast to Coast AM with George Noory and Dreamland with Whitley Strieber. "It is the collective view of this investigative body that the aircraft recovered by the Army and Air Force units ... are not of United States manu-

facture for the following reasons: a) The circular, disc-shaped 'platform' design does not resemble any design currently under development by this command nor of any Navy project. b) The lack of any external propulsion system, power plant, intake, exhaust either for propeller or jet propulsion, warrants this view." From document signed by U. S. General Nathan F. Twining, July 10, 1947 This presentation plus video and audio is excerpted from Linda Moulton Howe's extensive research about U. S. government knowledge and cover-up of UFO crash retrievals and reverse engineering of advanced technology, as well as information from the UFO crash/retrieval status reports produced by Leonard H. Stringfield between 1978 and 1994 after his honorable discharge from the U. S. Air Force. **Con-727V • UPC 8 82917 07273 4 • 50 min • VHS Video • \$19.95 +++ XCon-727D • UPC 8 82917 07279 6 • 50 min • DVD Disk • \$19.95**

SHOW ME THE EVIDENCE: INVESTIGATIVE UFO SCIENCE AND BISMUTH/MAGNESIUM LAYERING OF ARTIFACT FROM WHITE SANDS, NEW MEXICO IN 1947, with Linda Moulton Howe. Show me the evidence! Find out what it is like to investigate hard evidence when your own government says there is nothing there, universities are scared to use their resources, foundations will not provide funding and peer review science is closed off. The amazing tale of a unique layered metal allegedly removed from a wedge-shaped aerial vehicle of unknown origin at White Sands, New Mexico, in 1947 "I have basically exhausted every resource that I have ever tried to use from about 1940 to now. I have found no reference, even in government research, for bismuth/magnesium layers. This material didn't just make itself. It had to come from somewhere. ...And nobody's told anyone about this material!" Travis Taylor, Physicist working for the Defense Intelligence Agency (DIA), Redstone Army Arsenal, Huntsville, Alabama. In her presentation Linda will have a physical sample of the unidentified layered metal for the workshop audience to see and touch, plus video and audio excerpted from her 9-year effort to find a source in government, military or civilian sector anywhere in the world with knowledge about layering 1-4 microns of pure bismuth with 100-200 microns of nearly pure magnesium. **XCon-728V • UPC 8 82917 07283 3 • 105 min • VHS Video • \$24.95 +++ XCon-728D • UPC 8 82917 07289 5 • 105 min • DVD Disk • \$24.95**

SECURITY MATTER - X: THE UFO / FBI CONNECTION, with Dr. Bruce Maccabee. During the early years of UFO sightings (1947-1955) the FBI collected information provided by the Air Force. As with the proverbial "black hole" or "roach motel," information went in and didn't come out. No one outside the FBI (and few within) knew of the Flying Disc File with reports labeled "Security Matter - X." – the REAL X-files. Not until 1977, when Maccabee received the Flying Disc file from the FBI as a result of a request under the Freedom of Information Act, did more than a couple of people know that in the early years there were top Air Force officials who secretly and seriously considered the Interplanetary Hypothesis. The FBI, because of its penchant for collecting and storing information, acted as a sort of "window" on Air Force activities. Through the historical eyes" of the FBI one can see the internal struggle of the

Air Force officials to make some sense of the flying saucer problem without publicly, or even privately, admitting that something unusual was really going on, something of potentially great importance. The FBI, too, "covered up" its initial interest in the flying saucer reports. When asked, in the 1960's, whether or not the FBI had ever been involved J. Edgar Hoover, Director, said "no." He lied. This lecture will present some of the early history of FBI involvement and the surprising (some might say "shocking") revelations about the Air Force UFO investigation. **XCon-729V • UPC 8 82917 07293 2 • 50 min • VHS Video • \$19.95 +++ XCon-729D • UPC 8 82917 07299 4 • 50 min • DVD Disk • \$19.95**

1952: WASHINGTON, D.C. AND THE YEAR OF THE UFO, with Dr. Bruce Maccabee. More than fifty years ago during the most amazing flap of sightings in the USA (and the world), the Air Force almost publicly admitted that at least some of the objects seen during sightings of UFO sightings could be objects that were literally "from out of this world." However, when that opportunity arose during a large press conference in late July, 1952, instead of admitting that the Air Force couldn't explain all sightings and that some "high officials" were seriously considering the "interplanetary hypothesis," the Air Force, represented by General John A. Samford, Director of Intelligence, said that everything could be explained as natural phenomena, effectively slamming the lid down on the UFO subject. But what the Air Force said privately was a different matter. This report tells "the rest of the story" of that amazing year. This lecture will show how the events of that year have had an impact on the history of UFO investigation, even continue today. **XCon-730V • UPC 8 82917 07303 8 • 105 min • VHS Video • \$24.95 +++ XCon-730D • UPC 8 82917 07309 0 • 105 min • DVD Disk • \$24.95**

RULE BY SECRECY: THE POLITICS OF SECRET SOCIETIES, with Jim Marrs. There have always been powerful financial interests and secret societies. Both candidates in the coming presidential election, John Kerry and George W. Bush, are members of the secret society Skull and Bones, based at their Alma Mater, Yale University. Skull and Bones. However, from 1947 to the present day a new player took the field - the "Secret Empire" - the intelligence wing of the military/industrial complex. Jim Marrs, author of the best sellers *Crossfire*, *Alien Agenda* and *Rule by Secrecy*, has written about it all and will bring a new perspective to the connection between secrecy, extraterrestrial related phenomena and the wealthy elite. Beginning with a documented UFO crash that predates the Wright brothers through the development of Nazi flying saucers to President Kennedy's UFO connections, Marrs will weave together these fascinating topics. Jim has lectured all over the world and is famous for being able to bring humor to the darkest of subjects. A native of Fort Worth, Texas, Mr. Marrs earned a Bachelor of Arts degree in journalism from the University of North Texas in 1966 and attended Graduate School at Texas Tech in Lubbock for two years more. After a leave of absence to serve with a Fourth Army intelligence unit during the Vietnam War, he became military and aerospace writer for the newspaper and an investigative reporter. Since 1980, Mr. Marrs has been a freelance writer and public relations consultant. **XCon-731V • UPC 8**

THE U.S. GOVERNMENT'S SECRET REMOTE VIEWING PROGRAM AND THE EXTRATERRESTRIAL CONNECTION, with Jim Marrs. One of the more intriguing hypotheses put forward to explain government intransigence to end the UFO/ET truth embargo in the face of mounting public awareness does not center on nuts and bolts or the public's right (or lack thereof) to know about extraterrestrials and new technology. Rather it is a deep concern for the consequences from people learning about profound mental abilities and powers of perception which they may possess and might enhance and which would hugely undermine governmental control mechanisms such as propaganda, misinformation, disinformation and outright lies. Think that is absurd? Think again and learn about the 25-year secret research by military services and intelligence agencies to perfect "remote viewing" - the ability to "see" not only at a distance, but backward and forward in time. And whenever this research was being conducted, it repeatedly intersected with extraterrestrial related phenomena. This fact combined with consistent reports of the telepathic capability of extraterrestrial beings from contact events worldwide makes such an hypothesis worth serious consideration. Jim Marrs, who first wrote of "remote viewing" in 1993 when it was still a Top Secret program and before dozens of participants in this research began to come forward, will give an overview of its history and future potential. **XCon-732V • UPC 8 82917 07323 6 • 105 min • VHS Video • \$24.95 +++ XCon-732D • UPC 8 82917 07329 8 • 105 min • DVD Disk • \$24.95**

SECRET HISTORY OF THE UNITED KINGDOM'S UFO PROJECT, with Nick Pope. In 1950 the United Kingdom's Ministry of Defence commissioned an official study into the UFO phenomenon. The MOD's Chief Scientific Adviser, Sir Henry Tizard ordered this initiative, and scientific and technical intelligence personnel carried out the study. Nick Pope's lecture will tell the story of this study, and explain how a number of senior political, military and scientific figures become embroiled in discussions and disagreements over policy on UFOs, and over the true nature of the phenomenon itself. In the aftermath of a skeptic versus believer debate that raged at the heart of government, the MOD set up a UFO project to research and investigate the phenomenon. The project was modeled on the USAF's Project Blue Book, and although less well-known, survives to this day. Nick Pope stewarded this work from 1991 to 1994, and his lecture will reveal the secret history of the British Government's UFO project. BRITAIN'S CONTINUING UFO PROJECT, with Nick Pope. For much of the early Nineties, Ministry of Defence official Nick Pope ran the British Government's UFO project. In this workshop, he lifts the lid on the operation of the project during his tour of duty. He sets out the policy, and explains how UFO investigations and related research projects were carried out. Nick Pope explains how the project interfaced with Parliament,

the media and the public, and will give an insight into the day-to-day business of the team. He will dip into the case files, discussing a series of incidents - some explained, some still a mystery. Finally, he will explain how he undertook one of the most extraordinary UFO investigations ever to have been carried out in the 50-year history of the project - a case from 1993 which involved a UFO flying directly over two military bases, with the subsequent inquiry involving senior political and military figures, and going to the very heart of government. THE MJ-12 DOCUMENTS: WHERE DO THEY LEAD? with Dr. Robert Wood and Ryan Wood. Dr. Bob and Ryan Wood have been a father-son team of investigators for ten years, having focused on the topic of authenticating questioned UFO documents and taking the findings to their logical conclusion. The first, and classic, document shown to be a genuine 1954-produced document was the now-famous Manual, Extraterrestrial Entities and Technology: Recovery and Disposal. This led to a series of apparent leaks from other sources, including some from inside the government today, based on postal information and the original envelopes, carefully preserved. The various techniques used to authenticate will be shown, and specific examples of famous erroneous evaluations will be noted, including the Truman-Forrestal Majestic authorization letter typewriter font from a 1940 Underwood. New testimony from a source who saw this letter while in the Navy will be revealed. The trail to the Cape Girardeau crash site will be followed and updated, together with an assessment of how this secret played in the parts of intelligence communities that had access to the UFO secrets. Of even greater interest to many are what do these documents say about whether we have technically been successful at reverse engineering UFO technology and what would be the process for dealing with this evidence. Some of the early documents have major clues to routine technology today, such as integrated circuits and fiber optics. Proving the relationship to UFOs is a significant challenge. **XCon-736V • UPC 8 82917 07363 2 • 50 min • VHS Video • \$19.95 +++ XCon-736D • UPC 8 82917 07369 4 • 50 min • DVD Disk • \$19.95**

MJ-12 DOCUMENTATION AUTHENTICATION WORKSHOP, with Dr. Robert Wood and Ryan Wood. This workshop will provide a clear description of the processes used to initiate the authentication of questioned UFO documents. It will include establishing provenance, physical factors such as dating techniques, identifying typewriters, matching printed type fonts, and comparison of handwritten evidence. The usual hunt for anachronisms that would belie authenticity will be exemplified, and examples of etymological issues (word sources and usage) will be provided. The mother of all authentication processes - the comparison with known authentic documents - will be exemplified using several examples. Not content to rest on their achievements to date, Dr. Bob and Ryan Wood will be willing to discuss documents that seem to have problems that they cannot totally explain. Foremost among these are apparently identical marginalia written back in the forties, where skeptics have

claimed that identicalness implies the obvious use of a modern copy machine. These workshop leaders will look beyond the obvious here and postulate alternative explanations. Specifically, several examples of similar language between some questioned documents and some genuine documents will be discussed in detail from the point of view of supporting fakery on the one hand, or the common use of "boilerplate" on the other. As a fitting climax to this topic, a relatively recent Majestic document, shredded and subsequently reconstructed, will be evaluated from the points of view discussed in the workshop. If it were authentic, it would be front page news. **XCon-737V • UPC 8 82917 07373 1 • 105 min • VHS Video • \$24.95 +++ XCon-737D • UPC 8 82917 07379 3 • 105 min • DVD Disk • \$24.95**

THE UNTOLD HISTORY OF THE DISCLOSURE PROJECT, with Dr. Steven Greer. While a majority of American citizens and journalists do not yet know it, one of the most important events of the 21st Century to date took place at the National Press Club in Washington, DC on May 9, 2001. In the main ballroom before 100 journalists, 17 camera crews and 100 interested public, the Disclosure Project, founded by Dr. Steven Greer, presented the testimony of dozens of former military and agency employees which collectively confirms the extraterrestrial presence. Statements were presented in person and via video tape. All witnesses in attendance vowed to repeat their testimony under oath before Congress. This press conference was aired live around the world via the internet and is continuously being downloaded from the Disclosure Project website www.disclosureproject.org along with the witness testimonies. While the near term impact of this event was blunted by the terrorist attacks four months later, it will play an historic role in the disclosure process and will almost certainly be repeated - in or outside of Congress. SECRECY IS TERRORISM: THE EXTRATERRESTRIAL TRUTH EMBARGO, with Dr. Steven Greer. Dr. Steven Greer has written, "It appears that the fear and ruthless control exercised by these projects (i.e.. Unacknowledged Special Access Projects - USAPs) around the world has effectively kept the matter [of a government imposed truth embargo regarding the extraterrestrial presence] off the public radar screen. In our view, the propagation of such controlling fear is a genuine form of international terrorism. Its effects are devastating; it has neutralized democratic processes and institutions, engendered paralyzing fear, hijacked the future of humanity, impoverished billions of people and decimated the environment of earth in the span of one human lifetime. Indeed, the harmful effects of such rogue secrecy exceed by orders of magnitude the consequences of any terrorist organization operating today." At the center of the extraterrestrial truth embargo lies the fundamental relationship between the American people and their government - the social contract. Is the truth embargo now endangering that relationship? Come hear the opinion of a man who has spoken with members of Congress, the Department of Defense and a host of other entities in Washington over the past 11 years. This

workshop offers an opportunity to ask questions of one of the most controversial figures in America today - a successful physician who committed his life's work to challenging his government's decisions regarding the most controversial event in human history - the engagement of the human race by extraterrestrial beings. **XCon-739V • UPC 8 82917 07393 9 • 105 min • VHS Video • \$24.95 +++ XCon-739D • UPC 8 82917 07399 1 • 105 min • DVD Disk • \$24.95**

DISCOVERY OF HIGH VOLTAGE ELECTROMAGNETIC HEALING DEVICES, with Ralph Suddath. Ralph Suddath is the living proof of the benefits of healing by electromagnetic means. He nearly lost his leg, which had been crushed in an accident, until a friend suggest he try electromagnetic therapy before having the leg amputated. Within a week he was almost back to normal. Ralph Suddath is a Third Generation Tesla Electrotherapy Inventor, Radio Host and Entrepreneur. He is a research scientist specifically involved in comprehensive studies of water, energy, medical and agricultural technologies since 1989. He is self educated in health and nutrition, indigenous healing practices, and the study of electrical medicine and bio-feedback instrumentation. In 1991, he began working with licensed medical doctors and holistic practitioners on the development of non-toxic protocols for the treatment of degenerative diseases. **TESLA-660A • UPC 8 82917 06604 7 • 49 min • Audio Tape • \$12.95 +++ TESLA-660C • UPC 8 82917 06602 3 • 49 min • Audio CD • \$14.95 +++ TESLA-660V • UPC 8 82917 06603 0 • 49 min • VHS Video • \$19.95 +++ TESLA-660D • UPC 8 82917 06609 2 • 49 min • DVD Disk • \$19.95**

CANCER AND ELECTROMAGNETIC FREQUENCY THERAPY: AN EMERGING OPPORTUNITY, with Mark Neveu, M.D., Ph.D. In this presentation, Dr Mark Neveu will show how the scientific principles of biology and physics are converging to provide novel approaches for the treatment of disease. In contrast to the destructive ionization effects of conventional radiation therapies, electromagnetic therapy (EMT) acts to reversibly "tickle" the vibrational frequencies of biological molecules to modify cellular activities. This tape provides a general overview of alternative therapies for disease and cancer. The delivery of the information and the quality of the content make this one of the best tapes in the catalog. Mark Neveu is the President of the National Foundation for Alternative Medicine. He received his B.S. in Biochemistry and Nutrition from Virginia Tech where he conducted research on the chemical synthesis of anti-cancer natural products and environmental toxicology. Doctoral studies in experimental oncology and toxicology were completed at the University of Wisconsin at Madison in the laboratory of Henry Pitot, M.D., Ph.D. Mark's research at the McArdle Laboratory for Cancer Research focused on studying the

molecular mechanisms of tumor promotion. His research on intercellular communication had a profound impact on government toxicology regulatory guidelines for non-genotoxic carcinogens. He is an honorary fellow of the Harvard School of Public Health and the Dana Farber for molecular and cellular biology in both cancer and immunological diseases. He has published numerous scientific publications, journal articles and patents regarding his research. Prior to joining the NFAM, he self-funded a six month sabbatical in Guatemala to investigate the clinical efficacy of a unique botanical treatment for cancer. For more information visit: www.nfam.org

TURN OF THE CENTURY ELECTROTHERAPY DISCOVERIES, with Jeffrey Behary. In this lecture, Jeffrey Behary presents how devices constructed based on traditional Tesla patents evolved into modern medical apparatus. He will also explain the various styles of old technology Tesla coils, the healing performed with the auto-condensation coils and cages, as well as the researchers who pioneered the effect of high frequency discharges in vacuum electrodes or rarified tubes. The use of Tesla coils for cancer and other terminal treatments will also be presented. Jeff Behary is the Director of the Turn of the Century Electrotherapy Museum. His collection includes over one hundred rare machines from early electromagnetic research and discovery. Many of his acquisitions represent forgotten technologies from one of the world's greatest inventors, Nikola Tesla. His private efforts have resulted in spending thousands of hours researching the topic. Mr. Behary has recently acquired what may be the earliest known surviving Tesla coil. It was manufactured by Campbell and is date November 8th, 1900. This apparatus, which arrived in pieces, is now completely functional. For more information visit www.ElectroTherapyMuseum.com

THE TENNESSEE BELL WITCH HUNT: THE FULL ACCOUNT, with Pat A. Fitzhugh. Speaking About "The Bell Witch of Tennessee" and "The Bell Witch Haunting" As Well As Other Mysteries of The Paranormal. This is the incident the big-screen movie "The Bell Witch Project" was based on. Though it occurred more than 100 years ago, it is still one of the best documented cases of spiritual manifestation. Never has the world witnessed an entity so intelligent yet evil as what terrorized John Bell's family and community in rural Tennessee between 1817 and 1821. Bell is the only man in history whose death was directly attributed to the work of a supernatural entity. Known as "Kate," the entity first arrived in the form of rats gnawing at bedposts, and later began pulling the Bell children's bedcovers and relentlessly slapping them. Over time, the entity learned to communicate and began speaking in different voices and using reverse-speech. "Kate" often debated religion with people and possessed the ability to tell them of their pasts in astonishing detail. Over the course of four years, John Bell died a painful death that the entity took full responsibility for. There was no escape. From the image of a lifeless body hanging from a tree, to the apparition of a pale-faced woman and three children in a field, "Kate" was all-knowing, all-powerful, and the personification of evil. The people, places and dates were real. Unexplainable events still occur on the old Bell farm today, leading many to believe that the sinister entity known as "Kate," never left the place. For nearly two centuries, this authentic haunting has been considered by scholars and researchers as one of the greatest supernatural phenomena known to humankind. **ARC-347A** • UPC 8 82917 03474 9 • 57 min • Audio Tape • \$12.95 +++

REACHING FOR REALITY: SEVEN STORIES OF ALIEN ABDUCTION, with Constance Clear. Reaching for Reality contains the compelling first-hand accounts of seven Texas men and women living with alien abduction. Each found their way to the same social worker who brought them together to face what they feared. Constance Clear is a clinician who thoroughly understands the psychological dynamics that are involved in the abduction phenomenon. In this tape Constance Clear details reveals the details to the seven alien abduction cases detailed in her book "Reaching for Reality." Sadly, four months after this tape was produced Constance passed away from injuries sustained during an accident. Many condolences and blessings to Constance and her family, we are grateful she left us all the legacy of this tape to enjoy. **ARC-348A** • UPC 8 82917 03484 8 • 60 min •

THE TRAVIS WALTON STORY, with Travis Walton. The ARC 2003's key note address, Travis spoke on his experiences and his book entitled "Fire In The Sky: The Walton Experience." The book on which the movie "Fire In The Sky" was based and the best documented case of alien abduction ever recorded! On the 5th November 1975 Mike Rogers and his crew of 6 forestry workers were travelling back in their truck from work to the forest of Heber, Arizona when Alan Dalis, one of the crew members spotted a large glow coming from above a group of trees. As they got closer they noticed a disk hovering about 20 feet above the ground. They stopped the truck to take a closer look when one of the crew jumped out to get an even closer look. Travis Walton was approaching the object when it started to make a strange noise and before the rest of the crew could do anything a large beam of light struck Travis that sent him tumbling backwards. At this point Mike Rodgers, the driver, panicked and drove the truck away. After a short distance the men forced Mike to drive back to collect their fellow worker. When they returned there was no sign of the object or of Travis. A police investigation started as soon as the men reported what had happened, and an extensive search was carried out of the abduction area. Many people believed that the men had murdered Travis and used the UFO as a cover story. The men requested that they take a lie detector test to try and clear their names. The first polygraph test was inconclusive, however, a second, indicated that they were telling the truth about what they had witnessed. On November 10th, 5 days after the abduction, Travis's brother-in-law received a phone call from Travis and they went to pick him up a few miles outside of Heber. When they found him he was naked, distraught and confused. Soon afterwards he began to recall the events of the past few days. He told a story of aliens who were about 5 feet tall with domed hairless heads, large eyes, tiny ears and nose, and a slit for a mouth who performed various 'experiments' on him. He also reported many other strange events such as seeing an 'almost' human entity who showed him around but did not answer his questions, and also of a control room where he could see through the exterior of the craft a gaze at the stars. A film was produced called 'Fire in the Sky' which dramatized the above events. **ARC-349A • UPC 8 82917 03494 7 • 70 min • Audio Tape • \$14.95 +++ ARC-349C • UPC 8 82917 03492 3 • 70 min • Audio CD • \$16.95 +++ ARC-349V • UPC 8 82917 03493 0 • 70 min • VHS Video • \$24.95 +++ ARC-349D • UPC 8 82917 03499 2 • 70 min • DVD Disk • \$24.95**

FUTURE TECHNOLOGY FROM THE PAST, with Jim Marrs. It has been widely reported that Saddam Hussein believes himself to be the reincarnation of King Nebuchadnezzar, the Babylonian monarch that tried to contact the prehistoric gods. It has also been reported that amazing new archeological finds were discovered in Iraq in the late 1990's. Could these ancient texts provide the key to understanding the monatomic

elements only now being studied by modern scientists? Could these elements - which may provide the secrets of limitless non-polluting energy, teleportation, longevity and even time and dimension travel - be the true reason for the United States' recent and unprecedented invasion of Iraq? Author/Journalist Jim Marrs for the first time puts the pieces of this intriguing puzzle together. A native of Fort Worth, Texas, Mr. Marrs earned a Bachelor of Arts degree in journalism from the University of North Texas in 1966 and attended Graduate School at Texas Tech in Lubbock for two years more. He has worked for several Texas newspapers, including the Fort Worth Star-Telegram, where beginning in 1968 he served as police reporter. Mr. Marrs then became a general-assignments reporter covering stories locally, in Europe and the Middle East. After a leave of absence to serve with a Fourth Army intelligence unit during the Vietnam War, he became military and aerospace writer for the newspaper and an investigative reporter. Since 1980, Mr. Marrs has been a freelance writer and public relations consultant. Since 1976, Mr. Marrs has taught a course on the assassination of President John F. Kennedy at the University of Texas at Arlington. In 1989, his book, "Crossfire: The Plot That Killed Kennedy," was published to critical acclaim and within three years had gone into an eighth printing in both hardbound and softbound editions. Crossfire reached the New York Times Paperback Non-Fiction Best Seller list in mid-February 1992 and remained there for more than six weeks. His book became a basis for the Oliver Stone film JFK. Mr. Marrs served as a chief consultant for both the films screenplay and production. Mr. Marrs has appeared on ABC, NBC, CBS, CNN, CSPAN, the Discovery, Learning and History Channels, This Morning America, Geraldo, Montell Williams, Today and The Larry King and Art Bell radio programs. THE ORIGINS AND PHYSICS OF REMOTE VIEWING, with Richard Dolan. Richard Dolan is the author of "UFOs and the National Security State," published by Keyhole Publishing, which covers the period from 1941 to 1973 and provides a thorough historical analysis of the national security dimensions of the UFO phenomenon. Born in Brooklyn and raised on Long Island, Dolan earned a scholarship to study at Oxford University, where he closely missed receiving a Rhodes Scholarship. After completing his graduate work at the University of Rochester he became a self-employed business writer to earn a living. Around 1994 he began to develop an interest in the UFO problem. He approached UFOs by looking at the history and politics of the phenomenon. He was intrigued by the cultural schizophrenia involved in the subject and with the fact that mainstream and academic culture continued to treat UFOs as amusement, but that some many intelligent people take it seriously. In this presentation he reveals the origins of Remote Viewing and psychic spying. **AEM-503A • UPC 8 82917 05034 3 • 81 min • Audio Tape • \$14.95 +++ AEM-503C • UPC 8 82917 05032 9 • 81 min • Audio CD •**

ANCIENT MYSTERIES AND SECRET SOCIETIES, with Gail Ferguson. Ancient Mysteries and Secret Societies which continue to influence our thinking and behavior today. The ancient philosophers believed that no human could live intelligently who did not have a fundamental knowledge of Nature and her laws. The Mystery schools were devoted to instructing initiates about the operation of divine law here on earth. This is essentially a talk that speaks to the spiritual development of civilization, focusing on the spiritual as much as the mysteries themselves. The mysteries of our past continue to reveal the invisible world that rules us. We can know these laws, in part, through our intuition. **AEM-504A • UPC 8 82917 05044 2 • 77 min • Audio Tape • \$14.95 +++ AEM-504C • UPC 8 82917 05042 8 • 77 min • Audio CD • \$16.95 +++ AEM-504V • UPC 8 82917 05043 5 • 77 min • VHS Video • \$24.95 +++ AEM-504D • UPC 8 82917 05049 7 • 77 min • DVD Disk • \$24.95**

CONTROLLED REMOTE VIEWING, ARCHAEOLOGY, OUR TRUE HISTORY AND ANCIENT MYSTERIES, with Lyn Buchanan. Controlled Remote Viewing, the scientific method of "psychic spying" was used for military and political purposes by the U.S. government for almost 25 years. In the civilian sector, it is most often used for finding missing children, for "best path" business planning, "surprise prevention" in Research & Development, and even for predicting lottery and stock market results. The technology can also be used to look into the ancient mysteries that leave modern scientists scratching their heads. As such, it is a wonderful tool in the study of ancient mysteries. Lyn Buchanan will discuss the use of Controlled Remote Viewing in a matter-of-fact and realistic manner, revealing the strengths and weaknesses of using Controlled Remote Viewing in this capacity. One of the most serious and respected investigators of the paranormal, her interests include alien abductions, animal mutilations, crop circles and ET contacts. She is a graduate of Stanford University with a Masters Degree in Communication. She has devoted her documentary film, television and radio career to productions concerning science, medicine and the environment. Ms. Howe has received local, national and international awards, including three regional Emmys and a national Emmy nomination. Those films have included "Poison in the Wind" and "A

WATER EROSION OF THE SPHINX, with John Anthony West. Author, lecturer, and guide, John Anthony West delivered a seismic shock to archaeology in the early 1990's when he and Boston University geologist Robert Schoch revealed that the Great Sphinx of Giza, Egypt, showed evidence of rainfall erosion. Such erosion could only mean that the Sphinx was carved during or before the rains that marked the transition of northern Africa from the last Ice Age to the present interglacial epoch, a transition that occurred in the millennia from 10,000 to 5000 BC. John Anthony West is the author of "The Traveler's Key to Ancient Egypt" and "Serpent in the Sky: The High Wisdom of Ancient Egypt." The ancient Egyptians attributed their wisdom to an earlier age going back 36,000 years. John set out to test whether the Sphinx is older than its recognized date of 2,500 B.C. His finding provide the first hard evidence that an earlier civilization preceded Egypt's dynastic history. Today he's an authority on the "Symbolist" school of Egyptology, a view first proposed by French scholar-philosopher, R. A. Schwaller de Lubicz. In the Symbolist view, ancient Egyptian art and architecture disclose richer, more universal wisdom than conventional Egyptology has assumed. John Anthony West won an Emmy Award for his 1993 NBC Special Documentary, "The Mystery of the Sphinx," hosted by Charlton Heston. This presentation is his Saturday evening keynote address. PATH OF THE SKIN WALKERS: THE LEGEND OF WINDIGO, with Dr. John Alexander. The legend of the Windigo has permeated many parts of Native American culture. In recent times there have been many examples of strange beings wandering our remote western lands. Now, experienced scientists have observed these phenomena first hand. Together we will explore their reports and the relationships between these ancient myths and modern incidents that defy conventional explanation. John is a retired colonel from the U.S. Army. He was commander of Special Forces in Vietnam and the U.S. Army's lab command. He has joined Los Alamos National Lab where he was instrumental in developing the concept of non-lethal defense. He has written

many article for defense journals and other publications. He has been on many radio shows and television shows. Dr. John Alexander has been a leading advocate for the development of non-lethal weapons since he created renewed interest in the field starting in 1989. An original thinker, he has developed other unique concepts for conflict that must remain undisclosed at this time. He entered the US Army as a private in 1956 and rose through the ranks to sergeant first class, attended OCS, and was a colonel of Infantry in 1988 when he retired. During his varied career, he held many key positions in special operations, intelligence, and research and development. From 1966 through early 1969 he commanded Special Forces "A" Teams in Vietnam and Thailand. His last military assignment was as Director, Advanced Systems Concepts Office, US Army Laboratory Command. After retiring from the Army, Dr. Alexander joined Los Alamos National Laboratory where he was instrumental in developing the concept of Non-Lethal Defense. As a program manager, he conducted non-lethal warfare briefings at the highest levels of government including the White House Staff, National Security Council, Members of Congress, Director of Central Intelligence, and senior Defense officials. He also met with heads of industry, and presented at academic institutions, including Columbia, Harvard and MIT. Dr. Alexander organized and chaired the first five major conferences on non-lethal warfare and served as a US delegate to four NATO studies on the topic. As a member of the Council on Foreign Relations non-lethal warfare study, he was instrumental in influencing the report that is credited with causing the Department of Defense to create a formal Non-Lethal Weapons Policy in July 1996. For several years, he has been a distinguished guest lecturer at the US Air Force Air University and participated in key war games when non-lethal weapons were first being considered. Dr. Alexander wrote the seminal articles on current non-lethal warfare. **AEM-508A • UPC 8 82917 05084 8 • 90 min • Audio Tape • \$14.95 +++ AEM-508C • UPC 8 82917 05082 4 • 90 min • Audio CD • \$16.95 +++ AEM-508V • UPC 8 82917 05083 1 • 90 min • VHS Video • \$24.95 +++ AEM-508D • UPC 8 82917 05089 3 • 90 min • DVD Disk • \$24.95**

EGYPT AND THE SCIENCE OF IMMORTALITY: PARTS 1 AND 2 - 2 TAPE SET, with John Anthony West. Ancient Egypt was a one-issue civilization - its energies were entirely devoted to expressing and furthering its doctrine of Immortality. The number symbolism, the geometry of the temples, the fabulous architecture, art and sculpture, even the gods themselves, all played a role in this astonishing doctrine that fused science, art, religion and philosophy into a single, coherent Wisdom Teaching. Mere lectures do not allow enough time to broach this broad subject, but this 3-hour Institute provides a golden opportunity to explore Ancient Egypt's major aspects in depth, along with my latest research into how that system actually performed. SACRED GEOMETRY WORKSHOP, with Drunvalo Melchizedek. Drunvalo's information was given to him from 1972 through the 1980s by Thoth, best known as the Egyptian deity of inner wisdom pertaining to science, mathematics, and literature. Since the 1980s, Drunvalo has been presenting his Flower of Life Workshops (either personally or through his trained facilitators). His work has been spread to at least 40 countries, is taught in many languages (such as Spanish, Dutch, German, French, Japanese), and has deeply touched thousands of people around the globe. When the teachings of geometry are used to show the ancient truth that all life emerges from the same blueprint, we can clearly see that life springs from the same source – the intelligent, unconditionally loving creative force some call "God." When geometry is used to express and explore this great truth, a broader understanding of the universe unfolds until we can see that all aspects of reality become sacred. The ancients such as the Egyptians, Mayans, and others all knew this truth and incorporated sacred geometry teachings into their mystery schools as a way for anyone to begin to practically understand his or her personal relationship to "God" and the universe. In this presentation, Drunvalo speaks on the experience in his life that led him on the path to the practice the flower of life teachings. THE IMPORTANCE OF HOW AND WHEN THE CROP CIRCLE PHENOMENON BEGAN, with Colin Andrews. One of the earliest and best-known crop circle researchers and authors, Colin became involved in this mystery when, in 1983, he saw a quintuplet formation near his home in Andover, England. An electrical engineer by training, he was intrigued about what forces

could create such perfect glyphs in crop fields. In 1989 he and Pat Delgado wrote "Circular Evidence," a best-seller, followed by "Crop Circles: The Latest Evidence," a year later. Colin founded Circles Phenomenon Research International (CPRI) and later moved to Connecticut. His scientific investigations have been widely recognized as models in the field and he has been featured in many crop circle documentaries. Recently, he has stated that while he considers many complex formations to be man-made, one cannot rule out unknown paranormal involvement in the rest. THE CIRCLES, THE SCIENCE AND AN EYEWITNESS ACCOUNT, with Nancy Talbott. Raised in Baltimore, Nancy studied psychology at Johns Hopkins and Harvard. After discovering the crop circle phenomenon in 1991, she worked with Michigan biophysicist Wm. C. Levensgood and John Burke, organizing an international reporting and field-sampling network for Wm. Levensgood's laboratory analysis. In 1999 she incorporated the BLT Research organization into a non-profit corporation, which she now heads, and received a Laurence Rockefeller grant. With this funding she has expanded the scope of crop circle research so that BLT Inc. team now includes scientific consultants from multiple disciplines. Having herself had both personal experiences and scientific training, Nancy has a unique perspective on this ongoing enigma. SCIENTIFIC ANALYSIS OF CROP CIRCLES: A PRACTICAL GUIDE, with Nancy Talbott. Nancy Talbott is president of BLT Research Team Inc., whose primary goal is the discovery and scientific documentation of physical changes induced in plants, soils and other materials at crop circle sites by the energy (or energy system) responsible for creating them and to determine, if possible, from these data the specific nature and source of these energies. Secondly, our intent is to publish these research results in peer-reviewed scientific journals and to disseminate this information to the general public. BLT Inc. is comprised of several hundred trained field-sampling personnel in the U.S., Canada and Europe who collect plant and soil samples at crop circle sites for analyses by a number of scientists (see "Professional Consultants") in various disciplines. The hard work of these field teams and their careful adherence to field-sampling protocols has contributed enormously to the on-going discoveries in the laboratory and the large database of factual information that now exists. This presentation outlines the basic research and results obtained so far, highlighting individual crop circle case studies from a number of countries. Slides of recent crop circles in North America and Europe are included, as well as anecdotal reports of associated strange phenomena encountered by personnel working in the fields each summer. FIELD OF DREAMS: CROP CIRCLES IN CANADA, with Paul Anderson. A media writer and graphic designer by profession, Paul Anderson has had a life-long interest in future studies and alternative science. In 1990, he became fascinated with the visually-inspiring crop circle phenomenon. As the numbers of Canadian formations grew, he saw the need for an organized network of local researchers to study them scientifically. In 1992, she and her family moved to Wiltshire where she helped found the Wiltshire branch of the "Center for Crop Circle Studies." The group became the "Wiltshire Crop Circle Study Group" in 1996. As its coordinator, Francine now edits "The Spiral," and organizes the Wiltshire Crop Circle Conference each summer. CROP CIRCLES IN GERMANY: AMAZING RECENT DEVELOPMENTS, with Andreas Mueller. As a student of

graphic design at the School of Fine Arts and Design in Saarbrücken, Germany, Andreas Mueller became interested in the crop circle phenomenon for nearly 10 years. Since 1994 he has been investigating crop circles in both England and Germany. In 1994, he also founded the "International Crop Circle Archives," which has become one of the largest databases on this phenomenon with 4,000 records from 45 countries, covering five centuries. In 2001 he published "Kornkreise: Geometric, Phaenomene, Forschung," in German. His slide lecture will also feature photos taken by German photographer Frank Laumen. CROP CIRCLES REVEALED: A SPIRITUAL PERSPECTIVE, with Barbara Lamb. A licensed Psychotherapist in Claremont, CA, specializing in hypnotic regressions to remember past lives or alien contacts. Barbara has also been investigating crop circles since 1991. She recently co-authored "Crop Circles Revealed: Language of the Light Symbols," with channel Judith Moore. Barbara has stated her belief that the electromagnetic light and sound frequencies of each crop circle are mathematical and geometric formulas for the healing of our planet, for the evolution of our world and for the spiritual ascension of the human species. Barbara's unique perspective on the crop circle enigma even takes "human-made" formations into account as she feels they too are influenced by unseen forces whose ultimate purpose is both positive and spiritual. FROM STARDUST TO THE STARGATE, with Sir Laurence Gardner. From the tombs of pharaonic Egypt, to the laboratories of modern science, comes the extraordinary account of gravity defiance and teleportation

in the ancient world. Sir Laurence explains how physicists are now researching previously unknown planes of existence through the rediscovery of a lost technology from distant times. Laurence Gardner, a Fellow of the Society of Antiquaries of Scotland, is a constitutional historian, international lecturer and broadcaster. As a worldwide emissary for the Royal House of Stewart, Sir Laurence Gardner is Prior of the Sacred Kindred of Saint Columbia, a Knight Templar of St. Anthony and Envoy to the Grand Protectorate of the Imperial Dragon Court of Hungary. In the popular literary world, Laurence Gardner is an internationally acclaimed author with national press serialization and published works in many languages. They include the Top-10 *Bloodline of the Holy Grail*, which gained a UK Author of the Year award, along with the international bestsellers *Genesis of the Grail Kings* and *Realm of the Ring Lords*. From the late 1800s, thousands of ancient documents have been unearthed, predating the Old Testament writing of Genesis by up to 2000 years. Laurence will present one of the monumental finds from that era that was suppressed by the Egyptian Exploration Fund. His English-language publishers include Transworld, Bantam Books, Penguin Books, Element Books, Barnes & Noble, Fair Winds Press and HarperCollins. In his latest book, *Lost Secrets of the Sacred Ark*, Sir Laurence writes about recent scientific discoveries and advances that are shaping our future and rewriting our past. LOST SECRETS OF THE SACRED ARK, with Sir Laurence Gardner. What was the ancient Hebrew Ark of the Covenant? Where did it go and where is it today? What is the sacred Ark's relationship to medieval alchemy's "Philosophers' Stone" and to the discoveries of modern Quantum Physics? Were ancient Egyptian initiates and Israelite kings possessors of the secrets of super-conductivity and high-spin metallurgy so as to be able to transcend ordinary Space-Time, using what's known as the "white powder of gold"? By accessing Rosicrucian, Templar, Royal Society and private archives, Sir Laurence Gardner has found astonishing answers to these questions and more. Andy is editor of the popular website www.swirlednews.com, renowned for its outspoken and insightful reporting, and previously produced the circle journal SC. Andy has written five books exploring aspects of the crop circle enigma: "Fields of Mystery: The Crop Circle Phenomenon in Sussex" (1996) and "Quest For Contact: A True Story of Crop Circles, Psychics and UFOs" (1997, with Paul Bura) were his first, followed by his best-known and much-praised book "Vital Signs: A Complete Guide to the Crop Circle Mystery and Why it is NOT a Hoax" (1998, revised 2002), which has been described by many as the definitive guide to the subject. Most recently Andy has written the revised version of "An Introduction to Crop Circles" for Wessex Books, and produced "Swirled Harvest: Views from the Crop Circle Frontline," a collection of many of his articles from an eleven-year period. CROP CIRCLES AND OTHER EVENTS IN POLAND, with Nancy Talbott. Nancy Talbott is President of BLT Research Team Inc. The BLT Research Team Inc.'s primary goal is the discovery and scientific documentation of physical changes induced in plants, soils and other materials at crop circle sites by the energy (or energy system) responsible for creating them and to determine, if possible, from these data the specific nature and source of these energies. Secondly, our intent is to publish these research results in peer-reviewed scientific journals and to disseminate this information to the general public. BLT Inc. is comprised of several hundred trained field-sampling personnel in the U.S., Canada and Europe who collect plant and soil samples at crop circle sites for analyses by a number of scientists (see "Professional Consultants") in various disciplines. The hard work of these field teams and their careful adherence to field-sampling protocols has contributed enormously to the on-going discoveries in the laboratory and the large database of factual information which now exists. **SIGNS-129A • UPC 8 82917 01294 5 • 93 min • Audio Tape • \$14.95 +++ SIGNS-**

SIGNS AND SYMBOLS OF THE HEALING SUN CODE, with William Henry. William Henry is a cutting edge Mythologist and leading author. William Henry is an investigative mythologist and author. His mythological specialty is the Ladder to God (Scala Dei in Latin) which has been featured in myths and scriptures since the beginning of time. In his books William interprets these stories of the Ladder to God on six different levels: the historical, the cosmological, the symbolic/metaphorical, the mythological/allegorical, the anatomical, and the technological. The existence of the Healing Sun has been coded in the Mystery Teachings which tradition has so long held to lie behind the Holy Scriptures of numerous religions. This book throws light on these Mystery Teachings, the secret science and religion of the Galactic Core of our Milky Way galaxy, by revealing the symbol and word code of the Healing Sun. MYSTERIOUS LIGHTS IN NORWAY AND BRAZIL, with Linda Moulton Howe. There are places on the earth where locals have long reported seeing mysterious lights, day and night. To name a few there are the Ontario Lake lights in Canada, the Ural lights in Russia, the Victoria lights in Argentina, the Tagish lights in the Yukon, the Yakima lights in Washington, the Marfa lights in Texas and

the Hessdalen lights in Norway. In this presentation Linda talks about the recent research she's done in Hessdalen. Details of Linda's scientific research data coming from her field trips to Hessdalen, Norway, in August 2002 and to Corguinho, Brazil, in the spring of 2003. Could advance intelligences be programming plasmas to monitor and interact with Earth life in both of these unusual places? She also talks about her recent trip, in February 2003, to Corguinho, Brazil, to collect physical evidence related a strange event that occurred there concerning an apparent otherworldly abduction where the bedsheets and wood in the ceiling above the bed were scorched as though the individual had been transported through it. A strange case in recent UFOlogical circles. THE DEEPENING COMPLEXITY OF CROP CIRCLES, with Dr. Eltjo Haselhoff. Dr. Eltjo Haselhoff is a Dutch physicist and Author of The Deepening Complexity of Crop Circles. The mysterious appearance of "crop circles" in farm fields and other land areas is obtaining increased public attention. Where are they coming from, how are they made, and what do they mean? Are these the "signs on earth", as predicted throughout the centuries, that warn us for dramatic earth changes taking place in the near future? Or are they simply all made by men, as some want us to believe? Should this phenomenon be taken seriously? In his current bestseller, Dr. Haselhoff takes the viewer on a fascinating journey through the world of the crop circles. The award-winning author presents a popular-scientific study on this fascinating phenomenon, which is

much more complex than most people know. In simple language, the former employee of Los Alamos National Laboratories reveals many facts unknown to the general public, and answers questions that have never been answered before. An abundance of clear color diagrams and a beautiful collection of artistic color photographs support Haselhoff's fascinating story, which has already convinced many that, indeed, something very strange is going on. After finishing Grammar School, Eltjo Haselhoff studied experimental physics, specializing in high power gas lasers, non-linear optics and ultra-short optical pulse detection. After obtaining his M. Sc. degree, he worked at several European research institutes, and at Los Alamos National Laboratories, USA. His main activities were in the fields of free-electron laser research, accelerator technology, ultra-high vacuum technology, semiconductor photo-emission cathodes for high current electron beam accelerators and ultra-fast optical infrared switches. CANADIAN CROP CIRCLES: SOUND AND CREATION, with Beata van Berkom. Beata van Berkom is a medical laboratory technologist from Saskatoon, Canada. A field researcher for the Canadian Crop Circle Research Network and a crop circle workshop leader. The Canadian Crop Circle Research Network (CCCRN) is a non-profit research organization which has been seriously investigating and documenting the crop circle phenomenon and other possibly related phenomena in Canada since 1995, creating a liaison between researchers, farmers, the public, media and scientists. CCCRN was initially founded by researcher, writer, graphic artist and current director Paul Anderson as Circles Phenomenon Research Canada, an affiliate of Circles Phenomenon Research International (CPRI) in 1995. With the later closure of the CPRI offices, the organization was refounded in 2001 as CCCRN, an independent group which now has coordinators and field research assistants in seven provinces, with the main office in Vancouver, BC and provincial branches in British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec and Nova Scotia. CCCRN does not have a general membership per se, membership is made up entirely of volunteer coordinators and field research assistants. While it is the only such organization specifically investigating the crop circle phenomenon in Canada on an ongoing basis, CCCRN also works with numerous other research groups, including the BLT Research Team Inc., which has been conducting scientific laboratory studies of plant and soil samples from crop formations worldwide for the past decade with mainstream scientists and laboratories. CONTACT WITH ANOTHER MIND: CONCLUSIONS FROM TWO DECADES OF RESEARCH, with Colin Andrews. For nearly two decades Colin Andrews has traveled the world and appeared on numerous television programs in his efforts to communicate the mystery of crop circles to the general public. Because he is widely recognized as the world's foremost authority on the subject it came as a great shock to millions when he was seen on national television last year stating that only 20% of the crop circles researched during the years of 1999 and 2000 remained a mystery, inferring that the remaining 80% are man made! He has made numerous recent media appearances including with Sally Jesse Raphael, Art Bell and Dan Akroyd. Andrews says: "I have been very careful in my media interviews not to damage the scientific methods applied to two decades of research into the Crop Circle mystery but I now have overwhelming evidence of some-

thing very bizarre at work. This dictates that risks must now be taken in speaking out about the strange events which have occurred for the public to consider". At this time last year when Colin was awarded The Maverick Award for his scientific studies into the crop circle mystery, he was struggling with how to make public his extraordinary findings. His new book just published, called 'Crop Circles - Signs of Contact' is the outcome. In his lecture and workshop Colin will spell out the details of what he calls 'Signs of Contact' between the observers and the observed. **BAUFOE-406V • UPC 8 82917 04063 4 • 46 min • VHS Video • \$19.95 +++ BAUFOE-406D • UPC 8 82917 04069 6 • 46 min • DVD Disk • \$19.95**

ANCIENT ASTRONAUTS AND THE ANUNNAKI, with Jason Martell. Jason's research first started 8 years ago where he became fascinated with possible artificial structures on Mars, and NASA's explanation for these objects. As well as the theory that there is another planet in our solar system, known as Planet X or the 12th planet. This planet is being actively search for by modern astronomers, because it does exist. The Sumerian culture, 6,000 years ago were also aware of this planet. And described a race of "GODS" that lived on that planet, and have visited us in our past. Jason Martell has given several lectures to MUFON about his research and appeared on many radio shows. Jason derives his information from a vast network of skilled researchers and sources, which can be accessed at www.xfacts.com See amazing artifact from Ancient Iraq and learn about the oldest civilization we have on earth. Artifacts and stone tablets excavated from Iraq clearly speak of a planet from which ancient astronauts or "Gods" had come from. See the evidence for yourself. We are not alone! THE MYSTERY OF THE SPHINX, with **John Anthony West**. John Anthony West is a writer and independent Egyptologist who has been studying and writing about ancient Egypt for nearly three decades. He is the foremost exponent of the "Symbolist" school of Egyptology- which sees (and demonstrates) an ancient sacred science where modern academics see mainly superstition. West's work re-dating the Great Sphinx of Giza via geology, (proving that it must be at least 10,000 years old or older) was the subject of a 1993 NBC Special, *The Mystery of the Sphinx*, hosted by Charlton Heston. This case has escalated into a heated international scholarly controversy. West won an Emmy in 1993 for Best Research for his work on the video and the show itself was one of the four nominated for Best Documentary Program. West's non fiction books include *Serpent in the Sky: The High Wisdom of Ancient Egypt*. *The Traveler's Key to Ancient Egypt* and *The Case for Astrology*. West is presently at work (in collaboration with Robert M. Schoch, principal scientific investigator) on a book. In this slide lecture Mr. West will introduce his revolutionary theory re-dating—via geology—the Great Sphinx of Giza and discuss its profound implications for history and for the evolution of human civilization. Enthusiastically received by geologists when the evidence was first presented, it aroused fierce opposition in Egyptological and Archaeological circles. While the controversy continues, substantial new evidence may soon overcome opposition once and for all. West will detail these exciting new developments. MYSTERIOUS PENNSYLVANIA: INCIDENT IN KECKSBURG, PA, with **Stan Gordon**. Since 1965, Stan has been conducting on scene investigations of mysterious encounters in Pennsylvania. He has been involved with the examination of thousands of UFO and other strange reports from across the Keystone State. During the late 1960's, Stan acted as a telephone report sighting coordinator for the UFO Research Institute of Pittsburgh. Stan has been internationally recognized as an authority on the subject of the UFO and Bigfoot phenomena. He gained prominence from his first hand investigation into the well remembered 1973 Bigfoot/UFO series of sightings and encounters which occurred in Pennsylvania. This outbreak brought worldwide attention to the subject, and was a major news story in the media for several weeks. For more information you can visit Stan's website at www.westol.com/~pauf0 This presentation will cover some of the strange incidents that Stan has investigated in the past 44 years.

This will include the 1965 Kecksburg, PA UFO Crash Incident. The Kecksburg

case involves first hand accounts from observers who report seeing an odd metallic acorn shaped object semi-buried in the ground, and the quick response by the military to the scene. Some people say that a large military flat-bed tractor trailer truck hauled the object away from the area late that night. Other extraordinary cases from Pennsylvania will be presented with slides. **BAUFOE-411V • UPC 8 82917 04113 6 • 46 min • VHS Video • \$19.95 +++ BAUFOE-411D • UPC 8 82917 04119 8 • 46 min • DVD Disk • \$19.95**

EXPERIENCES WITH EXTRATERRESTRIALS: AN AMAZING VARIETY, with **Barbara Lamb**. Psychotherapist Barbara Lamb has had extensive experience in regressing people to important experiences in the past, including to past lives and to more than 2000 experiences with extraterrestrial beings. She has trained psychotherapist and hypnotherapists in conducting this much-needed, in-depth work. This lecture will give highlights of the extraordinary range of experiences uncovered and recalled during professional regression sessions with more than 450 experiencers of extraterrestrial contacts and abductions. The experiences vary widely and include traditional abductions by "little gray beings" that perform medical-sexual-reproductive-implant procedures, educational and training sessions by lifelong mentors, channeling of valuable perspectives from civilizations in the cosmos, and inspiring, uplifting contacts with highly evolved spiritual beings. A variety of beings will be shown in slides. **BAUFOE-412V • UPC 8 82917 04123 5 • 52 min • VHS Video • \$19.95 +++ BAUFOE-412D • UPC 8 82917 04129 7 • 52 min • DVD Disk • \$19.95**

ET AND GOD? THE THEOLOGICAL AND PHILOSOPHICAL IMPLICATIONS OF THE SEARCH OF LIFE BEYOND EARTH, with **J.J. Hurtak**. J.J. Hurtak, Ph.D., Ph.D., is an investigator of extraterrestrial events and contact throughout the world. He has lectured at the Academy of Science in Russia, the Academy of Science in China, and the major universities in North and South America, Europe, and southern Africa. He has been a main speaker at the Parliament of the World's Religions (1999), The State of the World's Forum (2000) and the recent U.N. World Summit on Sustainability in Johannesburg (2002). Hurtak's talent as a communicator and producer of films and media projects has brought him six international awards. His scientific research interests are in the fields of archaeology, cosmology, astrobiology, and the dialogue between science and religion. He is author of over ten books in twelve languages. From the very beginnings of modern thought, scientists, philosophers and theologians have debated what the significance for humankind might be if we should encounter extraterrestrial life. Theologians are afraid of what this might mean for our various religious systems. Finding out that we are not alone in the universe could shake the foundations of established belief. From Egypt and India to the islands of the Pacific, the ancients had a greater understanding regarding life forms in space, detailing both a hostile or intrinsically bio-friendly universe. In fact, is the coming of extraterrestrials a fulfillment of prophecy or, better stated, a sign of the end times? **BAUFOE-413V • UPC 8 82917 04133 4 • 48 min • VHS Video • \$19.95 +++ BAUFOE-413D • UPC 8 82917 04139 6 • 48 min • DVD Disk • \$19.95**

JOURNALISM 101 AND THE UFO / ET PHENOMENON, with **Robert O. Dean**. Retired Command Sergeant Major Robert O. Dean served on the front lines of Korea and Vietnam as a highly decorated combat veteran. Stationed at NATO SHAPE command headquarters in France during the sixties, he had access to classified documents confirming government knowledge of the extraterrestrial reality. A prominent and internationally recognized speaker, he has countless television, radio, video and news documentary appearances to his credit. Mr. Dean has been involved in UFO research for more than forty years and has been honored with two lifetime achievement awards for his contribution to the field of UFOlogy. Many years ago journalism taught that any complete story had to include the basic 5 W's: who-what-when-where and why. Over the years Robert Dean has applied that same fundamental rule to research unraveling the UFO/ET puzzle. He shows that we have finally begun to understand the what, when and where, and now takes you into the remaining mysteries. Sometimes inflammatory, always controversial, the answers behind these inquiries will give greater understanding to the bigger picture that is sitting right in front of us. **BAUFOE-414V • UPC 8 82917 04143 3 • 47 min • VHS Video • \$19.95 +++ BAUFOE-414D • UPC 8 82917 04149 5 • 47 min • DVD Disk • \$19.95**

CROP CIRCLES IN CALIFORNIA: AN UPDATE, with Ruben Uriarte & Steven Marino. Master of Ceremonies: Ruben Jose Uriarte is a State Director for the Northern California Mutual UFO Network (Mufon) and California State Director for Crop Circle Phenomenon Research International . He is also the Research Director for Beyond Boundaries, Inc., a company specializing in leading small groups of people interested in the UFO Phenomena to areas of the world where UFO sightings and experiences are frequent. He has been on a number of television interviews and documentaries and has traveled to England over the past years and photographed many crop circle formations. Our own Master of Ceremonies and experienced crop circle researcher, Ruben J. Uriarte has worked in tandem with Steve Moreno on this exciting case file. Steve Moreno is a paranormal investigator and researcher of 2 decades, and is well connected in all the associated fields. He is the founder and President of PSI Applications, a non-profit research foundation he was inspired to form after a 'near death' experience that transformed his life. Three local crop circles recently appeared up in the Solano County area and received national media attention. Despite the eventual disputed claims by a group of teenagers to have hoaxed the original Rockville Circle, the latest information from an ongoing in depth investigation is very revealing towards the strong possibility of all three formations being authentic. Though the investigation is not yet complete, Steve Moreno and Ruben Uriarte have offered to share the more astonishing information and evidence gathered up to this point. 21ST CENTURY VISIONS OF NOSTRADAMUS, with Dolores Cannon. Dolores Cannon is an internationally known specialist in the recovery and cataloging of "lost" knowledge through regression. Cannon is a regressive hypnotist specializing in past life recall, and she is fascinated by the details of history revealed by many of her subjects. Through her communication with Nostradamus, she has written three volumes of "conversations" which interpret almost 1000 prophecies of the 16th century seer. Her Nostradamus series is particularly interesting, as her subjects appear to have traveled through both time and space while in trance, and to have contacted the living Michel de Notredame, (Nostradamus) in his own time. Dolores Cannon is a warm and likable person. Working through several different subjects, Dolores was able to establish communication with the living Michel De Notredame better known as the prophet, Nostradamus. His revelations and their impact on our own time provide a fascinating look into a rarely discussed subject. **NSAW-302A • UPC 8 82917 03024 6 • 92 min • Audio Tape • \$14.95 +++ NSAW-302C • UPC 8 82917 03022 2 • 92 min • Audio CD • \$16.95 +++ NSAW-302V • UPC 8 82917 03023 9 • 92 min • VHS Video • \$24.95 +++ NSAW-302D • UPC 8 82917 03029 1 • 92 min • DVD Disk • \$24.95**

Barbara Lamb, a regular at our conferences and one of the nation's most experienced therapists working with UFO experiencers, suggests that either the numbers of experiencers are rising rapidly or more people are willing to talk publicly about such encounters. Pamela Stonebrooke, also known as the Intergalactic Diva, a professional singer in the Los Angeles area, is writing the story of her alien encounters. In her presentation, Pamela shares her encounters with

her four Grey hybrid daughters, and openly discusses her experiences with the Reptilians. She holds a Bachelor's degree in Biochemistry from San Francisco State University and a Master's degree in counseling Psychology. She provides insights from her recent book, *The Alien Love Bite: Alien Interference in Human Love Relationships*, which explores how alien beings may be orchestrating human love dramas for their own ends. SCIENCE, POLITICS AND THE NEW MILLENNIUM, with Dr. Nick Begich. Best selling author and lecturer Dr. Nick Begich presents an overview of the HAARP (High Frequency Active Auroral Research Program) transmitter and antenna in Alaska. His countless years of research help to provide a glimpse of new technological achievements that can help better the environment and reshape mankind in the future. Pulling from an array of extensive documentation from government, academic and media sources, Begich is able explain the big picture in terms that anyone can understand. Nick Begich co-authored the book "Angels Don't Play This HAARP: Advances in Tesla Technology," and wrote "Towards a New Alchemy: The Millennium Science." His latest book "Earth Rising - The Revolution: Toward a Thousand Years of Peace" was co-authored with James Roderick in December 1999. He is also the editor of "Earthpulse Flashpoints," a continuing new-science book series. On the eve of the 2000 presidential election, Nick discussed science and politics in the new millennium. He discussed differences between the two major parties and what is going behind the scenes. He also gave an update on the latest research activities including new technologies, health and earth science related issues. THE BIGFOOT / UFO CONNECTION: PSYCHIC SASQUATCH ENCOUNTERS, with Jack "Kewaunee" Lapersitis. Kewaunee Lapersitis is a social scientist, applied anthropologist and health care professional who has thoroughly researched the Bigfoot/Sasquatch phenomenon for the last 45 years. In 1979, Kewaunee received the shock of his life when both a Bigfoot and ET simultaneously communicated with him telepathically. Since that time, he has documented 95 percipients, including a college professor, a government administrator and a whole array of people who have had similar psychic close encounters. Unlike many researchers looking for hard evidence of this elusive creature, Lapersitis has concentrated more on documenting the "experience" of the phenomenon, and gathering first-hand accounts of contacts. His "proof" is not a dead body, nor even a plaster cast, but takes the form of a consensus reality. That is, after hearing dozens of accounts of Sasquatch contact from witnesses who tell similar stories it is impossible for him not to accept the truth of these experiences. OUT-OF-BODY ADVENTURES, with Albert Taylor. Al Taylor, Ph.D., left behind nearly two decades of work as an aeronautical engineer/scientist to become a metaphysical researcher, teacher, lecturer and artist. Taylor describes his Out-of-Body (OBEs) with great insight and humor. Taylor reveals how these paranormal events have impacted his personal growth and relationships. Born and raised in Southern California, at seventeen, he elected to serve his country by enlisting into the United States Air Force. During his tour of duty in the USAF, he continued his education by attending nearby colleges and universities. His aerospace career continued as he performed development engineering on a top-secret program which has since become known as the F-117A Stealth Fighter. He was also involved in NASA's International Space Station program. After a myriad of paranormal events, and as a result of a spiritual awakening, Taylor left behind nearly two decades of work as an aeronautical engineer/scientist, to author and publish his book, *Soul Traveler*. With his characteristic wit, he reveals how paranormal events have impacted his personal growth and explain step-by-step how you can also have an OBE. **NSAW-310A • UPC 8 82917 03104 5 • 93 min • Audio Tape • \$14.95 +++ NSAW-310C • UPC 8 82917 03102 1 • 93 min • Audio CD • \$16.95 +++ NSAW-310V • UPC 8 82917 03103 8 • 93 min • VHS Video • \$24.95 +++ NSAW-310D • UPC 8 82917 03109 0 • 93 min • DVD Disk • \$24.95**

PARADIGM POLITICS, with Daniel Sheehan. Daniel Sheehan is a social activist who has spent virtually his entire life working on progressive social programs and initiatives. As the Legal Counsel on such nationally-recognized investigative cases involving government as The Karen Silkwood Case, The Iran/Contra Case, The Pentagon Papers Case, The Watergate Burglary Case, and The American Sanctuary Movement Case, Dan brings to the issue of Extraterrestrial Intelligence and the UFO Phenomenon a unique background in investigating and

INTUITIVE ANIMAL COMMUNICATION, with Raphaela Pope. Raphaela Pope was a critical care nurse for many years before becoming a telepathic animal communicator. She has made her living for many years by talking to animals about life and death, about health and behavior problems, asking their opinions and discovering their desires. She has spoken with animals in their homes, shelters, rehabilitation centers, humane societies, on ranches, and in the wild. From this background of daily conversation and interaction, she has developed an authoritative vision about who and what animals are, what motivates them, and what their wisdom and insight can offer humans in an electronic age. She is an expert teacher, workshop leader, and sought-after speaker by animal clubs and organizations. Her journey is described in her book, *Wisdom of Animals: Communication Between Animals and the People Who Love Them*, which she co-wrote with Elizabeth Morrison. She helps people locate lost pets, solve behavior problems, diagnose illnesses and even simply find out what their pets are thinking. In her presentation she shares some simple techniques with the audience. **NSAW-314A • UPC 8 82917 03144 1 • 79 min • Audio Tape • \$14.95 +++ NSAW-314C • UPC 8 82917 03142 7 • 79 min • Audio CD • \$16.95 +++ NSAW-314V • UPC 8 82917 03143 4 • 79 min • VHS Video • \$24.95 +++ NSAW-314D • UPC 8 82917 03149 6 • 79 min • DVD Disk • \$24.95**

FORBIDDEN ARCHAEOLOGY: THE HIDDEN HISTORY OF THE HUMAN RACE, with Michael Cremo. Michael Cremo is on the cutting edge of science and culture issues. In the course of a few months' time he might be found on pilgrimage to sacred sites in India, appearing on a national television show, lecturing at a mainstream science conference, or speaking to an alternative science gathering. As he crosses disciplinary and cultural boundaries, he presents to his various audiences a compelling case for negotiating a new consensus on the nature of reality. Michael Cremo is a member of the History of Science Society, the World Archeological Congress, the Philosophy of Science Association, the European Association of Archaeologists and associate member of the Bhaktivedanta Institute specializing in history and philosophy of science. Michael Cremo's book *Forbidden Archeology* has become a classic in the histo-

ry of archeology. It is filled with evidence showing that humans like us have existed on earth for tens of millions of years. This stands in stark contrast to the conventional scientific beliefs that humans like us have been present on this planet for only about 100,000 years. In his talk, Michael shows some of the more spectacular examples of what have been called out-of-place artifacts and outlines the extreme antiquity of humanity. He also explains how he was inspired by the ancient Sanskrit writings of India and other wisdom traditions. **NSAW-315A • UPC 8 82917 03154 0 • 119 min • Audio Tape • \$14.95 +++ NSAW-315C • UPC 8 82917 03152 6 • 119 min • Audio CD • \$16.95 +++ NSAW-315V • UPC 8 82917 03153 3 • 119 min • VHS Video • \$24.95 +++ NSAW-315D • UPC 8 82917 03159 5 • 119 min • DVD Disk • \$24.95**

TALKING TO THE OTHER SIDE, with Mark Macy. Based in Boulder, Colorado, Macy is part of a growing international community of people working to contact the deceased. Mark Macy was an agnostic until a brush with colon cancer set him on a spiritual search in the 1980s. Then he learned about the miracles of Instrumental Trans-Communication (ITC): personal letters planted mysteriously in computers by invisible hands, images from other realms flashing across TV screens, and actual phone calls from angels. He immersed himself in ITC, and the amazing results of his research can be seen on his website www.worlditc.org and in his new book, "Miracles in the Storm." Imagine picking up the telephone one day and hearing the voice of a professional colleague - long deceased. These researchers use contemporary electronic technology - from audio and video recorders to personal computers - for documenting what they claim are communications from their friends and associates on "the other side." According to Macy, he and his earthside colleagues are joined in this bridge-building effort by a distinguished team of deceased scientists and artists who call themselves "Timestream." His mission is simple: to present graphic evidence that the worlds of the dead and the living are coming closer together. **NSAW-317A • UPC 8 82917 03174 8 • 86 min • Audio Tape • \$14.95 +++ NSAW-317C • UPC 8 82917 03172 4 • 86 min • Audio CD • \$16.95 +++ NSAW-317V • UPC 8 82917 03173**

ANCIENT EGYPTIAN HI-TECH, with Christopher Dunn. Christopher Dunn has an extensive background as a master craftsman, starting as a journeyman lathe turner in his hometown of Manchester, England. Recruited by an American aerospace company, he immigrated to the United States in 1969. The author's pyramid odyssey began in 1977 when he read Peter Tompkins' book *Secrets of the Great Pyramid*. His immediate reaction to the Giza Pyramid's schematics was that this edifice was a gigantic machine. Discovering the purpose of this machine and documenting his case has taken the better part of twenty years of research. In the process he has published a dozen magazine articles, including the much-quoted "Advanced Machining in Ancient Egypt" in *Analog*, and has had his research referenced in such books as Graham Hancock's "Fingerprints of the Gods" and Cohn Wilson's "From Atlantis to the Sphinx". Chris Dunn, his wife Jeanne and their children live in Danville, Illinois. In 1998, he published the groundbreaking book *The Giza Power Plant: Technologies of Ancient Egypt*, which proposed that the Great Pyramid of Giza was actually a large acoustical device that produced energy. In this presentation he talked about his interception experience. While still affiliated with the International UFO Museum in Roswell, NM, in 1997 as the UFO investigator, he was contacted by a gentleman in Oklahoma claiming his father had been a military policeman at the Roswell crash site and had a piece of the metal from the crashed vehicle. Balthaser made arrangements to travel to Oklahoma to meet the gentleman and obtain the metal for testing, but was never able to meet with them. Instead he was met and intercepted by people claiming to be United States Air Force, Office of Special Investigation agents. In this lecture Balthaser gives a detailed account of the events that transpired from the original phone call through the current investigation, which is still on-going. Balthaser was in the United States Army in an Engineering Battalion. He moved to Roswell, NM in 1996, to pursue his 25 year interest in UFOlogy and particularly the Roswell Incident, Underground Bases and Area 51. **AZTEC-351A • UPC 8 82917 03514 2 • 120 min • Audio Tape • \$14.95 +++ AZTEC-351C • UPC 8 82917 03512 8 • 120 min • Audio CD • \$16.95 +++ AZTEC-351V • UPC 8 82917 03513 5 • 120 min • VHS Video • \$24.95 +++ AZTEC-351D • UPC 8 82917 03519 7 • 120 min • DVD Disk • \$24.95**

He has written and ghostwritten several nonfiction books and has been a consulting senior editor for Arlington House Publishers, editor of *Libertarian Review*, a senior editor at the American Enterprise Institute, contributing editor to *Reason*, and science columnist for *Eternity Science Fiction*. His articles on UFOs have appeared in such journals as *Fortean Times*, *Omni*, the *International UFO Reporter*, *The Anomalist*, *Fate*, the *MUFON UFO Journal*, *Cuadernos de Ufología* (Spain), and the *MUFON 1995 International UFO Symposium Proceedings*, and he has made significant contributions to other U.S. and foreign publications. A popular speaker at UFO and anomalous phenomena gatherings, he was named 1998 UFOlogist of the Year by the National UFO Conference. Mr. Pflock's interest in UFOs is virtually lifelong, and his investigations have left no doubt in his mind that UFOs are real. In the late 1960s and early 1970s he served as a member and chairman of the National Capital Area [investigations] Subcommittee of the National Investigations Committee on Aerial Phenomena (NICAP), then the world's largest private UFO research organization. **AZTEC-354A • UPC 8 82917 03544 9 • 106 min • Audio Tape • \$14.95 +++ AZTEC-354C • UPC 8 82917 03542 5 • 106 min • Audio CD • \$16.95 +++ AZTEC-354V • UPC 8 82917 03543 2 • 106 min • VHS Video • \$24.95 +++ AZTEC-354D • UPC 8 82917 03549 4 • 106 min • DVD Disk • \$24.95**

CRITIQUE OF THE ROSWELL CRITICS, with **Stanton Friedman**. Contrary to popular belief the modern UFO era did not begin with the Rowsell incident in early July, 1947. The sightings had begun a month earlier with the sighting of Kenneth Arnold in Washington State. He has provided written testimony to Congressional Hearings, appeared twice in the UN, and has been a pioneer in many aspects of UFOlogy including the Betty Hill-Marjorie Fish star map work and analysis of the Delphos physical trace case. Stanton T. Friedman was born in New Jersey on July 29, 1934. He was named valedictorian of his 1951 Linden, New Jersey, high school class and spent two years at Rutgers University in New Brunswick, New Jersey before switching to the University of Chicago in 1953. He received BS and MS degrees in Physics from UC in 1955 and 1956, where Carl Sagan was a classmate. He worked for fourteen years as a nuclear physicist for such companies as General Electric, General Motors, Westinghouse, TRW, Aerojet General Nucleonics, and McDonnell Douglas on such advanced, highly classified, eventually canceled projects as nuclear aircraft, fission and fusion rockets, and nuclear power plants for space. Since 1967 he has lectured on the topic *Flying Saucers Are Real* at more than 600 colleges and over 100 professional groups in fifty states, nine Canadian provinces, England, Italy, Germany, Holland, France, Finland, Brazil, Australia, Korea, Mexico, Turkey, Argentina, and Israel. He has published more than 70 papers on UFOs besides his dozens of conventional articles and appeared on hundreds of radio and TV shows. Stan is the original civilian investigator of the Roswell Incident, who co-authored *Crash at Corona* and instigated the *Unsolved Mysteries Roswell* program. In this tape he examines the evidence that supports the Roswell, NM crash of a supposed extraterrestrial craft. AZTEC 1949-1950: NEW INFORMATION ON THE AZTEC UFO CRASH, with **Linda Moulton Howe**. Linda Moulton Howe, Emmy Award-winning TV producer, investigative reporter and writer, will present eyewitness accounts and documents about a "dog fight" of silver discs in the sky over Aztec followed by a crash and retrieval of one disc from Hart Canyon in March 1949; multiple disc flyovers by the hundreds the next year on March 17, 1950 reported in *The Denver Post* and *The Farmington Daily Times*; and alleged government knowledge and cover-up of the Aztec disc crash and subsequent disc flyovers. An Emmy-award winning investigative journalist and author, now living near Philadelphia, Linda was the creative genius behind the original "Sightings" TV Series. For several years she has provided millions of listeners with a weekly UFO update and summary at the beginning of the "Dreamland" radio show and has done numerous guest appearances on Art Bell's "Coast to Coast" late-night show. One of the most serious and respected investigators of the paranormal, her interests include alien abductions, animal mutilations, crop circles and

ET contacts. She is a graduate of Stanford University with a Masters Degree in Communication. She has devoted her documentary film, television and radio career to productions concerning science, medicine and the environment. Ms. Howe has received local, national and international awards, including three regional Emmys and a national Emmy nomination. Those films have included "Poison in the Wind" and "A Sun Kissed Poison" which compared smog pollution in Los Angeles and Denver; "Fire In The Water" about hydrogen as an alternative energy source to fossil fuels; "A Radioactive Water" about uranium contamination of public drinking water in a Denver suburb; and "A Strange Harvest" which explored the worldwide animal mutilation mystery that has haunted the United States and other countries since the late 1950s and continues to date. In this presentation she discusses the recent discovery of a sunken city off the coast of Cuba. UFO INCIDENTS IN ENGLAND: THE BRITISH ROSWELLS, with Nick Redfern. In his first book, A Covert Agenda, Nick Redfern disclosed for the first time the startling facts surrounding the British government's very own top secret UFO reports; and in The FBI Files he revealed the full extent to which the U.S. FBI was involved in the monitoring UFOs throughout the USA. In his new book, Cosmic Crashes, Nick goes one step further: to break down the barriers of secrecy surrounding the ultimate UFO conspiracy and expose the truth behind what could accurately be described as "British Roswells." In this lecture Nick gives an overview of several of the most celebrated cases in British UFOlogy. **AZTEC-359A • UPC 8 82917 03594 4 • 81 min • Audio Tape • \$14.95 +++ AZTEC-359C • UPC 8 82917 03592 0 • 81 min • Audio CD • \$16.95 +++ AZTEC-359V • UPC 8 82917 03593 7 • 81 min • VHS Video • \$24.95 +++ AZTEC-359D • UPC 8 82917 03599 9 • 81 min • DVD Disk • \$24.95**

INSIDE OF THE BLACK VAULT: UFO DOCUMENTS REVEALED, with John Greenewald, Jr. In the six short years since he's been actively researching the UFO phenomenon, Mr. Greenewald, now age twenty-one, has uncovered over 100,000 pages of documents on UFOs and other related subjects. Armed with the Freedom of Information Act (FOIA), John has been able to blow the lid off of UFO secrecy and has shown that the U.S. and other governments of the world has had an intense interest in all things extraterrestrial since at least 1947. John's website www.blackvault.com contains an online virtual library of the documents he's collected. John has recently published his first book "Beyond UFO Secrecy," available from your favorite bookseller or John's website. John also has launched an online radio network with new shows coming on the airwaves in the near future. In this presentation, based on his book, he tells the story of how he's accomplished so much, so quickly, with so little, sometimes waiting years for requests to be filled. CRITIQUING THE MAJESTIC 12 CRITICS, with Stanton Friedman. There is overwhelming evidence that planet earth is being visited by intelligently controlled spacecraft originating in our local Cosmic Neighborhood. It is clear that this is very disturbing to a number of powerful groups such as major governments, the SETI cultists, journalists confident of their 'knowledge' of what is important, scientists completely unaware of the fact that progress comes from doing things differently in ways we cannot yet understand. Stanton T. Friedman was born in New Jersey on July 29, 1934. He was named valedictorian of his 1951 Linden, New Jersey, high school class and spent two years at Rutgers University in New Brunswick, New Jersey before switching to the University of Chicago in 1953. THE UFO PHENOMENON: 56 YEARS AND STILL A MYSTERY, with Robert Swiatek. Rob Swiatek is the current secretary-treasurer of the non-profit Fund for UFO Research and a director of the UFO Research Coalition, an organization administered by representatives of the Fund for UFO Research, the Center for UFO Studies and the Mutual UFO Network (MUFON). His interest in UFOs began in 1968 during the height of the University of Colorado UFO Study. Work with the Fund and the Coalition has involved him in various aspects of the multi-faceted UFO field, from the Roswell Incident and archival research to abduction studies and fund-raising. He has lectured in front of many groups and has contributed entry to "The UFO Evidence: Volume II" by Richard Hall and "The Encyclopedia of Extraterrestrial Encounters" by Ronald D. Story. Rob has an undergraduate degree in physics and earth science and is an employee of the U.S. Patent and Trademark Office in Arlington, VA. BEHIND THE FLYING SAUCERS: THE FRANK SCULLY TAPES, with Wendy Connors. Wendy Ann Connors originally hails from Iowa. Following High School she joined the United States Air Force. Completing her basic training at Lackland AFB her first duty assignment was at Stewart AFB in New York. In 1968 she was transferred to Mactan Island AFB, Philippines and worked as a Communications Supervisor and NCOIC of Administration. Honorably discharged an E-5 in the summer of 1969, Wendy returned to Iowa and completed her degrees at the University of Iowa and in 1980, moved to Albuquerque, New Mexico. Her accomplishments are many. She brought the history of Project SIGN and its members to the field, as well as the involvement and genius of Alfred C. Loedding. She has also brought many unknown documents to the field as well. She is a founding member of the SIGN Historical Group and holds one of the largest audio and photographic archives in the world dealing with crypto-aeronautics. Today she continues to research the modern history of the unidentified flying object phenomenon. She also operates and maintains the Faded Discs Archive. In this tape she presents and releases to the public for the first time audio tapes of Frank Scully, author of the 1950s book "Behind the Flying Saucers." Scully was literally the who's who of UFO researchers from that period and has become an icon of UFO lore. These "lost tapes" are enhanced recordings from a radio broadcast he gave in the 1950s. **AZTEC-364A • UPC 8 82917 03644 6 • 97 min • Audio Tape • \$14.95 +++** **AZTEC-364C • UPC 8 82917 03642 2 • 97 min • Audio CD • \$16.95 +++** **AZTEC-364V • UPC 8 82917 03643 9 • 97 min • VHS**

UFOS AND MACHINE INTELLIGENCE: LOOKING AT THE PROS AND CONS, with Richard Dolan. Richard Dolan is the author of "UFOs and the National Security State," published by Keyhole Publishing, which covers the period from 1941 to 1973 and provides a thorough historical analysis of the national security dimensions of the UFO phenomenon. Born in Brooklyn and raised on Long Island, Dolan earned a scholarship to study at Oxford University, where he closely missed receiving a Rhodes Scholarship. After completing his graduate work at the University of Rochester he became a self-employed business writer to earn a living. Around 1994 he began to develop and interest in the UFO problem. He approached UFOs by looking at the history and politics of the phenomenon. He was intrigued by the cultural schizophrenia involved in the subject and with the fact that mainstream and academic culture continued to treat UFOs as amusement, but that some many intelligent people take it seriously. In this presentation he discusses using science and peer review to examine UFOs and national security. In this tape Richard examines the future of machine intelligence in space exploration. He ask the question: Could some of reported UFOs in recent history be autonomous robots from an extraterrestrial, or even extradimensional source. He also makes the obvious connections to our own space program and how if we manage to travel between star systems it will most likely be by robot. **AZTEC-365A • UPC 8 82917 03654 5 • 91 min • Audio Tape • \$14.95 +++** **AZTEC-365C • UPC 8 82917 03652 1 • 91 min • Audio CD • \$16.95 +++** **AZTEC-365V • UPC 8 82917 03653 8 • 91 min • VHS Video • \$24.95 +++** **AZTEC-365D • UPC 8 82917 03659 0 • 91 min • DVD Disk • \$24.95**

SCIENTIFIC RESEARCH OF THE UFO PHENOMENON, with Bruce Maccabee. After completing his undergraduate studies in Physics at the Wochester Polytechnic Institute in Worchester, Massachusetts he went on to receive his M.S. and Ph.D (also in physics) from The American University in Washington, D.C. In 1972 he began his long career at the Naval Surface Warfare Center, presently headquartered at Dahlgren, VA. He has worked on optical data processing, the generation of underwater sound with lasers and with various aspects of the Strategic Defense Initiative (SDI) and Ballistic Missile Defense (BMD) using high power lasers. Dr. Maccabee is the author or co-author of about three dozen technical articles and more than a hundred UFO articles over the last 25 years. He has been active in UFO research since the late 1960s when he joined the National Investigations Committee on Aerial Phenomena (NICAP). UFOS AND REALITY TRANSFORMATION, with Chris Styles. Chris Styles is a Canadian UFO researcher who has been an active investigator of both classic and current UFO cases that have occurred along the Atlantic Ocean in Canada. His work on the Shag Harbour Incident has had tremendous impact on the way that UFO crash / retrieval scenarios are viewed. In 1994, Chris received a grant from the Fund for UFO Research to help underwrite the cost of an extensive document search that involved non-transferable Canadian military documents held at Canada's National Archives in Ottawa. Some of the results of that search are included in this presentation. He has written custom software used in both printing and UFOlogy which automates many of the measurements needed in tedious

video analysis. And in 1995, Chris directed an underwater search for physical evidence that might have remained submerged and undetected below the surface of Shag Harbour. Paramount Television financed the expedition that employed divers, sidescan sonar, underwater video and magnetometers in their search to uncover evidence from this fascinating incident. **MUFON-201A • UPC 8 82917 02014 8 • 76 min • Audio Tape • \$14.95 +++** **MUFON-201C • UPC 8 82917 02012 4 • 76 min • Audio CD • \$16.95 +++** **MUFON-201V • UPC 8 82917 02013 1 • 76 min • VHS Video • \$24.95 +++** **MUFON-201D • UPC 8 82917 02019 3 • 76 min • DVD Disk • \$24.95**

THE DAY AFTER PHILIP CORSO, with William J. Birnes. Dr. William J. Birnes is a *New York Times* best selling author with Col. Philip Corso for "The Day After Roswell." Dr. Birnes is also a New York literary publishing agent and an editor at McGraw-Hill. Birnes is also the publisher of UFO Magazine in Los Angeles and the Editor-in-Chief of the UFO Encyclopedia at Pocket Books, a division of Simon & Schuster in New York. He is a New Jersey native who currently resides in southern California. A true-crime writer who books have become required reading at Harvard Law School, Birnes has recently completed a psychology textbook for police and homicide investigators. The appearance of Lt. Col. Philip J. Corso on the UFO scene back in 1997 with his book, "The Day After Roswell," added so much to the mix of opinion, claim and counterclaim, and accusations of disinformation that it said more about the UFOlogy community than it did about Corso himself. In this lecture, Birnes describes his involvement with helping Lt. Col. Philip J. SCIENTIFIC REVELATIONS IN PHOTO / VIDEO UFOLOGY, with Jeff Sainio. Graduating Magna Cum Laude from Northern Michigan University with a BS in Math-Computer Science in 1979, Jeff W. Sainio made a career switch from the broadcast engineering field to managing a major printing firm in Wisconsin. His work has netted seven US patents in the imaging and aerodynamics fields. Being an F.C.C. licensed broadcast engineer, his knowledge is useful in video analysis at the electronic as well as imaging level. Jeff's interest in UFOs was piqued during the 1965 flap when two discs were sighted by respected policemen in his hometown in northern Michigan. He joined MUFON in February 1991 and is the Staff Photoanalyst for still photographs and videotapes. He has been performing computer enhancement and analysis of UFO photographs and videotapes submitted to him by either MUFON or directly from the photographers. Mr. Sainio is recognized worldwide for his expertise in this field and has appeared on numerous national television show demonstrating techniques for determining the authenticity of UFO photographs and videos. In this presentation he outlines those techniques and describes working with some of more popular and recent footage of UFOs. **MUFON-203A • UPC 8 82917 02034 6 • 68 min • Audio Tape • \$14.95 +++**

THE LIMITS OF SCIENCE IN UFO RESEARCH, with Richard Dolan. Richard Dolan is the author of "UFOs and the National Security State," published by Keyhole Publishing, which covers the period from 1941 to 1973 and provides a thorough historical analysis of the national security dimensions of the UFO phenomenon. Born in Brooklyn and raised on Long Island, Dolan earned a scholarship to study at Oxford University, where he closely missed receiving a Rhodes Scholarship. After completing his graduate work at the University of Rochester he became a self-employed business writer to earn a living. Around 1994 he began to develop and interest in the UFO problem. He approached UFOs by looking at the history and politics of the phenomenon. He was intrigued by the cultural schizophrenia involved in the subject and with the fact that mainstream and academic culture continued to treat UFOs as amusement, but that some many intelligent people take it seriously. In this presentation he discusses using science and peer review to examine UFOs and national security. **MUFON-204A • UPC 8 82917 02044 5 • 70 min • Audio Tape • \$14.95 +++** **MUFON-204C • UPC 8 82917 02042 1 • 70 min • Audio CD • \$16.95 +++** **MUFON-204V • UPC 8 82917 02043 8 • 70 min • VHS Video • \$24.95 +++** **MUFON-204D • UPC 8 82917 02049 0 • 70 min • DVD Disk • \$24.95**

IN SEARCH OF EBE'S, with William Hamilton. Bill read the book "Flying Saucers from Outer Space" by Donald Keyhoe when still in grade school. By the time he went to high school, he was actively pursuing interests in the UFO phenomenon. He met and became acquainted with the early UFO contactees by attending the Giant Rock spacecraft conventions hosted by George Van Tassel. Hamilton has had over one hundred personal sightings of UFOs. In 1976, he investigated his first UFO abduction case and applied for membership in MUFON as a field investigator. He is currently Executive Director of Skywatch International, founded by Col. Steve Wilson. In this lecture he presents how new findings in planetary science and new discoveries and theories in biology have a bearing on UFO studies. He also discusses the new perspectives offered by these conclusions and their relevance toward resolving the mystery of UFO origins. **MUFON-205A • UPC 8 82917 02054 4 • 75 min • Audio Tape • \$14.95 +++** **MUFON-205C • UPC 8 82917 02052 0 • 75 min • Audio CD • \$16.95 +++** **MUFON-205V • UPC 8 82917 02053 7 • 75 min • VHS Video • \$24.95 +++** **MUFON-205D • UPC 8 82917 02059 9 • 75 min • DVD Disk • \$24.95**

FIVE THEMES ON UFO ABDUCTION, with Dan Wright. Dan Wright has a masters degree in political affairs from the University of Illinois, Springfield. He joined MUFON in 1978, where his positions included state section director, state director for Michigan, central states regional director, and deputy director for investigations. Dan was on the MUFON board for 15 years, seven as deputy director. His accomplishments at MUFON over the years include the revised computer input database and initial computer catalog of

MUFON case files; writing several chapters in the field investigator's manual on proper interviewing techniques and on completing the general cases and computer input forms; distribution of a photo slide set for MUFON presentations; and initiation of a regular newsletter to and annual meeting for all state directors. From 1992 until 1997, he directed the abduction transcription project for MUFON. Twenty abduction researchers contributed 930 audio cassette tapes of hypnosis sessions and interviews with 265 suspected abductees. In this presentation he details the five themes found in many abduction cases, as based on a key-word index containing nearly 2,500 entries from transcripts of those sessions. **MUFON-206A • UPC 8 82917 02064 3 • 73 min • Audio Tape • \$14.95 +++** **MUFON-206C • UPC 8 82917 02062 9 • 73 min • Audio CD • \$16.95 +++** **MUFON-206V • UPC 8 82917 02063 6 • 73 min • VHS Video • \$24.95 +++** **MUFON-206D • UPC 8 82917 02069 8 • 73 min • DVD Disk • \$24.95**

BUILDING A PROFESSIONAL COMMUNITY IN THE UFO FIELD, with David Jacobs. Dr. David M. Jacobs is Associate Professor of History at Temple University specializing in twentieth century American history and culture. His is former Director of the American Studies Program. Dr. Jacobs has been a UFO researcher for 35 year. In 1973, he completed his doctoral dissertation in the field of intellectual history at the University of Wisconsin - Madison on the controversy over unidentified flying objects in America. This was only the second Ph.D. degree granted involving a UFO-related theme. Indiana University Press published a revised version of his dissertation as "The UFO Controversy in America" in 1975. It was the first positive book towards UFOs published by an academic press. In this lecture he discusses how both the UFO phenomenon and the UFO research community have presented almost insurmountable barriers to scientific engagement with the data. **MUFON-207A • UPC 8 82917 02074 2 • 73 min • Audio Tape • \$14.95 +++** **MUFON-207C • UPC 8 82917 02072 8 • 73 min • Audio CD • \$16.95 +++** **MUFON-207V • UPC 8 82917 02073 5 • 73 min • VHS Video • \$24.95 +++** **MUFON-207D • UPC 8 82917 02079 7 • 73 min • DVD Disk • \$24.95**

CONFLICTING INTEREST IN THE CONTROL OF EXTRATERRESTRIAL INTELLIGENCE, with Timothy Good. Timothy Good became interested in UFOs in 1955

when he read a book by Donald Keyhoe describing sightings by qualified observers such as military and civilian pilots. He has become a leading authority on the subject, researching sightings worldwide, amassing a wealth of evidence, including thousands of intelligence documents. His numerous contacts include astronauts, military and intelligence chiefs, pilots and politicians. In 1987, Good published "Above Top Secret" which became an instant bestseller and is regarded by many as the definitive book on the subject, together with the fully updated book replacing it, "Beyond Top Secret" in 1996, which spent five weeks on the Sunday Times best-seller list. His latest book, "Unearthly Disclosure," published in 2000, was serialized in London's Daily Mail. Timothy is also a professional violinist, and played for fourteen years with the London Symphony Orchestra. He is without a doubt, one of the world's most respected authorities on the alien phenomenon. In this lecture he discloses extraordinary information provided to him via a high-ranking source that confirms that aliens have established subterranean and submarine bases on Earth and that contact has been made with a select group in the U.S. Military and scientific intelligence community. **MUFON-209A • UPC 8 82917 02094 0 • 77 min • Audio Tape • \$14.95 +++ MUFON-209C • UPC 8 82917 02092 6 • 77 min • Audio CD • \$16.95 +++ MUFON-209V • UPC 8 82917 02093 3 • 77 min • VHS Video • \$24.95 +++ MUFON-209D • UPC 8 82917 02099 5 • 77 min • DVD Disk • \$24.95**

AIR TRAFFIC CONTROL ZONES, PILOTS, AIRCRAFT AND UFOS, with Don Ledger. Don Ledger is a writer and the author of three books. His most recent book, "Dark Object," co-authored with Chris Styles, deals with the alleged UFO crash in Shag Harbour, Nova Scotia in October 1967. Mr. Ledger is a regular contributor to the Toronto-based radio show Strange Days Indeed, hosted by Errol Bruce-Knapp. He has been involved in half a dozen television documentaries dealing with both the Shag Harbour Incident and UFOs in general, as well as numerous radio shows in both Canada and the United States. He became an active investigator of the UFO phenomenon over ten years ago. In this lecture he discusses the misinterpretation of air regulations and air traffic control systems and regulations by UFO researchers, some scientists and the lay public when UFO incidents occur in regulated airspace or near aircraft. **MUFON-210A • UPC 8 82917 02104 6 • 78 min • Audio Tape • \$14.95 +++ MUFON-210C • UPC 8 82917 02102 2 • 78 min • Audio CD • \$16.95 +++ MUFON-210V • UPC 8 82917 02103 9 • 78 min • VHS Video • \$24.95 +++ MUFON-210D • UPC 8 82917 02109 1 • 78 min • DVD Disk • \$24.95**

THE ABDUCTION PHENOMENON: WHERE WE ARE NOW? with Budd Hopkins. Budd Hopkins, a New York artist, is famous for his three important books: Missing Time (1981), Intruders (1987), and Witnessed (1996). On a summer afternoon in 1964, Budd Hopkins and two others watched a small, round metallic craft maneuver in the sky over Cape Cod. This daylight sighting marked the beginning of Hopkin's interest in the UFO phenomenon, but his first nationally known investigation didn't take place until 1975. At that time, a UFO apparently landed in a New Jersey park only one mile from Manhattan and was seen by a number of witnesses. Mr. Hopkin's carefully researched account of this

landing and the observation of ten or eleven occupants, appeared in "The Village Voice," and "Cosmopolitan" magazine and elsewhere, and was covered extensively by television and radio. Throughout the years, his goal has been to bring an objective, dispassionate, scientific intelligence to bear on the UFO abduction phenomenon. In pursuit of this goal he founded, in 1989, "the Intruders Foundation," a not-for-profit organization devoted to research and public education concerning this extraordinary enigma. In this lecture he discusses several things that are known with assurance about the UFO phenomenon as well as some of the theories that can be confidently pronounced as incorrect. He covers some of the latest research, particularly in the area of abductions, and provides a summary where there are now with the abduction phenomenon. **MUFON-211A • UPC 8 82917 02114 5 • 72 min • Audio Tape • \$14.95 +++ MUFON-211C • UPC 8 82917 02112 1 • 72 min • Audio CD • \$16.95 +++ MUFON-211V • UPC 8 82917 02113 8 • 72 min • VHS Video • \$24.95 +++ MUFON-211D • UPC 8 82917 02119 0 • 72 min • DVD Disk • \$24.95**

AN AMERICAN IN SUFFOLK: THE RENDLESHAM FOREST UFO INCIDENT, with Peter Robbins. Peter is currently the Editor-in-Chief of the website www.ufocity.com and writes a column for "UFO Magazine" called "Webwatch." Robbins has been involved with the UFO field for many years. In 1977 he created and produced "The Question of UFOs," a series of six half-hour programs for Channel C, Manhattan Cable TV. In 1992, Robbins was appointed Executive Assistant for the Intruders Foundation, based in New York City. In this lecture he discussed his reflections, observation and updates on a decade of research in Britain's Rendlesham Forest UFO incident. He also discusses his role in the publication of "Left at East Gate" with Larry Warren and talks about some afterthoughts on the books and the events which inspired it. He also reveals some of the situations and people who never made it into the book, and wither the book had any impact on official government policies pertaining to UFOs in the United Kingdom. **MUFON-212A • UPC 8 82917 02124 4 • 90 min • Audio Tape • \$14.95 +++ MUFON-212C • UPC 8 82917 02122 0 • 90 min • Audio CD • \$16.95 +++ MUFON-212V • UPC 8 82917 02123 7 • 90 min • VHS Video • \$24.95 +++ MUFON-212D • UPC 8 82917 02129 9 • 90 min • DVD Disk • \$24.95**

MIRACLES: UFO CONTACT, with Betty Hill. The late Betty Hill was a life-long resident of New Hampshire. She graduated from the University of New Hampshire, with a BS Degree in Social Work and was employed by the State of New Hampshire as a social worker, until her retirement in 1975. Following her UFO sighting and abduction experience in 1961, Betty has spent many years doing television and radio programs, college lecture tours and writing assignments. She is the author of the book "A Common Sense Approach to UFOs." Betty is also the subject of John Fuller's book "Interrupted Journey," and the television movie "The UFO Incident." In this lecture she describes her (and her husband Barney's) abduction experience and provides some anecdotes and reflections on the 40 years that has passed since it occurred. At the end of the presentation she displays the blue dress she was wearing with the even happened back in 1961. Sadly, short-

ARE THERE UFOS ON MARS? with Richard Thieme. Richard Thieme speaks, writes and consults on the human dimensions of technology and work, including information security, organizational culture and the dynamics of leadership and communications. He is a regular featured speaker at the Black Hat Briefings and Def Con and a contributing editor for Information Security Magazine. Thieme's creative use of the Internet to reach global markets has earned accolades around the world. Thieme has published widely. Translated into German, Chinese, Japanese, Slovene, Danish and Indonesian, his articles are taught at numerous universities in Europe, Australia, Canada, and the United States. MUFON FIELD INVESTIGATOR TRAINING, with Dan Wright. UFOlogy is the study of the UFO phenomenon. At its core is the investigation of UFO reports as made by human witnesses, the enigmatic source of the original sighting typically having long since departed. In some cases, however, physical traces may have been left on the environment and these need to be collected and analyzed according to accepted scientific procedures. Primary witnesses need to be interviewed and other corroborating witnesses (and data) sought out. Since well over 90 percent of all UFO reports turn out to be IFOs — Identified Flying Objects — after a thorough examination, it is important to

ascertain if any mundane phenomena, man-made, meteorological or astronomical, may have been in the immediate vicinity of the sighting and somehow served as its stimulus. Everything from street lamps and advertising blimps, to ball lightning and the planet Venus have been misinterpreted as UFOs at one time or another. Only by identifying and eliminating such mundane sources can researchers concentrate on the core phenomenon. With close encounters and other so-called "high strangeness" cases, a thorough investigation is even more necessary, especially where episodes of "missing time" and other psychological or physiological effects are reported by the witness(es). Indeed, a UFO investigation can become quite complicated, involving issues of ethics, confidentiality, media relations and other aspects of human behavior with which most of us are ill-equipped, or at least untrained, to deal with. Questions about regressive hypnosis, potential hoaxes, witness reliability and so on tax even the most sincere and objective investigator. Accordingly, MUFON has established a program to train member volunteers as Field Investigators. This two-hour video presentation was recorded at a recent Field Investigator training class. Makes a great companion to the MUFON Field Investigator's Manual, now in a newly revised fourth edition. It is a 311-page manual that comes bound in a sturdy 3-ring loose-leaf folder and includes instructions for investigating a variety of UFO phenomena. Whether you decide to join MUFON and undertake the training program or not, the Field Investigator's Manual contains a wealth of information and is an indispensable tool for undertaking your own investigations. The MUFON Field Investigator's Manual is available from MUFON, PO Box 369, Morrison, Colorado, 80465-0369. The price for MUFON members is \$25.00 plus \$4.00 shipping and handling. THE 50TH ANNIVERSARY OF THE KINROSS INCIDENT: AND STILL NO "GOLDEN" ANSWER TO THE QUESTION, with David W. Davis (aka Walks-as-Bear). David Walks-As-Bear is a Shawnee Indian and former president of the Native American Preservation Council. He writes a weekly column for a newspaper and has worked as a magazine staff writer, freelance photojournalist and in law enforcement. Although he has written several non-fiction books, his latest, "The Murmurings" is a novel based on an incident that occurred at Kinross Air Force Base in Northern Michigan. The year was 1953 and the cold war with the Soviet Union was in full swing. Kinross Air Force Base in northern Michigan was the front line for the interception of incoming bombers or intercontinental ballistic missiles. Something very bizarre and mysterious happened on the night of November 23, 1953 when 2 Scorpion F-89c fighters were dispatched to investigate an anomalous object that was detected on radar. Only one of the fighters returned, the other after merging with an Unidentified Object on radar disappeared without a trace. There was no crash and no debris field, the mystery of what happened out on Lake Michigan that night remains to this day. MYSTERY OF AMERICA: ENIGMATIC MYSTERIES AND ANOMALOUS ARTIFACTS OF NORTH AMERICA: A CONNECTION TO THE ANCIENT PAST, with **Tédd St. Rain**. Mysterious and often inexplicable remnants of civilization's history fascinate scientists and archaeologists. People travel worldwide to visit such sites, yet some of the most enigmatic artifacts and structures have been found right here in North America. Unfortunately, because these records do not fit within accepted academic models of human history, they remain unexplained mysteries, and most people never hear of them. Long before any humans were supposed to be on this continent, unknown hands removed millions of pounds of copper from mines near Lake Superior. Giant people as tall as 12 feet were buried in Arizona, Nevada and the Midwest. A three-foot-high adult mummy was discovered in Wyoming. A "hinged silver bell" with indecipherable writing was blasted from 15 feet below the ground in Massachusetts. A human-like tooth, three times normal size, was found in coal from a Montana mine. Sandaled feet made footprints in rock at least 300 million years old in Utah. According to modern wisdom, humans evolved on Earth no earlier than two million years ago. Yet many of these artifacts were made or recorded long before then. How can this be? Could any of these anomalies have been the result of an advanced civilization once present on our planet? This book presents the evidence that there have been intelligent beings on earth long before humans are thought to have evolved here. Explore these intriguing possibilities and more in this exciting and informative investigation into the mysteries and anomalous artifacts of North America. Tédd St. Rain, author, lecturer, and videographer, he has traveled the world extensively investigating the world's ancient mysteries and enigmas, actively researching the mysterious, the metaphysical and the mythical. Born in Long Beach, California, Tédd is the owner of Lost Arts Media that publishes, markets and distributes fascinating and educational books, videos and multimedia products to help inform, enlighten and inspire humanity. In this presentation Tédd has collected 80 of his best slides in an effort to explain the "most unusual of the unusual" found in the crypto-archaeological literature. Recorded at the International MUFON Symposium in Dearborn, MI, in July 2003 this tape reveals the mysteries that have occurred in our past. A wealth of information provided by the rare and unusual slides, pictures and renderings, besides that it's my latest tape, make this one of the best tapes in the catalog. Also check out the companion book to this tape, "Mystery of America: Enigmatic Mysteries and Anomalous Artifacts of North America: A Connection to the Ancient Past," ISBN 1-59016-999-9, available from your favorite bookseller or in our catalog. EVEN MORE REMARKABLE: THE USS SUPPLY SIGHTING OF "REMARKABLE

METEORS," with Bruce Maccabee. After completing his undergraduate studies in Physics at the Worcester Polytechnic Institute in Worcester, Massachusetts he went on to receive his M.S. and Ph.D (also in physics) from The American University in Washington, D.C. In 1972 he began his long career at the Naval Surface Warfare Center, presently headquartered at Dahlgren, VA. He has worked on optical data processing, the generation of underwater sound with lasers and with various aspects of the Strategic Defense Initiative (SDI) and Ballistic Missile Defense (BMD) using high power lasers. Dr. Maccabee is the author or coauthor of about three dozen technical articles and more than a hundred UFO articles over the last 25 years. He has been active in UFO research since the late 1960s when he joined the National Investigations Committee on Aerial Phenomena (NICAP). In this presentation he describes the February 28th, 1904 sighting, by witnesses aboard the U.S.S. Supply, of three bright objects moving rapidly through the sky. While they flew through the sky as meteors would have, they could not have been meteors due to the fact that the reports indicate they were less than a mile in altitude, they made a large change in flight direction and they were seen for too long for the amount of sky traversed. In addition, when the objects reached an angular elevation of about 45 degrees they appeared to soar upward through the clouds and then faded from view. **MUFON-221A • UPC 8 82917 02214 2 • 60 min • Audio Tape • \$12.95 +++ MUFON-221C • UPC 8 82917 02212 8 • 60 min • Audio CD • \$14.95 +++ MUFON-221V • UPC 8 82917 02213 5 • 60 min • VHS Video • \$19.95 +++ MUFON-221D • UPC 8 82917 02219 7 • 60 min • DVD Disk • \$19.95**

THE MARIAN VISITATIONS: MIRACLES, HOAXES OR ALIEN ENCOUNTERS, with Dan Wright. Dan Wright has a masters degree in political affairs from the University of Illinois, Springfield. He joined MUFON in 1978, where his positions included state section director, state director for Michigan, central states regional director, and deputy director for investigations. Dan was on the MUFON board for 15 years, seven as deputy director. His accomplishments at MUFON over the years include the revised computer input database and initial computer catalog of MUFON case files; writing several chapters in the field investigator's manual on proper interviewing techniques and on completing the general cases and computer input forms; distribution of a photo slide set for MUFON presentations; and initiation of a regular newsletter to and annual meeting for all state directors. In this presentation Dan discusses three focal events in Roman Catholic lore over the past 500 years. He presents the evidence supporting claims of the miraculous near Mexico City (1531), Lourdes, France (1858) and Fatima Portugal (1917). For those not familiar with the Fatima story, in effect an unusual object was seen in the sky over Portugal in 1917, the event went on for days and was witnessed by untold thousands of people. This tape also includes a comparison of many modern UFO-encounter cases. One of the most valuable tapes in the catalog, both in the quality of the information and the way it is delivered, thank you Dan. **MUFON-222A • UPC 8 82917 02224 1 • 75 min • Audio Tape • \$14.95 +++ MUFON-222C • UPC 8 82917 02222 7 • 75 min • Audio CD • \$16.95 +++ MUFON-222V • UPC 8 82917 02223 4 • 75 min • VHS Video**

BACKROADS OF THE UNIVERSE: UNUSUAL UFO ENCOUNTERS IN HISTORY, with Jim Hickman. Have you ever looked up into the night sky and wondered – Are We Alone? Jim Hickman has lectured on the subject of UFOs and the need for full disclosure from our government for over 30 years. Jim has written a definitive book on UFO Investigations – 5000 years of UFOs – Are We Really Alone? He has appeared on man radio shows including The Laura Lee Show, the Cybercity Show, the Jeff Rense Show, the Art Bell Show, and of course, Jim is the host of radio's WAKEUPUSA show on the Stardust Radio Network. "Jim Hickman brings the study of UFOs out of the basement, out of the clutches of the hoaxers, and places it in the context of competent scientists and technicians. He also provides a framework that many reporters currently use to achieve credibility and approach the truth, incorporating the scientific method instills trust in the soundness of the research while maintaining an appropriate distance of skepticism." –The University of South Carolina Journal. In this presentation, Jim covers some of the more unusual UFO encounters in modern UFOlogy. **MUFON-223A • UPC 8 82917 02234 0 • 50 min • Audio Tape • \$12.95 +++ MUFON-223C • UPC 8 82917 02232 6 • 50 min • Audio CD • \$14.95 +++ MUFON-223V • UPC 8 82917 02233 3 • 50 min • VHS Video • \$19.95 +++ MUFON-223D • UPC 8 82917 02239 5 • 50 min • DVD Disk • \$19.95**

CRITIQUING THE ROSWELL CRITICS, with Stanton Friedman. Contrary to popular belief the modern UFO era did not begin with the Rowsell incident in early July, 1947. The sightings had begun a month earlier with the sighting of Kenneth Arnold in Washington State. He has provided written testimony to Congressional Hearings, appeared twice in the UN, and has been a pioneer in many aspects of UFOlogy including the Betty Hill-Marjorie Fish star map work and analysis of the Delphos physical trace case. Stanton T. Friedman was born in New Jersey on July 29, 1934. He was named valedictorian of his 1951 Linden, New Jersey, high school class and spent two years at Rutgers University in New Brunswick, New Jersey before switching to the University of Chicago in 1953. He received BS and MS degrees in Physics from UC in 1955 and 1956, where Carl Sagan was a classmate. He worked for fourteen years as a nuclear physicist for such companies as General Electric, General Motors, Westinghouse, TRW, Aerojet General Nuclear, and McDonnell Douglas on such advanced, highly classified, eventually cancelled projects as nuclear aircraft, fission and fusion rockets, and nuclear power plants for space. Since 1967 he has lectured on the topic Flying Saucers Are Real at more than 600 colleges and over 100 professional groups in fifty states, nine Canadian provinces, England, Italy, Germany, Holland, France, Finland, Brazil, Australia, Korea, Mexico, Turkey, Argentina, and Israel. He has published more than 70 papers on UFOs besides his dozens of conventional articles and appeared on hundreds of radio and TV shows. Stanton is the original civilian investigator of the Roswell Incident, who co-authored Crash at Corona and instigated the Unsolved Mysteries Roswell program. In this tape he examines the evidence that supports the Roswell, NM crash of a supposed extraterres-

trial craft. BEYOND UFO SECRECY, with John Greenwald, Jr. In the six short years since he's been actively researching the UFO phenomenon, Mr. Greenwald, now age twenty-one, has uncovered over 100,000 pages of documents on UFOs and other related subjects. Armed with the Freedom of Information Act (FOIA), John has been able to blow the lid off of UFO secrecy and has shown that the U.S. and other governments of the world has had an intense interest in all things extraterrestrial since at least 1947. John's website www.blackvault.com contains an online virtual library of the documents he's collected. John has recently published his first book "Beyond UFO Secrecy," available from your favorite bookseller or John's website. John also has launched an online radio network with new shows coming on the airwaves in the near future. In this presentation, based on his book, he tells the story of how he's accomplished so much, so quickly, with so little, sometimes waiting years for requests to be filled. A verifiable example of how much potential this young man has in the years and decades ahead. **MUFON-225A • UPC 8 82917 02254 8 • 50 min • Audio Tape • \$12.95 +++ MUFON-225C • UPC 8 82917 02252 4 • 50 min • Audio CD • \$14.95 +++ MUFON-225V • UPC 8 82917 02253 1 • 50 min • VHS Video • \$19.95 +++ MUFON-225D • UPC 8 82917 02259 3 • 50 min • DVD Disk • \$19.95**

THE ALIEN INFLUENCE: A PLANETARY PERSPECTIVE PART 1 AND 2 – 2 TAPE SET, with Neil Freer (author of "Breaking the Godspell"). Every so often someone comes along who is not afraid to take a giant leap out of the box of a limited 3rd-dimensional world view. Neil Freer is one of those people. As a researcher, writer lecturer, philosopher and poet, Neil has a broad scope of knowledge on the history of mankind, the problems we now face, and most importantly where we are going in the future. He has taught courses in philosophy and religion, has given private and public lectures, and has appeared on over 150 radio and television programs. In Neil's book, "Breaking the Godspell," he explores the archaeological, astronomical and genetic proof of our being a genetically engineered species. He also reviews the ramifications of this new paradigm of nature that resolves the creationist/evolutionary conflict. In his second book "God Games: What Do You Do Forever," explores how humanity will live when we attain the integrity afforded us by the restoration of our true genetic history. He outlines such subjects as God Games of immortality, 4-dimensional consciousness, life after the Law of Everything and alien contact, as we as new humans matriculate into stellar society. Neil has been a Catholic seminarian, trappist monk, and states he is now a practicing generic human futant. In this presentation he discusses the alien influence, which touches on such things as rewriting the history of the solar system, human genetics, religion, politics and science in terms of human-alien interaction.

He will help us to comprehend ourselves in the present and envision our future evolutionary path as we step out of racial adolescence and matriculate into stellar society. A must see for fans of Zecharia Sitchin. CONNECTION, with David Twichell. The ancient astronaut and Biblical UFO hypotheses are not new. However, no one seems to want to take the matter to the next logical step. If Ezekiel's "wheel within a wheel" and Moses' "pillar of fire and cloud" were forerunners of today's UFOs, then the Star of Bethlehem and the brilliant cloud to which Jesus ascended must be treated in the same vein. When Biblical descriptions of anomalous aerial phenomena are overlaid on that of modern-day UFO reports, the picture seems to meld as one. Once the evidence has been presented, the viewer is led to a conclusion that is at best convincing and at least thought provoking. David E. Twichell makes the connection between what you think you know about the Bible, UFO's, and Jesus' life and times and what you were always told. David E. Twichell is surely to be added to the growing list of luminaries who has bloomed out the once "old staunch mid-west" view of the world. This surprising new view which Twichell embodies is breathing fresh air onto the ever-expanding landscape of inner / outer exploration, enlightenment and personal core knowledge. Mr. Twichell was born in Detroit, Michigan in 1948. He served in the US Army in Germany from 1969 until 1971. Although he worked as a Diemaker for the Ford Motor Co. since the age of eighteen, he has been an avid student of the Bible, the UFO/abduction and psychic phenomena since his own close encounter sighting in 1962. **MUFON-230A • UPC 8 82917 02304 0 • 60 min • Audio Tape • \$12.95 +++ MUFON-230C • UPC 8 82917 02302 6 • 60 min • Audio CD • \$14.95 +++ MUFON-230V • UPC 8 82917 02303 3 • 60 min • VHS Video • \$19.95 +++ MUFON-230D • UPC 8 82917 02309 5 • 60 min • DVD Disk • \$19.95**

U.S. CROP CIRCLES AND INVESTIGATIVE TECHNIQUES, with Jeffrey Wilson. Jeffrey Wilson has been looking at crop circles in the USA since 1996, and has visited well over 100 in the Midwest in the last eight years. He received a Master's Degree in General Science from Eastern Michigan University located in Ypsilanti, Michigan, where he was teaching Physics and Astronomy, and helping run Sherzer Observatory on a volunteer basis. He has also taught Astronomy at Schoolcraft College in Livonia, Michigan. He is a six time certified Skywarn weather spotter for the county where he lives. Wilson wanted to write his Master's thesis on crop circles but couldn't get any academics to sponsor it. Instead he received a grant from NASA to analyze and map geologic reflectivity data from the Lunar Prospector Mission. In this tape Jeff reviews the historical highlights of the phenomenon, including USA crop circles for all of 2002 through July 2003. He also describes the techniques for surveying the formation, collecting samples and other evidence from crop circle sites. He then gives a detailed account on some of the testing techniques used to determine if the crop formations are genuine. **MUFON-232A • UPC 8 82917 02324 8 • 158 min • 2 Audio Tapes • \$28.95 +++ MUFON-232C • UPC 8 82917 02322 4 • 158 min • 2 Audio CDs • \$29.95 +++ MUFON-232V • UPC 8 82917 02323 1 • 158 min • VHS Video • \$29.95 +++ MUFON-232D • UPC 8 82917 02329 3 • 158 min • DVD Disk • \$29.95**

MULTIPLE ANOMALIES WITHIN CROP FORMATIONS, with William C. Levengood. W.C. (Lefty) Levengood has published over 50 peer-reviewed scientific papers in the are of Solid State Physics and Biophysics. Levengood has degrees in Biophysics and Bioscience. He has served as a research physicist at the Institute of Science and Technology at the University of Michigan and has done biophysical research with private-sector companies. For the past 13 years, his research has been focused on energy relationships and plant-soil transformations in worldwide crop formations. He has become renown the world over for his expertise in the research and understanding of crop formations. From detailed studies of over 250 crop formations, over 95% of those display very unusual and highly anomalous, energy-induced transformations. Levengood is currently pursuing various research interests at his laboratory (Pinelandia Biophysical Laboratory) in Grass Lakes, MI. In this presentation he reveals some of the scientific data he has gathered on unusual crop formations. He defines what he has found as being "super-anomalous, energy-induced, transformations in plants and soil." He discusses several well-researched formations from his archive as he gives the scientific evidence of each case in vivid detail with graphs, tables, charts, photos and slides of each location. **MUFON-233A • UPC 8 82917 02334 7 • 50 min • Audio Tape • \$12.95 +++ MUFON-233C • UPC 8 82917 02332 3 • 50 min • Audio CD • \$14.95 +++ MUFON-233V • UPC 8 82917 02333 0 • 50 min • VHS Video • \$19.95 +++ MUFON-233D • UPC 8 82917 02339 2 • 50 min • DVD Disk • \$19.95**

FIELD RESEARCH IN NORWAY AND BRAZIL, with Linda Moulton Howe. There are places on the earth where locals have long

reported seeing mysterious lights, day and night. To name a few there are the Ontario Lake lights in Canada, the Ural lights in Russia, the Victoria lights in Argentina, the Tagish lights in the Yukon, the Yakima lights in Washington, the Marfa lights in Texas and the Hessdalen lights in Norway. In this presentation Linda talks about the recent research she's done in Hessdalen. She also talks about her recent trip, in February 2003, to Corguinho, Brazil, to collect physical evidence related to a strange event that occurred there concerning an apparent otherworldly abduction where the bedsheets and wood in the ceiling above the bed were scorched as though the individual had been transported through it. A strange case in recent UFOlogical circles. An Emmy-award winning investigative journalist and author, now living near Philadelphia, Linda was the creative genius behind the original "Sightings" TV Series. For several years she has provided millions of listeners with a weekly UFO update and summary at the beginning of the "Dreamland" radio show and has done numerous guest appearances on Art Bell's "Coast to Coast" late-night show. One of the most serious and respected investigators of the paranormal, her interests include alien abductions, animal mutilations, crop circles and ET contacts. She is a graduate of Stanford University with a Masters Degree in Communication. She has devoted her documentary film, television and radio career to productions concerning science, medicine and the environment. Ms. Howe has received local, national and international awards, including three regional Emmys and a national Emmy nomination. Those films have included "Poison in the Wind" and "A Sun Kissed Poison" which compared smog pollution in Los Angeles and Denver; "Fire In The Water" about hydrogen as an alternative energy source to fossil fuels; "A Radioactive Water" about uranium contamination of public drinking water in a Denver suburb; and "A Strange Harvest" which explored the worldwide animal mutilation mystery that has haunted the United States and other countries since the late 1950s and continues to date. In this presentation she discusses the recent discovery of a sunken city off the coast of Cuba.

BIG MEDIA AND LITTLE GREEN MEN, with John Nowinski. John Nowinski is the director of the Smoking Gun Research Agency. UFO investigators often ridicule the mainstream media for not being more involved in the UFO continuum, however, that is not the case. In fact, within the last decade mainstream media outlets have become more open than ever to the notion that UFOs may exist. From the famous headline in the Roswell Daily Record to the 1997 of a UFO sighting in Arizona to the recent UFO intrusions over Washington, D.C., the media has shown that it is not only involved but also interested. In this presentation John will examine the points that prove the media's interest, past, present and future in the subject. At only 22 years old, Jon Nowinski holds a Ph.D. in Parapsychology; a newly emerging subject combining hard science and psychol-

ogy with the investigation of the strange and unexplained. He also hits at the helm of the Smoking Gun Research Agency, one of the largest paranormal investigation organizations in the country, which he founded in 1997, at age 16. Mr. Nowinski is a published journalist with articles appearing in many magazines and newspapers. He has worked closely with individuals from major networks including CNN, NBC and Fox News. This has given Mr. Nowinski access to many people to discuss the issue of paranormal phenomena and the media, something in which he holds a vest interest. **MUFON-235A • UPC 8 82917 02354 5 • 50 min • Audio Tape • \$12.95 +++ MUFON-235C • UPC 8 82917 02352 1 • 50 min • Audio CD • \$14.95 +++ MUFON-235V • UPC 8 82917 02353 8 • 50 min • VHS Video • \$19.95 +++ MUFON-235D • UPC 8 82917 02359 0 • 50 min • DVD Disk • \$19.95**

AN OVERVIEW OF ELECTROMAGNETIC RADIATION, with Tedd St. Rain. Tedd St. Rain is a 15-year researcher of Government Conspiracies, Mind Control, Black Operations, Ancient Religions, American Mysteries, and UFO Sightings. He has given many lectures on American Mysteries and Mind Control. This presentation covers the electromagnetic spectrum and its uses in every day life. St. Rain also discusses the effects of the electromagnetics on living beings, and its use in mind control and behavior modification. Topics include the mind wars, Jose

Delgado and his experiments, the military and mind control, entrainment, and much more. Tédd St. Rain, author, lecturer, and videographer, he has traveled the world extensively investigating the world's ancient mysteries and enigmas, actively researching the mysterious, the metaphysical and the mythical. Born in Long Beach, California, Tédd is the owner of Lost Arts Media that publishes, markets and distributes fascinating and educational books, videos and multimedia products to help inform, enlighten and inspire humanity. **CA-451A • UPC 8 82917 04514 1 • 104 min • Audio Tape • \$14.95 +++ CA-451C • UPC 8 82917 04512 7 • 104 min • Audio CD • \$16.95 +++ CA-451V • UPC 8 82917 04513 4 • 104 min • VHS Video • \$24.95 +++ CA-451D • UPC 8 82917 04519 6 • 104 min • DVD Disk • \$24.95**

GOVERNMENT DIRECTED ENERGY MIND CONTROL EXPERIMENTATION: PART 1, with Rod Orr. Rod is a researcher of U.S. Government mind control programs. He has participated in rallies, conferences and lectures to expose the government harassment with bio-electronic directed energy weapons such as low frequency electromagnetic weapons. Rod Orr will reveal secrets about the Government's Covert Mind Control Program and the History of Human Experimentation. Rod is an associate member of C.A.H.R.A. working to expose and stop involuntary psycho-electronic experimentation on humans. The purpose of the lecture is about educating the public about this ongoing research into the subject of controlling the populace with electronic weapons, devices, radiations. What are the implications this will have on all of our lives in the future? This lecture is to answer the question: "What are Electronic Mind Weapons all about?" This 50 year -old issue goes by a number of names, such as Neuro-Electromagnetic Weapons, MKULTRA, Electronic Mind Control, Psychological Warfare Research, In home/in-community psy-war experimentation. This largely classified human rights issue got its start in the 1950s as a response to cold war fears. The CIA responded with MKULTRA. These experiments dealt with the use of drugs, hypnosis, forced institutionalization, forced mental illness and finally the most secret area of research, electronic mind weapons. A large share of MKULTRA research was exposed by U. S. Senate in the late 1970s. But electronic mind weapons were not part of the research exposed in those hearings. In addition, MKULTRA the name, and institutional torture ceased, but activity with the goal of controlling the human mind and behavior kept rolling right along, better hidden by the now sophisticated electronics. Some of the electronic mind weapon technology is now unclassified or exists in commercial form. This includes devices which can silently hypnotize, cause pain and disorientation, and radar based telemetry which can see through walls (NOT thermal imaging.) Mind control devices may soon become standard for industry and government. Please join Rod as he describes the actual experiences that citizens have been subjected to and what may be happening behind the scenes in other countries as well. As technology advances almost anyone may be subjected to these mind control technologies. **CA-452A • UPC 8 82917 04524 0 • 50 min • Audio Tape • \$12.95 +++ CA-452C • UPC 8 82917 04522 6 • 50 min • Audio CD • \$14.95 +++ CA-452V • UPC 8 82917 04523 3 • 50 min • VHS Video • \$19.95 +++ CA-452D • UPC 8 82917**

GOVERNMENT HARRASSMENT AND THE PARAMORNAL, with Albert Taylor. As a 20-year Aeronautical engineer, Albert Taylor worked on the Stealth bomber and the NASA space station. His book "Soul Traveler" is about paranormal events in his life including his experiences in remote viewing. He left behind nearly two decades of work as an aeronautical engineer/scientist to become a metaphysical researcher, teacher, lecturer and artist. Taylor describes his Out-of-Body (OBEs) with great insight and humor. Taylor reveals how these paranormal events have impacted his personal growth and relationships. Born and raised in Southern California, at seventeen, he elected to serve his country by enlisting into the United States Air Force. During his tour of duty in the USAF, he continued his education by attending nearby colleges and universities. His aerospace career continued as he performed development engineering on a top-secret program which has since become known as the F-117A Stealth Fighter. He was also involved in NASA's International Space Station program. After a myriad of paranormal events, and as a result of a spiritual awakening, Taylor left behind nearly two decades of work as an aeronautical engineer/scientist, to author and publish his book, Soul Traveler. With his characteristic wit, he reveals how paranormal events have impacted his personal growth and explain step-by-step how you can also have an OBE. **CA-454A • UPC 8 82917 04544 8 • 63 min • Audio Tape • \$12.95 +++ CA-454C • UPC 8 82917 04542 4 • 63 min • Audio CD • \$14.95 +++ CA-454V • UPC 8 82917 04543 1 • 63 min • VHS Video • \$19.95 +++ CA-454D • UPC 8 82917 04549 3 • 63 min • DVD Disk • \$19.95**

MIND CONTROL: PARANOID DELUSIONS OR FRIGHTENING REALITY? with the Late Dr. Eldon Byrd.

Eldon Byrd had a BS in Electrical Engineering from Purdue and MS Medical Engineering from the George Washington University. Several of his work assignments were on Navy and Marine projects as TRIDENT, POLARIS ICBM, SALT I, Chief of Engineer of the World Dolphin Research Foundation, US Marine Corps Electromagnetic Non-lethal Weapons Development Project, Cryogenics Engineer, Project Manager of the Navy Metal Matrix Composites Program. He was a retired Naval officer. President of three corporations. Mentioned in the American Men of Science.

Eldon Byrd who worked for Naval Surface Weapons, Office of Non-Lethal Weapons, was commissioned in 1981 to develop electromagnetic devices for purposes including "riot control," clandestine operations and hostage removal. In the context of a controversy over reproductive hazards to Video Display Terminal (VDT) operators, he wrote of alterations in brain function of animals exposed to low intensity fields. Offspring of exposed animals "exhibited a drastic degradation of intelligence later in life ... couldn't learn easy tasks ... indicating a very definite and irreversible damage to the central nervous system of the fetus." With VDT operators exposed to weak fields, there have been clusters of miscarriages and birth defects (With evidence of central nervous system damage to the fetus). Byrd also wrote of experiments where behavior of animals was controlled by exposure to weak electromagnetic fields. "At a certain frequency and power intensity, they could make the animal purr, lay down and roll over." From 1980 to 1983, Eldon Byrd ran the Marine Corps Nonlethal Electromagnetic Weapons project. He concluded the following: "By using very low frequency electromagnetic radiation-the waves way below radio frequencies on the electromagnetic spectrum-he found he could induce the brain to release behavior-regulating chemicals. "We could put animals into a stupor," he says, by hitting them with these frequencies. "we got chick brains-in vitro-to dump 80 percent of the natural opioids in their brains," Byrd says. He even ran a small project that used magnetic fields to cause certain brain cells in rats to release histamine. In humans, this would cause instant flu-like symptoms and produce nausea." FUTURE WAR: NON-LETHAL WEAPONS IN TWENTY-FIRST CENTURY WARFARE, with Col. John Alexander. John is a retired colonel from the U.S. Army. He was commander of Special Forces in Vietnam and the U.S. Army's lab command. He has joined Los Alamos National Lab where he was instrumental in developing the concept of non-lethal defense. He has written many articles for defense journals and other publications. He has been on many radio shows and television shows. Dr. John Alexander has been a leading advocate for the development of non-lethal weapons since he created renewed interest in the field starting in 1989. An original thinker, he has developed other unique concepts for conflict that must remain undisclosed at this time. He entered the US Army as a private in 1956 and rose through the ranks to sergeant first class, attended OCS, and was a colonel of Infantry in 1988 when he retired. During his varied career, he held many key positions in special operations, intelligence, and research and development. From 1966 through early 1969 he commanded Special Forces "A" Teams in Vietnam and Thailand. His last military assignment was as Director, Advanced Systems Concepts Office, US Army Laboratory Command. After retiring from the Army, Dr. Alexander joined Los Alamos National Laboratory where he was instrumental in developing the concept of Non-Lethal Defense. As a program manager, he conducted non-lethal warfare briefings at the highest levels of government including the White House Staff, National Security Council, Members of Congress, Director of Central Intelligence, and senior Defense officials. He

also met with heads of industry, and presented at academic institutions, including Columbia, Harvard and MIT. Dr. Alexander organized and chaired the first five major conferences on non-lethal warfare and served as a US delegate to four NATO studies on the topic. As a member of the Council on Foreign Relations non-lethal warfare study, he was instrumental in influencing the report that is credited with causing the Department of Defense to create a formal Non-Lethal Weapons Policy in July 1996. For several years, he has been a distinguished guest lecturer at the US Air Force Air University and participated in key war games when non-lethal weapons were first being considered. Dr. Alexander wrote the seminal articles on current non-lethal warfare. OPERATION MIND CONTROL: THE PLAN TO PSYCHOCIVILIZE SOCIETY, with Walter Bewart. The Author of the long out-of-print "Operation Mind Control" speaks at the Controlled America conference. This is the most terrifying true story ever to emerge from the United States. Walter Bewart has uncovered a huge government 'cryptocracy' dedicated to controlling and manipulating human minds. Through hypnosis and drugs, ordinary citizens became CIA 'zombies': human computers, spies, trained assassins, with no control over or consciousness of their actions. Only unexplained memory gaps, or a separate personality which emerged on a trigger cue, showed the victim that something was amiss. Bewart's devastating account includes top secret documents cold-bloodedly outlining the cryptocracy's program, and startling new evidence to link Lee Harvey Oswald, James Earl Ray and Sirhan Sirhan with Operation Mind Control. The "Manchurian Candidate" is back. ANGELS DON'T PLAY THIS HAARP, with Nick Begich. Best selling author and lecturer Dr. Nick Begich presents an overview of the HAARP (High Frequency Active Auroral Research Program) transmitter and antenna in Alaska. His countless years of research help to provide a glimpse of new technological achievements that can help better the environment and reshape mankind in the future. Pulling from an array of extensive documentation from government, academic and media sources, Begich is able explain the big picture in terms that anyone can understand. His latest book "Earth Rising - The Revolution: Toward a Thousand Years of Peace" was co-authored with James Roderick in December 1999. He is also the editor of "Earthpulse Flashpoints," a continuing new-science book series. Since Begich and Manning exposed the HAARP project a great deal has happened to change the face of society and our future. This lecture explores several new technology areas as well as their implications for personal privacy, security and the state of democracy in the beginning of the 21st century. In the early 1970s in the weeks before Watergate this story begins with the mysterious disappearance an airplane carrying the United States House Majority Leader Hale Boggs and Alaska Congressman Nick Begich. Decades later, documents surface that implicate the government. Their fight against a corrupt FBI, a morally bankrupt Executive Branch and fight for an open government, fully accountable to the people, may have contributed to their demise. That decades old event became the springboard to the exposure of technologies contained in this lecture. VICTIMS OF THE NEW CONTROLLED AMERICA: AN OVERVIEW, with Mary Ann Stratton, Roger Tolces and Daniel Nye. Mary Ann is the founder of the Controlled America lectures series that were formed to educate the public about the Government's Directed Energy Program. Through such activities as rallies, lectures, videos, and books they expose the human rights abuses/torture involving the U.S. Government, military, C.I.A., F.B.I. and Independent Contractors and their use of bio-electronic weapons (such as extremely low frequency electromagnetic weapons which has been known as a mind control device). In this presentation Mary Ann, along with Roger Tolces (www.bugsweeps.com), Roger Tolces and Daniel Nye (www.tachyon.com) discuss their research on electromagnetic detection and harassment. THE ROYAL R. RIFE REPORT, NEW MICROSCOPES, CORRESPONDENCE, PHOTOS, AND VACCINATION AS AN ILLUSION. COLLOIDAL SILVER, ELECTRO MEDICINE, BOB BECK'S RESEARCH, AND MORE. The Royal Raymond Rife was best known for the invention of a microscope in the 1930s that could detect very small bacteria and even viruses. Once he was able to see the pathogen in question he started experimenting with electromagnetic frequency bombardment and developed data on which pathogens were affected, and killed, by which frequencies. At first he had the backing of medical science and the FDA, but when the technology was shown to be effective at very little cost to the patient the powers-that-be shut his research down, the laboratory mysterious burned down, and he ended up dying in a federal prison as a result. A must read for people not familiar with his work. Also includes the history of colloidal silver, blue bloods, the plague, banishing disease, building your own colloidal silver generator, Bob Beck's research, biological warfare and more. THE JFK-TIPPIT CONNECTION AND THE TWO OSWALDS. Lee Harvey Oswald was arrested in a Texas theater for the murder of police officer J. D. Tippit on November 22, 1963. THE NEW WORLD ORDER, THE NEW AMERICA THE NEW WORLD, AND THE ANNALS OF BOHEMIAN GROVE. Few people are aware that in the 1930s the famous author H.G. Wells wrote a book called The New World Order. While considered tame compared to today's standards of what comprises the new world, his views on the "new revolution" and "class warfare" have become the standards we have come to live by. H.G. Wells had previously written another book called The New America, The New World in which he details his vision for where America is positioned in the forecast of our future. This volume concludes with an excerpt from "The Annals of the Bohemian Club: Volume VI, 1973-1987." Don't ask, don't tell. For those with an interest in such things, these 38 pages are dynamite. For those of you not in the "know," Bohemian Grove is an exclusive resort on a stand of ancient redwoods in California that hosts special events for the global elite and a two-week long conference in July where world leaders watch and sometimes take part in theatrical acts and plays some of which involve worshipping an owl deity, mock human sacrifices, cremation rituals, and other unusual activities.
